Section 156. Section 89-906, R.C.M. 1947, is amended to read as follows:

**"89-906. Definitions.** *Unless the context requires otherwise, in this act:*

The installation of a weir or other measuring device is subject to the approval of the *department*, and if in its judgment such weir or other measuring device, or the installation of the same, is defective so that the water cannot be accurately measured, it may order the installation of an accurate measuring device and the claimant shall not divert any water until he complies with such order."

"89-1201. **Creation of irrigation districts — percentage of titleholders required — what constitutes evidence of title — report of department of natural resources and conservation — payment of expenses.** (1) Sixty per centum in number of the holders of title or evidence of title to lands sought to be included in an irrigation district and which are susceptible of irrigation, such holders of title or evidence of title also representing sixty per centum of the acreage of said lands, may propose the establishment and organization of an irrigation district under the provisions of this act; provided, however, that when any of such land sought to be included in such irrigation district is covered by mort-

gage or other lien then the owner or owners of such land shall first procure the written consent of the holder of such mortgage or other lien before proposing the establishment and organization of such irrigation district. Irrigation districts may be formed in order to *cooperate* with the United States under the federal reclamation laws heretofore or hereafter enacted, or under any act of Congress which shall permit of the performance by the United States of work in this state, for the purposes of construction of irrigation works, including drainage works, or for purchase, extension, operation, or maintenance of constructed works, or for the assumption, as principal or guarantor, of indebtedness to the United States on account of district lands. When so organized, such district shall have the powers conferred or that may hereafter be conferred, by law upon such irrigation district, provided, however, that *in* all irrigation districts organized in connection with United States reclamation projects a majority of the holders of title or evidence of title to lands sought to be included in such irrigation district under the provisions of the act, may propose the establishment and organization of such district.

(2) The certificate of the county clerk and recorder, or the certificate of the *department of state lands*, shall be sufficient evidence of title for the purpose of this act. Where lands have been purchased from the state and part or all of the purchase money has been paid, but the patents or deeds from the state to such lands have not been issued, the receipt or receipts held by the purchasers, or the certificate of the *department of state lands* showing the payments on account of purchase, shall be evidence of title to such lands under this act.

(3) Before any such district shall be established, there shall be presented to the district court at the hearing on the petition for such establishment, a written report or opinion from the *department of natural resources and conservation* on the engineering features involved and the possibilities of water supplies accompanied by a copy of the decree of the district court showing the adjudicated water rights in said streams from which said waters are to be diverted. For this purpose, a copy of the petition provided for in section 89-1202 and of all maps and other papers filed with the same, shall be filed with the *department* at the time the original petition is filed with the clerk of the district court. The expense, if any, incurred by the *department* in the investigation and report upon the proposed district shall be certified, with the report, and that *the department* shall, within a period of one hundred twenty days from the filing of said petition with the *department*, render its report, as herein provided, to the said district court, and shall be assessed as costs in said hearing, which costs shall be paid by the district in event of its establishment and in event such petition be denied, then such costs shall be paid by the petitioners; provided, however, that such report or opinion shall be not requested or obtained, and shall not be necessary, whenever it is proposed to *cooperate* with the United States under the federal reclamation laws heretofore or hereafter enacted, or under any act of Congress which shall permit of the performance by the United States of work in this state, for the purposes of construction of irrigation works, including drainage works, or for purchase, extension, operation or maintenance of constructed works, or for the assumption, as principal or guarantor, of indebtedness to the United States on account of district laws."

Section 165. Section 89-1215, R.C.M. 1947, is amended to read as follows:

It is hereby made the duty of the *department of intergovernmental relations* to prescribe such forms for the use of the board of control, and to examine the same as provided by law for the examination of the affairs of county offices."

Section 166. Section 89-1905, R.C.M. 1947, is amended to read as follows:

"89-1905. **Conveyance of property of irrigation districts to department of natural resources and conservation.** *In addition to all other powers heretofore granted any irrigation district, existing under the laws of Montana, for the purpose of securing financial aid in any form from the department of natural resources and conservation, an irrigation district may convey, assign, transfer and set over to the department all or any part of its property, including all water rights, rights of way, and easements for reservoirs, reservoir sites, canals, ditches, laterals, and head gates, as may be required by the department as a condition to furnishing such financial aid or assistance.*"

Section 167. Section 89-2911, R.C.M. 1947, is amended to read as follows:

"89-2911. **Definitions.** Unless the context requires otherwise, in this chapter:

(a) "Ground water" means any fresh water beneath the land surface or beneath the bed of a stream, lake, reservoir or other body of surface water, and which is not a part of that surface water. Fresh water shall be deemed to be water fit for domestic, livestock or agricultural use. The *department*, after notice and hearing, may fix definite standards for determining fresh water in any controlled ground water area or subarea of the state.

(b) "Aquifer" means any underground geological structure or formation which is capable of yielding water or is capable of recharge.

(c) "Well" means any artificial opening or excavation in the ground, however made, by which ground water can be obtained or through which it flows under natural pressures or is artificially withdrawn.

(d) "Beneficial use" means a use of water for the benefit of the appropriator, other persons or the public, including, but not limited to, agricultural (including stock water), domestic, fish and wildlife, industrial, irrigation, mining, municipal, power, and recreational uses.

(e) "Person" means an individual, association, partnership, corpora-

tion, state agency, political subdivision, and the United States or any agency thereof.

(f) "*Department*" means the department of natural resources and conservation provided for in Title 82A, chapter 15.

(g) "Ground water area" means an area which, as nearly as known facts permit, may be designated so as to inclose a single and distinct body of ground water, which shall be described horizontally by surface description in all cases and which may be limited vertically by describing known geological formations should conditions dictate this to be desirable. For purposes of administration, large ground water areas may be divided into convenient administrative units "known as subareas."

(h) "Board" means the board of natural resources and conservation provided for in section 82A-1509.

Section 168. Section 89-2914, R.C.M. 1947, is amended to read as follows:

**"89-2914. Designation or modification of controlled ground water areas — notice of hearings.** Designation or modification of an area of controlled ground water use may be proposed to the board by the *department* on its own motion or by petition signed by at least twenty (20) or one-fourth ( $\frac{1}{4}$ ) (whichever is the lesser number) of the users of ground water in a ground water area wherein there is alleged to be factual data showing: (1) that ground water withdrawals are in excess of recharge to the aquifer or aquifers within such ground water area; (2) that excessive ground water withdrawals are very likely to occur in the near future because of consistent and significant increases in withdrawals from within the ground water area; or (3) that significant disputes regarding priority of rights, amounts of ground water in use by appropriators, or priority of type of use are in progress within the ground water area.

When such a proposal is thus made, the *department* shall fix a time and place for a hearing, which time shall not be less than thirty (30) days from the making of the proposal. The *department*, or the petitioners (as the case may be) shall publish a notice of the hearing setting forth therein

- (1) the names of the petitioners;
- (2) the description by legal subdivisions of all lands included in the ground water area or subarea;
- (3) the purpose of the hearings and
- (4) the time and place of the hearing where any interested person may appear, either in person or by attorney, file written objections to the granting of the proposal and be fully heard. Such notice of hearing shall be published at least once in each week for three successive weeks before the date of the hearing in a newspaper of general circulation in the county or counties in which the said ground water area or subarea is located. The *department* or the petitioners (as the case may be) shall also cause a copy of the notice together with a copy of the petition to be served by mail, not less than twenty (20) days before the hearing on all persons, other than the petitioners, who have theretofore filed a declaration of a

claim or notice of appropriation to withdraw ground water from the particular ground water area or subarea involved in the proceedings. A copy of the notice together with a copy of the proposal shall be mailed to each person at his last known address and such service shall be complete upon depositing it in the post office, postage prepaid, addressed to each person on whom it is to be served. Publication and mailing of such notice, as prescribed herein, when completed shall be deemed to be sufficient notice of such hearing to all interested persons."

Section 169. Section 89-2915, R.C.M. 1947, is amended to read as follows:

**"89-2915. Limiting withdrawals — hearing and order.** (1) At the time set for the hearing the board, if it is satisfied that the notice of hearing has been duly published and mailed as required by section 89-2914, shall proceed to hear evidence and may consider information which the *department* has duly obtained under this act, and after the conclusion of the hearing shall make written findings and an order. If the board finds on the basis of the hearing and other information obtained by the *department* that the withdrawal of ground water in such area or subarea exceeds the safe annual yield of ground water as measured by the recharge of the area or subarea, it shall order the aggregate withdrawal of ground water from such area or subarea decreased so that it shall not exceed such annual yield. Except for domestic use, such decrease shall conform to the priority of the pertinent rights and shall prevail for the term of shortage in the available supply. The *department* may enforce the order; require persons to cease such excessive withdrawals in reverse order of their priority of rights; and bring an action for an injunction in a district court of a district in which all or part of the area affected is located, in addition to all other remedies.

(2) The order of the board shall be published and mailed by the *department* in the manner and for the length of time as prescribed by section 89-2914 for the publication and mailing of the notice of hearing except that a copy of the written findings of the board shall be mailed instead of a copy of the proposal, and except further, that a copy of the order together with a copy of the written findings shall be mailed to each petitioner at his last known address. Upon publication and mailing of such order, as prescribed herein, the order shall be final and conclusive unless an appeal therefrom is taken.

(3) Once a petition has been filed and an order has been made limiting the withdrawal of ground water from a particular ground water area or subarea, as provided in this section, the board *may* after notice and hearing as heretofore provided in this section, modify or revoke its order upon a showing by any interested party and a finding by the board that conditions have materially changed since the prior order. While a matter is pending before the board, the *department* may restrict further development of the subarea."

Section 170. Section 89-2916, R.C.M. 1947, is amended to read as follows:

**"89-2916. Administrative finding of priorities.** (1) Any person

claiming a right to withdraw ground water (whether or not from a controlled area) or the *department* at its discretion, may initiate a hearing by the *department* for the ascertainment of all existing rights to the use of the ground water in the ground area or subarea involved. The *department* shall produce at the hearing a map showing and describing all the lands included in the ground water area or subarea, and copies of all data upon which any prior designation or modification order was based. The waiving or assignment of rights by mutual agreement for either temporary or extended periods, shall not modify or cancel the relative priorities of the rights.

(2) Within any designated or modified controlled ground water area or subarea wherein oil and/or gas wells produce either fresh, brackish, or saline water associated with oil and gas, the volume of production of which is dependent entirely on the oil and/or gas withdrawals, such production of water shall be under the prior jurisdiction of the *board of oil and gas conservation*. Hearings pertaining to the production, use, or disposal of water from *those* wells shall be held by *that board* in accordance with the procedures established by that *board*. The *department* may petition the *board of oil and gas conservation* for hearings in regard to *those* operations and it shall be notified by the *board of oil and gas conservation* of *those* hearings instigated by other parties, when *those* hearings involve operations within a controlled ground water area or subarea.

(3) Hereafter, in a hearing for the ascertainment and finding of priorities, involving rights to the use of ground waters, all appropriators of ground water or of surface water in the particular controlled area, or subarea shall be included as parties and notified in the manner provided in section 89-2914."

Section 171. Section 89-2917, R.C.M. 1947, is amended to read as follows:

"89-2917. **Scope of administrative hearing.** (1) In a hearing for the ascertainment and finding of priorities to the use of ground water, the *department* in its finding and order shall confirm, modify, alter or amend any prior order designating and modifying the boundaries of the ground water area or subarea involved, as the evidence justifies, shall determine the priority of rights and the quantity of ground water to which each appropriator, who is a party to the proceedings, is entitled in the particular ground water area or subarea, and shall find and determine any other matter necessary to the ascertainment of priorities of such existing rights to ground water. It may also determine the level below which the ground water may not be drawn by appropriators. The *department* shall act in administering and enforcing the order, as provided in section 89-2915.

(2) A copy of the order shall be recorded in the office of the clerk and recorder of each county in which the particular ground water area or subarea is located. If the order is not appealed, the order of the *department* shall be final and conclusive when it is published and mailed as provided for orders issued under section 89-2915."

Section 172. Section 89-2918, R.C.M. 1947, is amended to read as follows:

"89-2918. **Permit required to appropriate in controlled area.** A person may appropriate ground water in a controlled area only by applying for and receiving a permit from the *department* in accordance with the Montana Water Use Act. The *department* may not grant a permit if the withdrawal would be beyond the capacity of the aquifer or aquifers in the ground water area to yield ground water within a reasonable or feasible pumping lift (in the case of pumping developments) or within a reasonable or feasible reduction of pressure (in the case of artesian developments)."

Section 173. Section 89-2926, R.C.M. 1947, is amended to read as follows:

"89-2926. **Waste and contamination of ground water prohibited — exception — duties of department.** No ground waters shall be wasted without beneficial use. The *department* shall require all wells producing waters which contaminate other waters to be plugged or capped. It shall also require all flowing wells to be so capped or equipped with valves that the flow of water can be stopped when the water is not being put to beneficial use. Likewise, both flowing and nonflowing wells shall be so constructed and maintained as to prevent the waste, contamination or pollution of ground waters through leaky casings, pipes, fittings, valves, or pumps either above or below the land surface, provided however, in the following cases the withdrawal or use of ground water shall not be construed as waste under this act:

(1) the withdrawal of reasonable quantities of ground water in connection with the construction, development, testing, or repair of a well or other means of withdrawal of ground waters;

(2) the inadvertent loss of ground water owing to breakage of a pump, valve, pipe, or fitting, if reasonable diligence is shown by the person in effecting the necessary repair;

(3) the disposal of ground water without further beneficial use that must be withdrawn for the sole purpose of improving or preserving the utility of land by draining the same, or that removed from a mine to permit mining operations or to preserve the mine in good condition;

(4) the disposal of ground water used in connection with production, for reduction, smelting and milling metallic ores and industrial minerals, or that displaced from an aquifer by the storage of other mineral resources.

The *department* at any time may hold a hearing on *its* own motion, or upon petition signed by a representative body of users of ground water in any area or subarea, to determine whether the water supply within such area or subarea is used in compliance with this act."

Section 174. Section 89-2927, R.C.M. 1947, is amended to read as follows:

"89-2927. **Inspection — entry on premises.** The *department*, the state bureau of mines and geology, or the *department of health and environmental sciences*, may enter on the property of any appropriator, where a well is situated, at any reasonable hour of the day, for the purpose of investigating any matters in connection with this act."

Section 175. Section 89-2928.1, R.C.M. 1947, is amended to read as follows:

"89-2928.1. **Weil logs.** Within sixty (60) days after any well is completed, the driller shall file with the *department* a well log report on a form provided by the *department* at its offices and at the offices of the county clerks and recorders. The *department* may return the report for refileing if it is incomplete or incorrect. The *department* shall provide a copy of the complete and correct well log to the Montana bureau of mines and geology."

Section 176. Section 89-2930, R.C.M. 1947, is amended to read as follows:

"89-2930. **Duty of county attorneys and attorney general.** The county attorneys and the attorney general of the state shall perform such legal services and bring such legal proceedings in carrying out the purpose of this act within their respective counties as the *department* shall request."

Section 177. Section 89-2931, R.C.M. 1947, is amended to read as follows:

"89-2931. **Rules.** The *board* may prescribe and the *department* shall enforce reasonable rules concerning and providing for inspection and entry for that purpose by the *department*; the circumstances under which the construction of weirs or other measuring devices may be required; and such other similar matters as are required by, and consistent with the administration of this act."

Section 178. Section 89-2932, R.C.M. 1947, is amended to read as follows:

"89-2932. **Ground water supervisors — duties.** The *department* may appoint one or more ground water supervisors for each designated controlled area, and may appoint one or more ground water supervisors at large. Within their respective jurisdictions and under the direction of the *department*, the ground water supervisors and supervisors at large shall supervise the withdrawal of ground water and the carrying out of orders issued by the *department*."

Section 179. Section 89-2933, R.C.M. 1947, is amended to read as follows:

"89-2933. **Investigations.** (1) *The department shall* compile information for the purpose of enabling *it* to comply with this act. In compiling *this* information, the *department shall* make use of investigations, technical personnel, surveys, and information available from the Montana bureau of mines and geology, the United States geological survey, the *board of oil and gas conservation*, the *department of health and environmental sciences*, and any other private, state, or governmental agency.

(2) In addition to the foregoing, the *department* may request specific investigations by the preceding public agencies where desired information is not otherwise available."

Section 180. Section 89-2934, R.C.M. 1947, is amended to read as follows:

"89-2934. **Power to administer oaths and subpoena witnesses.** The *department* may administer oaths and issue subpoenas for the attendance of witnesses, in any investigation, hearing or proceeding held by it."

Copies of the same documents shall be filed in the office of the secretary of state in the same manner as articles of incorporation are required to be filed under the laws governing corporations. **"89-3438. Petition for merger of districts — hearing and notice — merger into new district — inclusion in another district — majority of electors may kill merger by petition — existing obligations.**

(1) In case two (2) or more districts have been organized in a territory which, in the opinion of the directors of each of the districts, should constitute but one (1) district, the directors of the districts may petition the court for an order merging the districts into a single district. The petition shall be filed in the office of the clerk of the district court in and for that county which has the largest portion of taxable valuation of property within the districts sought to be included, as shown by the tax rolls of the respective counties. The petition shall set forth facts showing that the purposes of this act would be served by the merging of the districts, and that the merger would promote the economical execution of the purposes for which the districts were organized. A copy of the petition shall be filed with the *department*.

(2) Upon the filing of the petition, the court shall by order fix a time and place of hearing; and the clerk shall give notice as specified in section 89-3403 as well as by mail to the directors of the districts which would be merged. The notice shall contain the purpose, time, and the place of the hearing.

(3) Upon the hearing, should the court find that the averments of the petition are true and that the districts, or any of them, could feasibly and profitably be merged, it shall order that the merger take place and the districts shall be merged into one (1) district and proceed as such. The court shall designate the corporate name of the district, and further proceedings shall be taken as provided for in this act. The court shall by order appoint the directors of the district, who shall thereafter have powers and be subject to rules as are provided for directors in districts created in the first instance.

(4) Instead of organizing a new district from the constituent districts, the court may, in its discretion, direct that one (1) or more of the districts described in the petition be included in another of the districts, which other shall continue under its original corporate name and organization; or the court may direct that the district or districts so absorbed shall be represented on the directors of the original districts, designating what members of the directors of the original district shall be retired from the new board, and what members representing the included district or districts shall take their places.

(5) If the court receives a petition opposing the merger, signed by a majority of the electors of any of the concerned districts, the court shall not grant the order and shall dismiss the petition.

(6) Upon merger or inclusion, existing obligations shall remain exclusively with those who bore them prior to the merger or inclusion, except with the written consent, given prior to the merger or inclusion, of those who did not bear the obligations."

Section 193. Section 89-3449, R.C.M. 1947, is amended to read as follows:

"89-3449. **Other agencies not affected.** The provisions of this act shall not be construed to, in any manner, abrogate or limit the rights, powers, duties and functions of the *department*, conservation *commission*, conservation districts, *department* of health and *environmental sciences*, or the fish and game commission; but shall be held to be supplementary thereto and in aid thereof."

Section 194. Section 89-3502, R.C.M. 1947, is amended to read as follows:

"89-3502. **Policy and purposes.** (1) The policy and purposes of this act are to guide development of the floodway areas of this state consistent with the enumerated findings; to recognize the right and need of watercourses to periodically carry more than the normal flow of water; to provide state *coordination* and technical assistance to local units in management of floodway areas; to *coordinate* federal, state and local management activities for floodway areas; to encourage local governmental units to manage flood-prone lands including the adoption, enforcement and administration of land-use regulations; and to provide the *department of natural resources and conservation* with authority necessary to carry out a comprehensive floodway management program for the state.

(2) Specifically, it is the purpose of this act to:

(a) restrict or prohibit uses which are dangerous to health, safety of property in times of flood or cause increased flood heights or velocities;

(b) require that uses vulnerable to floods, including public facilities which serve such uses, be provided with flood protection at the time of initial construction;

(c) develop and provide information to identify lands which are unsuited for certain development purposes because of flood hazard."

Section 195. Section 89-3503, R.C.M. 1947, is amended to read as follows:

"89-3503. **Definitions.** As used in this *chapter*, unless the context otherwise requires:

(1) "A flood of one hundred year (100) frequency" means a flood magnitude expected to recur on the average of once every one hundred (100) years, or a flood magnitude which has a one per cent (1%) chance of occurring in any given year;

(2) "Artificial obstruction" means any obstruction which is not a natural obstruction;

(3) "Channel" means the geographical area within either the natural or artificial banks of a watercourse or drainway;

(4) "Board" means the board of natural resources and conservation provided for in section 82A-1509;

(5) "Department" means the department of natural resources and conservation provided for in Title 82A, chapter 15;

(7) "Drainway" means any depression two (2) feet or more below the surrounding land serving to give direction to a current of water less than nine (9) months of the year, having a bed and well-defined banks; provided, that in the event of doubt as to whether a depression is a watercourse or drainway, it shall be presumed to be a watercourse;

(8) "Flood" means the water of any watercourse or drainway which is above the bank or outside the channel and banks of such watercourse or drainway;

(9) "Floodway" means the channel of a watercourse or drainway and those portions of the floodplain adjoining the channel which are reasonably required to carry and discharge the flood water of any watercourse or drainway;

(10) "Floodway-encroachment lines" mean the lines limiting a designated floodway;

(11) "Floodplain" means the area adjoining the watercourse or drainway which has been or may hereafter be covered by flood water;

(12) "Establish" means construct, place, insert, or excavate;

(13) "Natural obstruction" means any rock, tree, gravel, or analogous natural matter that is an obstruction and has been located within the floodway by a nonhuman cause;

(14) "Obstruction" means any dam, wall, riprap, embankment, levee, dike, pile, abutment, projection, revetment, excavation, channel rectification, bridge, conduit, culvert, building, refuse, automobile body, fill, or other analogous structure or matter in, along, across, or projecting into any floodway which may impede, retard or change the direction of the flow of water, either in itself or by catching or collecting debris carried by the water, or that is placed where the natural flow of the water would carry the same downstream to the damage or detriment of either life or property;

(15) "Owner" means any person who has dominion over, control of, or title to an obstruction;

(16) "Political subdivision" means any incorporated city or town or any county organized and having authority to adopt and enforce land-use regulations; and

(17) "Watercourse" means any depression two (2) feet or more below the surrounding land serving to give direction to a current of water at least nine (9) months of the year, having a bed and well-defined banks; provided, that it shall, upon order of the board, also include any particular

depression which would not otherwise be within the definition of water-course."

Section 196. Section 89-3504, R.C.M. 1947, is amended to read as follows:

**"89-3504. Program for delineation of floodways — floodway-encroachment lines — land-use regulations.** (1) The *department* shall initiate a comprehensive program for the delineation of designated floodways for every watercourse and drainway in the state. It shall make a study relating to the acquiring of flood data, and *may* enter into arrangements with the United States geological survey, the United States army corps of engineers or any other state or federal agency for such acquisition.

(2) When sufficient data have been acquired *by the department* to reasonably locate the floodway of a flood of one hundred (100) years frequency, the board shall establish, by order, after a public hearing, floodway-encroachment lines for *the* floodway within which a political subdivision may establish land-use regulation. The *department* shall furnish *this* data to officials of the political subdivision having jurisdiction over *those* areas together with a map outlining the areas involved, a copy of this act, adopted rules of the board, and suggested minimum standards *adopted by the board*. These standards *and* rules shall reflect gradations in flood hazard based on flood frequency and other criteria as outlined in *section 89-3507(2)*. The location of the encroachment lines shall be the estimated outer boundary of the floodway of one hundred (100) year frequency flood, as determined from the available data. The *department* shall record all floodway-encroachment lines established by *the board* in the office of the county clerk and recorder of each county in which *those* lines are found. The board *may* alter *the* lines at any later time, by order, after a public hearing if a re-evaluation of the then available flood data warrants it. Notice of *a* hearing or order of the board establishing or altering *the* line shall be given by publishing *the* notice once each week for three (3) consecutive weeks in a legal newspaper published or of general circulation in the area involved, the last publication of which shall be not less than ten (10) days prior to the date set for the hearing or the effective date of *the* order.

(3) If within one (1) year from the date of transmittal of the floodplain information to officials of the political subdivisions, any political subdivision has failed to adopt land-use regulations which meet or exceed the minimum standards of the board, the designated floodway shall be enforced and no artificial obstruction or nonconforming use shall be established by any person within the floodway-encroachment lines for such a one hundred (100) year flood as established by the board under subsection (2) of this section, unless specifically authorized by the board."

Section 197. Section 89-3505, R.C.M. 1947, is amended to read as follows:

**"89-3505. Artificial obstructions and nonconforming uses as nuisances.** An artificial obstruction or nonconforming use in a designated floodway enforced under section 89-3504(3) and not exempt under section

89-3506 is a public nuisance unless a permit has been obtained for such artificial obstruction or nonconforming use from the board."

Section 198. Section 89-3506, R.C.M. 1947, is amended to read as follows:

"89-3506. **Establishment of artificial obstructions or nonconforming uses unlawful — permitted open space uses — prohibited nonconforming uses.** (1) It is unlawful for a person to establish *an* artificial obstruction or nonconforming use within a designated floodway, or for *an* owner to permit *an* artificial obstruction to remain within a designated floodway without a permit from the board. This act *does* not affect any existing artificial obstruction or nonconforming use established in the floodway *before the land-use regulations adopted by the political subdivision are effective* or before the board has enforced a designated floodway under section 89-3504(3); *however, a person may not make nor may an owner allow alterations of an artificial obstruction within a designated floodway whether the obstruction proposed for alteration was located in the floodway before or after the effective date of this act except upon express written approval of the board. Maintenance of an obstruction is not an alteration.*

(2) The following open space uses shall be permitted within the designated floodway, to the extent that they are not prohibited by any other ordinance or statute, and provided they do not require structures other than portable structures, fill, or permanent storage of materials or equipment: (a) agricultural uses; (b) industrial-commercial uses such as loading areas, parking areas, emergency landing strips; (c) private and public recreational uses such as golf courses, tennis courts, driving ranges, archery ranges, picnic grounds, boat launching ramps, swimming areas, parks, wildlife management and natural areas, game farms, fish hatcheries, shooting preserves, target ranges, trap and skeet ranges, hunting and fishing areas, hiking and horseback riding trails; (d) forestry, including processing of forest products with portable equipment; (e) residential uses such as lawns, gardens, parking areas and play areas; (f) excavations subject to the issuance of a permit under section 89-3507.

(3) The following nonconforming uses shall be prohibited within the designated floodway: (a) A building for living purposes or place of assembly or permanent use by human beings; (b) a structure or excavation that will cause water to be diverted from the established floodway, cause erosion, obstruct the natural flow of water, or reduce the carrying capacity of the floodway; (c) the construction or permanent storage of *an* object subject to flotation or movement during flood level periods."

Section 199. Section 89-3507, R.C.M. 1947, is amended to read as follows:

"89-3507. **Permits for obstructions — application — factors considered — fees.** (1) The board *may* issue permits for the establishment or alteration of obstructions which would otherwise violate section 89-3506. The application for the permit shall *be submitted to the department* and contain such information as the *department requires*, including complete maps, plans, profiles and specifications of the obstruction and watercourse or drainway.

(2) In passing upon *the* application, the board shall consider: (a) the danger to life and property by water which may be backed up or diverted by *the* obstruction; (b) the danger that the obstruction will be swept downstream to the injury of others; (c) the availability of alternate locations; (d) the construction or alteration of the obstruction in such a manner as to lessen the danger; (e) the permanence of the obstruction; (f) the anticipated development in the foreseeable future of the area which may be affected by the obstruction; and, (g) such other factors as are in harmony with the purpose of this act. The board may make a part of *the* permit any reasonable conditions it may *consider* advisable. In order for the permit to continue to remain in force, the obstruction must be maintained so as to comply with the conditions and specifications of the permit.

(3) Permits for obstructions to be established in the floodway of watercourses must be specifically approved or denied within a reasonable time by the board; permits for obstructions in the floodways or drainways shall be conclusively deemed to have been granted sixty (60) days after the receipt of *the* application by the *department*, or after such time as the board by rule *specifies*, unless the board notifies the applicant that the permit is denied.

(4) *An* application for a permit shall be accompanied by a nonrefundable application fee of ten dollars (\$10) which the state treasurer shall credit to the floodway obstruction removal fund."

Section 200. Section 89-3508, R.C.M. 1947, is amended to read as follows:

"89-3508. **Powers and duties of department relative to obstructions.** (1) Where an obstruction to a floodway established under section 89-3504(2) has been created by fallen trees, silt, debris, wreckage, unanchored automobile bodies, and like matter, the *department* may, in its discretion, remove the obstruction, in which case the cost of removal shall be borne by the *department*; and

(2) Where, after investigation, notice, and hearing, an order has been issued *by the board* to the owner of an obstruction not exempt under section 89-3506 for its removal or repair, and the order is not complied with within such reasonable time as may be prescribed, or if the owner cannot be found or determined, the *department* may make or cause *the* removal or repairs to be made, the cost of which shall be borne by the owner and shall be recoverable in the same manner as debts are now recoverable by law."

Section 201. Section 89-3509, R.C.M. 1947, is amended to read as follows:

"89-3509. **Authority to enter and investigate lands or waters.** The *department* may make reasonable entry upon lands and waters in the state for the purpose of making *an* investigation, survey, removal, or repair contemplated by this act. An investigation of *a* natural or artificial obstruction shall be made by the *department* either on its own initiative, on the written request of three (3) titleholders of land abutting the watercourse or drainway involved, or on the written request of *a* political subdivision."

Section 202. Section 89-3511, R.C.M. 1947, is amended to read as follows:

"89-3511. **Orders and rules — judicial remedy.** The board may *adopt* such orders and rules as are necessary to implement this act. If an order is issued to the owner of an artificial obstruction not exempt under *section 89-3506* for its removal or repair, *the* order shall not become effective less than *ten* (10) days after a hearing is held relating to *the* order. In addition to any requirement imposed by *section 89-3504 (2)*, where *an* order is issued which affects with particularity the land adjacent to a watercourse or drainway, notice of the contents of *the* order and of any required hearing shall be mailed by the *department* to the titleholder of *the* land not less than ten (10) days before the effective date of *the* order, or, if there is a required hearing, to the titleholder of *the* land and to the owner of the obstruction not less than ten (10) days before the date of *the* hearing; *however, the* notice need not be given to the owner of the obstruction for an order issued pursuant to *section 89-3508 (2)* if the owner cannot be found or determined. All orders and rules *adopted* by the board shall be on file at the offices of the *department* and in the office of the county clerk of each county affected by *the* order or rule. A person aggrieved by any order of the board issued under this act may appeal from *the* order to a court of competent jurisdiction within thirty (30) days after its effective date. *If* an appeal is taken, enforcement of *the* order shall be stayed pending the outcome of *the* appeal. Service of notice of the appeal shall be made upon the *department*."

Section 203. Section 89-3512, R.C.M. 1947, is amended to read as follows:

"89-3512. **Floodway obstruction removal fund.** The state treasurer *shall* establish the floodway obstruction removal fund and credit to *the* fund for the removal of obstructions as provided in *section 89-3508 (1)*, such money specifically appropriated by the legislature. The *department* may allocate money from the floodway obstruction removal fund for purposes provided in *section 89-3508 (1)*."

Section 204. Section 89-3514, R.C.M. 1947, is amended to read as follows:

"89-3514. **Permit construed as added requirement — exception — immunity.** (1) The granting of a permit under this act *does not* affect any other type of approval required by any other statute or ordinance of the state, of any political subdivision or of the United States, but *is* an added requirement; *however, if* a political subdivision enacts and enforces land-use regulations which meet or exceed the minimum standards of the board, the board's *minimum standards* are advisory only. The grant or denial of a permit *does not* have *an* effect on *a* remedy of *a* person at law or in equity; *however, where* it is shown that there is a wrongful failure to comply with this act, there *is* a rebuttable presumption that the obstruction was the proximate cause of the flooding of the land of *a* person bringing suit.

(2) A permit for the construction of *a* structure to be established within a designated floodway *may not* be granted by *a* political subdivi-

sion unless the applicant has first obtained the permit required by this act, or until the board acknowledges that *the* structure would not be an obstruction within the meaning of this act.

(3) *An action for damages sustained because of injury caused by an obstruction for which a permit has been granted under this act may not be brought against the state, the board, a member of the board, or the department. This act does not interfere with the right of the United States to regulate interstate commerce or the navigable waters of the United States.*"

Section 205. Section 89-3515, R.C.M. 1947, is amended to read as follows:

"89-3515. **Remedies not exclusive.** The use of any one of the remedies or powers given to the board *or the department* in this act is not a bar to the exercise of any other remedy or power given by this act."

Section 206. Section 93-9908, R.C.M. 1947, is amended to read as follows:

"93-9908. **The complaint and its contents.** The complaint must contain:

1. The name of the corporation, association, commission, or person in charge of the public use for which the property is sought, who must be styled plaintiff.
2. The names of all owners, mortgagees and lien holders of record and any other claimants of the property of record, if known, or a statement that they are unknown, who must be styled defendants.
3. A statement of the right of plaintiff.
4. If a right of way is sought, the complaint must show the location, general route, and termini, and must be accompanied with a map thereof, so far as the same is involved in the action or proceeding.
5. A description of each piece of land sought to be taken, and whether the same includes the whole or only a part of the entire parcel or tract. All parcels lying in the county, and required for the same public use, may be included in the same or separate proceedings, at the option of the plaintiff, but the court may consolidate or separate them to suit the convenience of the parties. When application for the condemnation of a right of way for the purposes of sewerage is made on behalf of a settlement, or town, or a county, the county commissioners of the county may be named as plaintiff.
6. If a sand, stratum or formation suitable for use as an underground natural gas storage reservoir is sought to be appropriated, a description thereof and of the land in which it is alleged to be contained, and a description of all other property and rights sought to be appropriated for use in connection with the appropriation of the right to store natural gas in and withdraw natural gas from such reservoir. In addition, the complaint shall state facts showing that the underground reservoir is one subject to appropriation by plaintiff; also stating that the underground

storage of natural gas in the land sought to be appropriated is in the public interest; that the underground reservoir is suitable and practicable for natural gas storage; that the plaintiff in good faith has been unable to acquire the rights sought to be appropriated hereunder and a statement that the rights and property sought to be appropriated are not prohibited by law; and in addition, the complaint must be accompanied by a certificate from the *board of oil and gas conservation* as set forth in section 60-804."

3. To limit the amount of property sought to be appropriated, if in the opinion of the court or judge the quantity sought to be appropriated is not necessary;

4. If the court or judge is satisfied, from the evidence presented at the hearing provided for in section 93-9909, that the public interests require the taking of such lands, and that the facts necessary to be found before condemnation appear, it or he must forthwith make and enter a preliminary condemnation order that the condemnation of the land or other real property may proceed in accordance with the provisions of this chapter.

5. If the property sought to be appropriated is a sand, stratum or formation suitable for use as an underground natural gas storage reservoir and the existence and suitability of it for such use has been proved by plaintiff upon substantial evidence, the order of the court or judge shall direct the commissioners to ascertain and determine the amount to be paid by the plaintiff to each person for his interest in the property sought to be appropriated for use as such underground natural gas storage reservoir, and/or as the annual rental for the use of such underground gas storage reservoir and for the use of so much of the surface as is required in the operation of the said underground gas storage reservoir, and for the use in connection with the creation, operation and maintenance thereof, and for all the native gas contained in said reservoir as compensation and damages by reason of the appropriation of such property; provided, however, the amount to be paid for such native gas and all thereof shall be no less than the market value of such gas.

The court shall appoint three (3) persons, qualified as experts and recommended as such by the *board of oil and gas conservation*, to assist

and advise the commissioners in determining the compensation and damages to be paid by plaintiff to each person for his interest in the property sought to be appropriated and the fees and expenses of such persons shall be chargeable as costs of the proceedings to be paid by the plaintiff."

## CHAPTER NO. 254

AN ACT TO ACKNOWLEDGE THE EXISTENCE OF NATURAL AND POTENTIALLY NATURAL AREAS IN THE STATE AND TO PROVIDE FOR THE PROTECTION OF THESE AREAS.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. There is a new section to be numbered 81-2701, R.C.M. 1947, which reads as follows:

81-2701. **Title.** This act shall be known and may be cited as the "Montana Natural Areas Act of 1974."

Section 2. There is a new section to be numbered 81-2702, R.C.M. 1947, which reads as follows:

81-2702. **Legislative intent.** The legislative assembly finds that in the expanses of Montana there are natural areas possessing significant scenic, educational, scientific, biological, and/or geological values, or areas possessing these characteristics to a degree promising their restoration to a natural state; that since the development of these areas is an irreversible commitment of a finite and diminishing resource of fundamental importance, the remaining areas should be preserved for the benefit of this and future generations; and that currently there are no regulations promulgated by the state or local governments to insure adequate protection for natural areas. It is the intention of the legislative assembly to establish a system for the protection of natural or potentially natural areas in order to preserve their natural ecosystem integrity in perpetuity.

In this connection, the legislature recognizes the fact that the school trust lands are held in trust for the support of education and for the attainment of other worthy objects helpful to the well-being of the people of the state; that it is the duty of the board of land commissioners to administer this trust so as to secure the largest measure of legitimate and reasonable advantage to the state; and hereby declares the preser-

vation of natural areas, whether trust or other lands, for the enjoyment and inspiration of future generations, to be an object worthy of legislative action helpful to the well-being of the people of the state and also declares that the preservation of natural areas on state trust land has sufficient value to present and future education to meet the state's obligation for the disposition and utilization of trust lands as specified in the Enabling Act.

Section 3. There is a new section to be numbered 81-2703, R.C.M. 1947, which reads as follows:

81-2703. **Definitions.** (1) "Natural area" means an area of land which must generally appear to have been affected primarily by the forces of nature with the visual aspects of human intrusion not dominant, and also must have one or more of the following characteristics:

(a) An outstanding mixture or variety of vegetation, wildlife, water resource, landscape and scenic values.

(b) An important or rare ecological or geological feature or other rare or significant natural feature worthy of preservation for scientific, educational or ecological purposes.

(2) "Board" means the board of land commissioners.

(3) "Department" means the department of state lands.

(4) "Council" means the natural areas advisory council created by this act.

Section 4. There is a new section to be numbered 81-2704, R.C.M. 1947, which reads as follows:

81-2704. **Methods of bringing land under this act.** A natural area, as defined in section 3 [81-2703], may become subject to the provisions of this act in any of the following ways:

(1) Designation by the board on lands controlled by the board.

(2) Designation by the legislative assembly on lands owned by the state of Montana.

(3) Acquisition by the board by purchase with consent of the property owner of sufficient interests in private property to protect the natural area; provided however that transfer of surface property or development rights shall not alter the rights attending the subsurface estate if owned by another party.

(4) Gift accepted by the board.

(5) Trade of state owned trust land for a natural area on federal, county or private land, provided however that lands received in exchange for trust lands should be equal in value to the exchanged trust land and, as closely as possible, equal in area.

Section 5. There is a new section to be numbered 81-2705, R.C.M. 1947, which reads as follows:

**81-2705. Natural area identification procedures — other agencies to assist — annual report to legislature.** The department shall establish and utilize procedures to identify the existing or potentially natural areas on lands under its jurisdiction and shall collect information on potential natural areas on private, county, and other state land. The department of natural resources shall cooperate with the department by reporting potential natural areas on state timber lands. The department shall make recommendations to the board for designation of natural areas on state lands controlled by the board and for acquisition of interests in other lands for the preservation of natural areas. The board shall submit to each legislative assembly an annual report on its designation and acquisition activities.

Section 6. There is a new section to be numbered 81-2706, R.C.M. 1947, which reads as follows:

**81-2706. Legislature may designate.** The legislative assembly may designate natural areas on any state owned land.

Section 7. There is a new section to be numbered 81-2707, R.C.M. 1947, which reads as follows:

**81-2707. Board given acquisition powers.** Subject to the limits of available appropriations, the board is authorized to acquire interests to lands by any lawful means for the purpose of designating natural areas; provided that the board shall exercise the power of eminent domain only in specific instances where authorized by the legislative assembly.

Section 8. There is a new section to be numbered 81-2708, R.C.M. 1947, which reads as follows:

**81-2708. Designated areas not subject to condemnation or development — preexisting land uses permitted to continue.** (1) Natural areas acquired or designated in accordance with the provisions of this act are protected from condemnation or other development adversely affecting the integrity of the natural area until legislative action is taken specifically authorizing the condemnation or development.

(2) Land uses on the designated or acquired natural area in existence at the time of designation or acquisition by the board may continue under appropriate leases or agreements. All such land uses shall be controlled under regulations established by the board under section 9 [81-2709].

Section 9. There is a new section to be numbered 81-2709, R.C.M. 1947, which reads as follows:

**81-2709. Board to promulgate protective rules.** (1) The board shall, after at least one public hearing, promulgate comprehensive regulations for the protection of acquired and designated natural areas within its jurisdiction. Such regulations shall be consistent with the intent of this act and shall be promulgated and enforced so as to protect the qualities of the natural areas. Special attention shall be given to protecting areas from recreational overuse.

(2) The regulations shall provide at least two board meetings per year for the receipt of testimony on the board's proposed designation of natural areas. No area shall be designated by the board unless the opportunity for public testimony has been afforded at meetings provided for in the

regulations, and positive notification of all involved landowners and lessees has been made.

Section 10. There is a new section to be numbered 81-2710, R.C.M. 1947, which reads as follows:

**81-2710. Composition and duties of advisory council — governor may appoint.** (1) If the governor appoints a natural areas advisory council, the council shall consist of seven (7) citizens of the state, four (4) of whom shall possess experience in the evaluation and preservation of natural areas, and one (1) member each from agriculture, ranching and industry. The council shall make recommendations to the board for the administration of the natural areas system and additions thereto from state, federal, county or private land.

(2) Within ninety (90) days of the receipt of a council recommendation the board shall:

(a) In the case of state trust lands and existing designated areas promulgate a rule designating a recommended natural area contained in the recommendation and adopting the recommendation, or issue a written statement of its reasons for denying the recommendation.

(b) In the case of federal, private or county land direct the department to begin investigation and negotiation to acquire by purchase or trade interests in the land necessary to protect the natural area, or issue a written statement of its reasons for denying the recommendation.

Section 11. There is a new section to be numbered 81-2711, R.C.M. 1947, which reads as follows:

**81-2711. Consultation with interested parties — proceedings and files to be open.** The board and the natural areas advisory council shall consult with citizen organizations and other interested state agencies in the administration of this act. When more restrictive provisions to apply.** A designated natural area that is or shall become a part of a state park, wildlife refuge, or similar area shall be subject to the provisions of this act and the laws under which the other areas may be administered and in the case of conflict between the provisions of these laws the more restrictive provisions shall apply.

Section 13. There is a new section to be numbered 81-2713, R.C.M. 1947, which reads as follows:

**81-2713. Separability.** It is the intent of the legislative assembly that if a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

## CHAPTER NO. 255

AN ACT DIRECTING THE DEPARTMENT OF HIGHWAYS TO CLAS-

SIFY OPEN RANGE AREAS ACCORDING TO THE DEGREE OF TRAFFIC HAZARD CREATED BY LIVESTOCK AND TO FENCE OUT LIVESTOCK IN THE MORE HAZARDOUS AREAS; AND AMENDING SECTIONS 32-2426, 32-2427 AND 32-2412, R.C.M. 1947.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. There is a new section to be numbered 32-2425.1, R.C.M. 1947, which reads as follows:

32-2425.1. **Declaration of purpose.** It is the purpose of this act to balance the tradition of the open range and the economic and geographic problems of raising livestock with the need for safer highways and the policy of taking all feasible measures to reduce the high incidence of traffic accidents and fatalities on Montana highways.

Section 2. Section 32-2426, R.C.M. 1947, is amended to read as follows:

"32-2426. **Commission to fence along state highways through open range where livestock a hazard — gates — "open range" defined.** (1) The highway commission shall fence the right of way of any part of the state highway system that is constructed and/or reconstructed, after the effective date of this act, through open range where livestock present a hazard to the safety of the motorist where a fence is constructed, adequate stock gates or stock passes, as necessary, shall be provided to make land on either side of the highway usable for livestock purposes.

(2) For the purposes of this act, as used in sections 2 through 6 [32-2426 through 32-2429, 32-2412]:

(a) "Open range" means those areas of the state where livestock is raised and maintained in sufficient numbers as to constitute a significant part of the local or county economy and where such animals graze and move about generally unrestrained by fences.

(b) A "high hazard area" is a segment of the primary highway system passing through open range where livestock moves on or across the highway often enough, in enough numbers, and with enough ease of access that such animals create a significant traffic safety hazard. Evidence bearing on whether animals on the highway pose a significant hazard includes, without limitation, past accident records, the opinions of persons qualified by experience to evaluate the relative safety of road conditions, and the terrain around the road.

(c) A "low hazard area" is a segment of the primary highway system passing through open range which is not a high hazard area.

(d) "Livestock" means cattle, sheep, swine, horses, mules, and goats."

Section 3. Section 32-2427, R.C.M. 1947, is amended to read as follows:

"32-2427. **Department to delineate open range hazard areas.** The

*department shall, by December 31, 1975, delineate the open range areas through which the primary highway system runs and classify, pursuant to section 4 [32-2428], such areas as high hazard areas or low hazard areas."*

Section 4. There is a new section to be numbered 32-2428, R.C.M. 1947, which reads as follows:

**32-2428. Procedure for classifying state highways in open range.** The department shall study the primary highways in each county containing open range and, applying the criteria set out in section 32-2426, shall propose a division of such areas into high hazard and low hazard areas. The department shall publish an illustrated summary of its proposed classification of a county, in a newspaper of general daily or weekly circulation in that county, and the same publication shall give notice of a public hearing in the county within four (4) weeks. The department shall conduct this hearing on its proposed classification, and the record of the hearing shall include a statement of the department's reasons for its proposal as well as the views of the citizens interested in the proposal. Within four (4) weeks after the hearing, the department shall publish its final decision on the classification in the same format and newspaper used for the publication of the notice. For the purpose of judicial review, this final decision is a rule which may be reviewed by a district court as provided in section 82-4219.

Section 5. There is a new section to be numbered 32-2429, R.C.M. 1947, which reads as follows:

**32-2429. Department to fence where it has duty.** The department shall erect a fence in every high hazard area as promptly as possible, and the cost of such construction is an expenditure for the enforcement of federal aid highway safety programs. Gates, stock underpasses, water facilities, and cattle-guards may be installed where necessary to make the land on either side of the highway usable for livestock purposes or where a public right-of-way intersects the state highway.

Section 6. Section 32-2412, R.C.M. 1947, is amended to read as follows:

**"32-2412. Seeding along highways.** (1) After a federal-aid or state highway is constructed, the commission shall seed borrow pits, slopes and shoulders to an adaptable perennial grass or combination of perennial grasses and legumes whenever establishment of perennial grass covers seem suitable. The seed shall be certified.

(2) The commission shall seek joint recommendations and specifications as to time and method of seeding, fertilizing practices and grass species from the Montana extension service, the experiment station, and the soil conservation service.

(3) *After a right of way in open range has been fenced pursuant to sections 32-2426 or 32-2427, the commission may seed the land within the fence to a grass which may be cropped for hay, and may lease such lands or sell the right to take such hay to qualified persons."*

Such determination shall be entered upon the minutes of said board of commissioners. A finding of the board of commissioners in favor of the genuineness and sufficiency of the petition and notice shall be final and conclusive against all persons except the state of Montana upon suit commenced by the attorney general. Any such suit must be commenced within one (1) year after the order of the board of commissioners declaring such district organized as herein provided, and not otherwise. Upon the final determination of the boundaries of the district the board of commissioners of each county in which said district lies shall give notice of an election to be held in said proposed district for the purpose of determining whether or not the same shall be incorporated, the date of which election shall be not more than sixty (60) days from the date of the final hearing of such petition. In all cases where the boundaries of such district include any municipality or municipalities, said board of directors, in addition to said five (5) directors to be elected as aforesaid, shall consist of one (1) additional director for each one of said municipalities within such district, each such additional director to be appointed by the mayor of the municipality for which said additional director is allowed; and if there be any unincorporated territory within said district, one additional director, to be appointed by the board of commissioners of each county containing such territory. Any director so elected or appointed shall be *an owner or lessee of real property within said district or a resident therein*. All directors, elected or appointed, shall hold office until the election and qualification or appointment and qualification of their successors. If necessary, the board of commissioners shall provide extra help to enable the clerk to perform satisfactorily and promptly the duties imposed by this section.

(8) Signer may withdraw name. Any signer to a petition of nomination and certificate may withdraw his name from the same by filing with the county clerk a verified revocation of his signature before the filing of his petition by the clerk, and not otherwise. He shall then be at liberty to sign a petition for another candidate for the same office.

(9) Candidate may withdraw. Any person whose name has been presented under this section as a candidate may, not later than twenty-five (25) days before the day of election, cause his name to be withdrawn from nomination by filing with the county clerk a request therefor in writing, and no name so withdrawn shall be printed upon the ballot. If, upon such withdrawal, the number of candidates remaining does not exceed the number to be elected, then other nominations may be made by filing petitions therefor not later than twenty-five (25) days prior to such election.

(10) Petition filed. If either the original or amended petition of nomination be found sufficiently signed as hereinbefore provided, the clerk shall file the same twenty-five (25) days before the date of the election. When a petition of nomination shall have been filed by the clerk it shall not be withdrawn or added to and no signatures shall be revoked thereafter.

(11) Petitions preserved. The county clerk shall preserve in his office for a period of two years, all petitions of nomination and all certificates belonging thereto, filed under this section.

(12) List of candidates. Immediately after such petitions are filed, the

county clerk shall enter the names of the candidates in a list, with the offices to be filled, and shall not later than twenty (20) days before the election certify such list as being the list of candidates nominated as required by the provisions of this act, and the board of commissioners of each county in which the district lies shall cause said certified list of names and the offices to be filled, to be published in the proclamation calling the election at least ten (10) successive days before the election in at least one (1) but not more than three (3) newspapers of general circulation published in each county in which such district is located. Such proclamation shall conform in all respects to the general state law governing the conduct of general elections now or hereafter in force, applicable thereto, except as otherwise herein provided.

(13) Ballots. Form. The county clerk shall cause the ballots to be printed and bound and numbered as provided by said general state law, except as otherwise required in this act. The ballots shall contain the list of names and the respective offices as published in the proclamation and shall be in substantially the following form:

GENERAL (OR SPECIAL) DISTRICT ELECTION

.... District,  
(Inserting date thereof.)

Instructions to Voters: To vote, stamp or write a cross (X) opposite the name of the candidate for whom you desire to vote. All marks otherwise made are forbidden. All distinguishing marks are forbidden and make the ballot void. If you wrongly mark, tear or deface this ballot, return it to the inspector of election, and obtain another.

(14) How printed. All ballots printed shall be precisely on the same size, quality, tint of paper, kind of type, and color of ink, so that without the number it would be impossible to distinguish one ballot from another; and the names of all candidates printed upon the ballot shall be in type of the same size and style. A column may be provided on the right-hand side for questions to be voted upon at district election, as provided for under this act. The names of the candidates for each office shall be arranged in alphabetical order, and nothing on the ballot shall be indicative of the source of the candidacy or of the support of any candidate.

(15) No candidate omitted. The name of no candidate who has been duly and regularly nominated, and who has not withdrawn his name as herein provided shall be omitted from the ballot.

(16) Office. The offices to be filled shall be arranged in the following order: "For director vote for (giving number)."

(17) Voting squares. Half-inch square shall be provided at the right of the name of each candidate wherein to mark the cross.

(18) Spaces below printed names. Half-inch spaces shall be left below the printed names of candidates for each office, equal in number to the number to be voted for, wherein the voter may write the name of any person or persons for whom he may wish to vote.

(19) Votes necessary to elect. In case there is but one person to be elected to an office, the candidate receiving a majority of the votes cast for all the candidates for that office, shall be declared elected; in case there are two or more persons to be elected to an office, as that of director,

then those candidates equal in number to the number to be elected, who receive the highest number of votes for such office shall be declared elected.

(20) Failure to qualify. If a person elected fails to qualify, the office shall be filled as if there were a vacancy in such office, as hereinafter provided.

(21) Mode of appointment by mayor. The mode of appointment of director or directors by a mayor, or by a board of commissioners, shall be by certificate of appointment signed by said mayor or mayors, or issued by said board of commissioners, and transmitted to the board of directors of said district.

(22) Informality not to invalidate. No informality in conducting district elections shall invalidate the same, if they have been conducted by directors to fill a vacancy, or appointed by a mayor or by this act."

Section 4. Section 16-4508, R.C.M. 1947, is amended to read as follows:

"16-4508. **General law to govern.** The provisions of the law relating to the qualifications of electors, the manner of voting, the duties of election officers, the canvassing of returns, and all other particulars in respect to the management of general elections, so far as they may be applicable, shall govern all district elections, except as in this act otherwise provided; provided, however, that where a corporation owns real property within the boundaries of the district, the president, vice-president or secretary of such corporation shall be entitled to cast a vote on behalf of the corporation; provided also that an elector owning *or leasing* real property within the district need not reside within the district in order to vote, and provided that the board of commissioners shall canvass the returns of the first election and that thereafter, except as herein provided, the board of directors shall meet as a canvassing board and duly canvass the returns within four (4) days after any district election, including any district bond election. If the district lies in more than one county, the board of commissioners whose county contains the largest percentage of the territory of said district shall canvass the returns of the first election."

Section 5. Section 16-4520, R.C.M. 1947, is amended to read as follows:

"16-4520. **Publication.** Such notice shall be published for ten (10) consecutive days in a daily newspaper or in two (2) issues of a weekly newspaper published in each county wherein such district is located, which newspaper or newspapers shall be designated by the board of directors. Every qualified elector, owning *or leasing or residing upon* real property, within such voting precincts, but no others, shall be entitled to vote at such election. All the expenses of holding such election shall be borne by the district."

Section 6. This act is effective upon passage and approval.

## CHAPTER NO. 260

AN ACT TO REQUIRE THE RECLAMATION OF AREAS DISTURBED BY DRILLING OR EXPLORATION FOR OIL OR GAS, AND AMENDING SECTIONS 60-127 AND 60-128, R.C.M. 1947.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 60-127, R.C.M. 1947, is amended to read as follows:

"60-127. **Powers and duties of board.** A. The *board* has jurisdiction to exercise effectively the authority granted it by this act.

B. The *board* has authority, and it is its duty, to make such investigations as it deems proper to determine whether waste exists or is imminent or whether other facts exist which justify any action by the *board* under the authority granted by this act with respect thereto.

C. The *board* has authority, and it is its duty:

(1) To require: (a) identification of ownership of oil or gas wells, producing properties and tanks, (b) the making and filing of acceptable well logs, reports on well locations, and the filing of directional surveys, if made, provided, however, that logs of exploratory or wildcat wells need not be filed for a period of six (6) months following completion of such wells, (c) the drilling, casing, producing and plugging of wells in such manner as to prevent the escape of oil or gas out of one stratum into another, the intrusion of water into oil or gas stratum, blowouts, cavings, seepages, and fires: and the pollution of fresh water supplies by oil, gas, salt, or brackish water, (d) *the restoration of surface lands to their previous grade and productive capability after a well is plugged or a seismographic shot hole has been utilized, and necessary measures to prevent adverse hydrological effects from such well or hole, unless the surface owner agrees in writing, with the approval of the board or its representative, to a different plan of restoration,* (e) the furnishing of a reasonable bond with good and sufficient surety, conditioned for performance of the duty to properly plug each dry or abandoned well, (f) proper gauging or other measuring of oil and gas produced and saved to determine the quantity and quality thereof, (g) that every person who produces, transports or stores oil or gas in this state shall make available within this state for a period of five (5) years complete and accurate records of the quantities thereof, which records shall be available for examination by the *board* or its agents at all reasonable times, and that every such person file with the *board* such reports as it may prescribe with respect to quantities, transportations, and storages of such oil or gas.

(2) For the purpose of preventing waste, (a) to regulate the drilling, producing and plugging of wells, the shooting and chemical treatment of wells, the spacing of wells, operations voluntarily entered into to increase ultimate recovery such as cycling of gas, the maintenance of pressure, and the introduction of gas, water, or other substances into producing formations and (b) to fix, upon application made by any interested person after hearing, efficient gas-oil and water-oil ratios for any particular well or wells.

(3) To regulate disposal of salt water and oil field wastes.

(4) To classify wells as oil or gas wells for purposes material to the interpretation or enforcement of this act.

(5) To promulgate and to enforce rules, regulations and orders to effectuate the purposes and the intent of this act. *The board shall promulgate rules to implement parts (1)(d) of this subsection (c), no later than November 1, 1974.*

(6) To report as provided in section 2 [82-4002] of this act.

D. The *board* shall have power and it shall be its duty to determine and prescribe what producing wells shall be defined as "stripper wells" and what wells shall be defined as "wild cat wells," and to make such orders as in its judgment shall be required to protect such wells, and to provide that stripper wells may be produced to capacity if it is deemed necessary in the interest of conservation so to do.

E. With respect to any pool or pools from which gas was being produced by a gas well or gas wells on or prior to the date on which this act takes effect, this act shall never be so construed as to authorize the *board* at any time to limit or restrain the rate (daily or otherwise) of production of gas from such pool or pools by any well then or hereafter drilled and producing from such pool or pools to less than the rate at which such well can be produced without adversely affecting the quantity of gas ultimately recoverable by such well."

Section 2. Section 60-128, R.C.M. 1947, is amended to read as follows:

**"60-128. Notice of intention to drill.** It shall be unlawful to commence the drilling of a well for oil or gas without first giving to the *board* written notice of intention to drill, and obtaining a drilling permit as in this act hereafter provided. *It is unlawful to conduct seismic explorations with explosives without first giving the board a copy of the notice of intention to explore, filed with the county under Section 69-3303.*"

Section 3. There is a new section to be numbered 60-149, R.C.M. 1947, which reads as follows:

**60-149. Department to inventory abandoned wells and seismic operations; reclamation procedures.** (1) The department of natural resources and conservation shall maintain a list of the abandoned oil or gas wells, injection wells, sumps, and seismographic shot holes in the state which disturb land, water, or wildlife resources to a degree not in compliance with plugging, pollution prevention, and reclamation rules of the oil and gas board. This list shall be compiled from petitions or written statements from the owners of surface rights or lessees.

(2) The board shall check the list supplied by the department under the preceding subsection against its drilling records and shall determine the name of the person who abandoned the well, sump, or hole, whenever this information is available. When a person so listed applies to the board for a new drilling permit, the board may issue the permit only after approving a plan by which the applicant will reclaim the land disturbed by his abandoned wells, sumps, or holes within three years.

(3) When the person who abandoned a well, sump, or hole cannot be identified or located under the preceding subsection, the board shall notify the department of natural resources and conservation. The department may then reclaim the disturbed land with funds available from the resource indemnity trust fund, under section 84-7009, when available.

## CHAPTER NO. 261

AN ACT TO AMEND SECTION 16-1904, R.C.M. 1947, TO ELIMINATE CERTAIN PROVISIONS PROHIBITING APPROPRIATIONS IN COUNTY BUDGET FROM EXCEEDING CERTAIN PERCENTAGE RESTRICTIONS OF THE AMOUNT APPROPRIATED IN THE PREVIOUS YEAR'S BUDGET.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 16-1904, R.C.M. 1947, is amended to read as follows:

**"16-1904. Hearings on budget — adoption — fixing tax levies.** (1) On the Wednesday immediately preceding the second Monday in August the county commissioners shall meet at the time and place designated in the notice provided for in section 16-1903, at which time any taxpayer may appear and be heard for or against any part of such budget. Such hearing shall be continued from day to day and shall be concluded and terminated and the budget finally approved and adopted on the second Monday in August and before the fixing of the tax levies by such board.

(2) Upon the conclusion of such hearing the board shall first determine and fix the amount which it is estimated will accrue to each fund during the fiscal year from all sources, except the taxation of property, but in so doing the board shall not include any amount which it is anticipated may be received during the fiscal year from the payment of taxes which became delinquent during any preceding fiscal year, or years. The board shall then determine and fix separately the amount appropriated for and authorized to be expended for each item in the budget and shall specify the fund or funds against which warrants are to be drawn and issued for each item in the budget and shall specify the fund or funds against which warrants are to be drawn and issued for the expenditures so authorized; provided that there shall not be added to the amount to be appropri-

ated and authorized to be expended for any item, or to the total amount appropriated and authorized to be expended from any fund any amount or percentage whatever because of any anticipated loss of revenue by reason of the nonpayment of taxes levied for such fiscal year; and provided further that the total expenditures authorized to be made from any fund, including reserve added thereto as hereinafter provided, shall not, in any event, exceed the aggregate of the cash balance in such fund at the close of the fiscal year immediately preceding, the amount of estimated revenues to accrue to such funds, as determined and fixed in the manner herein provided, and the amount which may be raised for such fund by a lawful tax levy during the fiscal year.

(3) The board shall then determine and fix the amount to be raised for each fund by tax levy by adding together the cash balance in the fund at the close of the fiscal year immediately preceding and the amount of the estimated revenues, if any to accrue thereto during the current fiscal year, as before ascertained and determined, and then deducting the total amount so obtained from the total amount of the appropriations and authorized expenditures from the fund as determined and fixed by said board, the amount remaining being the amount necessary to be raised for the fund by tax levy during the current fiscal year; provided that the board may add to the amount so found necessary to be raised for any fund by tax levy during the current fiscal year, an additional amount as a reserve to meet and care for expenditures to be made from such fund during the months of July to November, inclusive, of the next ensuing fiscal year under the annual budget to be thereafter adopted for such next ensuing fiscal year, but the amount which may be so added to any fund, as such reserve for such purpose, shall not exceed one-third of the total amount appropriated and authorized to be expended from such fund during the current fiscal year, after deducting from the amount of such appropriations and authorized expenditures the total amount, if any, therein appropriated and authorized to be expended for election expenses and payment of emergency warrants; provided further that the total amount, to be raised by tax levy for any fund, during such current fiscal year, including the amount of such reserve and any amount for payment of election expenses and emergency warrants, must not exceed the total amount which may be raised for such fund by a tax levy which does not exceed the maximum levy permitted by law to be made for such fund.

If the cash balance remaining in any of the several county funds, except the school fund, at the end of a fiscal year, exceeds the amount to be budgeted to that fund, such excess may be transferred to other funds as the county commissioners deem for the best interest of the county after a public hearing. Notice of said hearing must be given not less than thirty (30) days prior to said hearing by publication in a newspaper of general circulation in the county and by posting in five (5) public places. Said notice must state the date, time and place of said hearing and state generally the purpose and proposed use of said funds.

(4) The budget as finally determined, in addition to setting out separately each item for which any appropriation or expenditure is authorized and the fund out of which the same is to be paid, shall set out the total amount appropriated and authorized to be expended from each fund, the

cash balance in the fund at the close of the last preceding fiscal year, the amount, if any, which it is estimated will accrue to the fund from sources other than taxation, the reserve, if any, for the next ensuing fiscal year, and the amount necessary to be raised for each fund by tax levy during the current fiscal year. The board shall then by resolution approve and adopt the budget as so finally determined and enter the same at length and in detail in the official minutes of the board.

(5) On the second Monday in August, and after the approval and adoption of the final budget, the board of county commissioners shall fix the tax levy for each fund at such rate as will raise the amount set out in such budget as the amount necessary to be raised by tax levy for such fund during the current fiscal year, and no more; provided, that the taxable valuation of the county for the then current fiscal year shall be the basis for determining the amount of the tax levy for each fund, and each tax levy shall be at a rate no higher than is required on such basis, without including any amount for anticipated tax delinquency, to produce the amount set out in the budget without including any amount for anticipated tax delinquency, as being the amount to be raised by tax levy, and shall be made in the manner provided by section 84-3802.

(6) The county clerk and recorder shall, not later than the fifteenth day of September following, forward a full, complete, itemized and detailed copy of the final budget, together with the tax levies made therefor, to the state examiner. If any county clerk and recorder shall fail, refuse, or neglect to forward such copy of the budget to the state examiner within such time, the state examiner shall, before the first day of October immediately following, notify the board of county commissioners of such county that such copy of budget has not been forwarded to him by the county clerk and recorder, and such board of county commissioners must thereupon withhold from said county clerk and recorder his salary for the month of September until such time as such county clerk and recorder shall file with such board a receipt from the state examiner showing the receipt by him of such copy."

23-4901. **Purpose.** It is the purpose of this act to allow the conduct of an experiment in the public financing of political campaigns in this state; to determine public reaction to grass roots participation in campaign financing through a designation by a taxpayer of one dollar (\$1) of his tax liability to a campaign fund; and to allow legislative review of public campaign financing based upon the results of the limited experiment authorized by this act.

The form shall adequately explain the individual's option to designate one dollar (\$1) to the fund and that a designation does not increase tax liability.

Powers and duties of division.** (1) The *division may* enter, inspect, and examine any coal mine or any shaft, drift, or slope in the process of sinking for the purpose of mining coal in this state, and the workings and the machinery belonging thereto, at all reasonable times, either by day or night, but not so as to impede or obstruct the workings of the mine.

(2) *The division shall immediately notify the owner, lessee, superintendent, or mining boss of the discovery of any violation of the mining laws of this state, and of the penalty thereby imposed for those violations; and if the notice is disregarded, the division may stop immediately the working and operation of any mine or any part thereof where any dangerous or unlawful conditions are found. However, where conditions justify the division in so doing, it may grant a reasonable length of time for making repairs or for putting the mine in proper condition, but the number of workers employed in the mine or in the section of the mine involved shall be limited to those necessary to correct the unsafe condition. Where any stops or cessation of work are enforced, the division may thereafter allow the mine or part of a mine to be reopened when the dangerous or unlawful conditions existing there are removed or remedied so that they no longer exist.*

(3) The owner, lessee, operator, superintendent, or mining boss of the mine is required to furnish the means necessary for the entry, inspection, examination, inquiry, and exit. *The division shall carefully examine all the coal mines in operation in this state at least every three (3) months, and more often if necessary, to see that every precaution is taken to insure the safety of all workers that may be engaged in the coal mine. The division shall make a record of the visit, noting the time and the material circumstances of the inspection. If the division has in its possession any complaint to the effect that this chapter is being violated, it shall notify the employer and the employees that it is about to make an inspection. Where a local union has jurisdiction over the mine inspected, the *division shall post three (3) copies of the statement of conditions within one (1) week after making the inspection. Section 13. Section 50-432, R.C.M. 1947, is amended to read as follows:

"50-432. **Copies of maps for division.** The original or true copies of all maps shall be kept in the office at the mine, and true copies shall also be furnished the *division* within thirty (30) days after *their* completion. The maps delivered to the *division* shall *become* the property of the state. They shall be kept at the office of the *division* and be open to inspection by all persons interested in *them*. An examination shall only be made in the presence of *a division* inspector, and he shall not permit any copies of *them* to be made without the written consent of the operator or owner of the property, under penalty of removal from office."

The changes and extensions shall be entered *on* the copies of the maps of the *division*, or new copies furnished *it*, within thirty (30) days after the last survey is made. *When* the operator of *a* mine *neglects* or *refuses*, or for any cause not satisfactory to the *division* *fails*, for a period of three (3) months, to furnish the *division* the map or plan of *the* mine, or a copy, or of the extension, the *division* *may* make or cause to be made an accurate map or plan of *the* mine at the expense of the owner or lessee, and the cost may be recovered from *the* owner, lessee, or operator, in the same manner as other debts by suit in the name of the state.

(2) The *division* shall require an extension of the last preceding survey, once every twelve (12) months, of every mine in active operation in which five (5) men or less are employed on any one shift."

Section 15. Section 50-434, R.C.M. 1947, is amended to read as follows:

"50-434. **Abandoned mines.** (1) When a coal mine is worked out, or is about to be abandoned, or indefinitely closed, the operator shall make or cause to be made a final survey of all available parts of *the* mine, and the results shall be duly extended on all maps *and copies* of the mine, to show all excavations and the most advanced workings of the mine, and their exact relations to the boundary or section lines on the surface.

(2) The *division* may order a survey to be made of the workings of a mine which is about to be abandoned, or of which *it* has reason to believe the maps are inaccurate, whenever in *its* judgment the safety of the *workers*, the support of the surface, the conservation of the property, or the safety of an adjoining mine requires it. *The* survey shall be *at the expense of the state.*"

Section 21. There is a new section to be numbered 50-478, R.C.M. 1947, which reads as follows:

**50-478. Duty of division.** (1) When advised by an operator of any accident in a coal mine involving loss of life or serious personal injury, the division shall, if it considers it necessary from the facts reported, and

in all cases of loss of life, immediately have an inspector go to the scene of the accident within forty-eight (48) hours of notification. Every operator of a coal mine, or his agent, shall make and preserve for the information of the division, upon uniform blanks furnished by the division, a record of all injuries sustained by any employees on the premises.

(2) The division may also make any original or supplementary investigation which it considers necessary as to the nature and cause of an accident, and shall make a record of the circumstances and of the result of the investigations for its files.

(3) The inspection team shall include a division coal mine inspector, the employer or his designee, and a representative of the employees.

(4) The operator shall, upon being notified of a fatality in a coal mine, relay that information promptly to the district office of the miners' organization. The representative of the miners' organization, or some person delegated by him, may enter any coal mine for the purpose of investigating the causes of a fatal accident.

Section 22. There is a new section to be numbered 50-479, R.C.M. 1947, which reads as follows:

**50-479. Hoisting — licensing of hoisting engineers.** Hoisting of personnel and licensing of hoisting engineers shall be performed in mines under the provisions of the law and rules and standards adopted by the division.

Section 23. There is a new section to be numbered 50-480, R.C.M. 1947, which reads as follows:

**50-480. Inspections and investigations — access to mine — order to close mine or abate violation — notice — hearing and review.** The division may at any time perform such inspections and investigations as it considers necessary in surface and underground mines which are subject to this chapter for the purpose of obtaining, utilizing, and disseminating information relating to health and safety conditions in the mines, the causes of accidents involving bodily injury or loss of life, or the causes of occupational diseases originating therein, and for the purpose of determining whether there is compliance with a health and safety standard or order issued under this chapter.

Section 24. There is a new section to be numbered 50-480.1, R.C.M. 1947, which reads as follows:

**50-480.1. Inspections — continued.** For the purpose of making an inspection or investigation authorized by this chapter, representatives of the division may enter, upon or through, any mine which is subject to this chapter.

Section 25. There is a new section to be numbered 50-480.2, R.C.M. 1947, which reads as follows:

**50-480.2. Imminent danger elimination.** If, upon an inspection of a mine the division finds that the conditions or practices in the mine are such that a danger exists which could reasonably be expected to cause

death or serious physical harm immediately or before the danger can be eliminated, the division shall determine the extent of the area of the mine throughout which the danger exists, and order the operator of the mine to have all persons (except the persons designated below, whose presence in the area is necessary to eliminate the danger described in the order) withdrawn from and excluded from entering the area:

(1) a person whose presence in the area is necessary in the judgment of the operator of the mine, to eliminate the danger;

(2) a public official whose official duties require him to enter the area;

(3) a legal or technical consultant, or a representative of the employees of the mine, who is a person qualified to make mine examinations, or is accompanied by such a person, and whose presence in the area is necessary in the judgment of the operator of the mine, for the proper investigation of the conditions in the area.

Section 26. There is a new section to be numbered 50-480.3, R.C.M. 1947, which reads as follows:

**50-480.3. Inspections — standards violated — abatement.** If, upon an inspection or investigation, the division finds that there has been a failure to comply with a mandatory standard which is applicable to the mine, but that the failure to comply has not created a danger that could reasonably be expected to cause death or serious physical harm in the mine immediately or before the imminence of the danger can be eliminated, it shall determine what would be a reasonable period of time within which the violation should be totally abated and issue a notice fixing a reasonable time for the abatement of the violation. If, upon the expiration of the period of time as originally fixed or extended, the division finds that the violation has not been totally abated, and if it also finds that the period of time should not be further extended, it shall also find the extent of the area which is affected by the violation. The division shall order the operator of the mine to have all persons in the area (excepting the following persons whose presence in the area is necessary to abate the violation described in the order) to be withdrawn from, and to be excluded from entering the area:

(1) a person whose presence in the area is necessary, in the judgment of the operator of the mine, to abate the violation;

(2) a public official whose official duties require him to enter the area;

(3) a legal or technical consultant, or a representative of the employees of the mine who is a person qualified to make examinations, or is accompanied by such a person, and whose presence in the area is necessary in the judgment of the operator of the mine, for the proper investigation of the conditions in the area.

Section 27. There is a new section to be numbered 50-480.4, R.C.M. 1947, which reads as follows:

**50-480.4. Findings and orders.** (1) Findings and orders issued under this chapter shall contain a detailed description of the conditions or practices which cause and constitute a situation of imminent danger or a viola-

tion of a mandatory standard, and a description of the area of the mine throughout which persons must be withdrawn and excluded.

(2) Each finding made and notice or order issued by the division shall be given promptly to the operator of the mine to which it pertains, and all the findings, orders, and notices shall be in writing, and shall be signed by the division inspector making them. A notice or order issued by the division under this chapter may be amended, canceled, or revised by the division.

Section 28. There is a new section to be numbered 50-480.5, R.C.M. 1947, which reads as follows:

**50-480.5. Order subject to review.** The order of the division shall remain in effect, but shall immediately be subject to review as provided in this chapter.

Section 29. There is a new section to be numbered 50-480.6, R.C.M. 1947, which reads as follows:

**50-480.6. Application for hearing.** An operator notified of an order made under section 50-480.2 may apply to the division for a hearing, revision, or amendment of the order. When the division after a hearing upon complaint, or upon its own motion, finds that danger throughout the area of the mine as set out in the order existed at the time of making the inspection, it shall make an order denying a revision, or amendment. However, if it finds that the danger did not exist throughout the area of the mine, it shall make an order consistent with its findings, revising, or amending the order under review.

Section 30. There is a new section to be numbered 50-480.7, R.C.M. 1947, which reads as follows:

**50-480.7. Order — no violation — abatement.** An operator notified of an order made under section 50-480.2 may apply to the division for a hearing or revision of the order. If the division finds that there was no violation, it shall make an order rescinding the order under review. If the division finds that there was a violation, but the violation has since been abated, it shall make an order rescinding the order under review. If the division finds that the violation was not totally abated, it shall make an order consistent with its findings.

Section 31. There is a new section to be numbered 50-480.8, R.C.M. 1947, which reads as follows:

**50-480.8. Expeditious hearing by division.** In view of the urgent need for prompt decisions of matters submitted to the division under this chapter, all actions which the division is required to take under this chapter shall be taken as rapidly as practicable, consistent with adequate consideration of the issues involved.

Section 32. There is a new section to be numbered 50-481, R.C.M. 1947, which reads as follows:

Section 2. Section 70-806, R.C.M. 1947, is amended to read as follows:

**"70-806. Application for certification — filing and contents — fees — use of filing fees — proof of service on municipalities — waiver of time requirement.** (1) At least two (2) years prior to anticipated commencement of construction of a utility facility as defined in sections 70-803(3)(a), 70-803(3)(b)(iv), 70-803(3)(c), and 70-803(3)(d) and at least nine (9) months prior to the anticipated commencement date of the construction of a utility facility as defined in section 70-803(3)(b)(iii), an applicant for a certificate shall file with the department an application, in such form as the department may prescribe, containing the following information:

(a) a description of the location and of the utility facility to be built thereon;

(b) a summary of any studies which have been made of the environmental impact of the facility;

(c) a statement explaining the need for the facility;

(d) a description of any reasonable alternate location or locations for the proposed facility, a description of the comparative merits and detriments of each location submitted, and a statement of the reasons why the primary proposed location is best suited for the facility; and

(e) such other information as the applicant may consider relevant or as the department may by regulation or order require. A copy or copies of the studies referred to in clause (b) above shall be filed with the department, if ordered, and shall be available for public inspection.

(2) A filing fee shall be deposited in the state general fund. Said fee shall be based upon the estimated cost of the facility according to the declining scale which follows. The applicant shall pay the accumulated sums calculated as follows: three percent (3%) of any estimated cost up to one million dollars (\$1,000,000); plus one percent (1%) of any estimated cost over a million dollars and up to twenty million dollars (\$20,000,000); plus one-half of one percent (0.5%) of any estimated cost over twenty million dollars (\$20,000,000) and up to one hundred million dollars (\$100,000,000); plus one-quarter of one percent (0.25%) of any amount of estimated cost over one hundred million (\$100,000,000) and up to three hundred million dollars (\$300,000,000); plus one-tenth of one percent (0.1%) of any amount of estimated cost over three hundred million dollars (\$300,000,000). It is the intent of the legislature that the revenues derived from the filing fee be used by the department in compiling the information required for rendering a decision on a certificate and for carrying out its other responsibilities under this act.

(3) Each application shall be accompanied by proof of service of a copy of such application on the chief executive officer of each municipality and the head of each government agency, charged with the duty of protecting the environment or of planning land use, in the area in which any portion of such facility is to be located, both as primarily and as alternatively proposed. The copy of such application shall be accompanied by a notice specifying the date on or about which the application is to be filed.

(4) Each application shall also be accompanied by proof that public notice thereof was given to persons, residing in the municipalities entitled to receive notice under subsection (3) of this section, by the publication of a summary of the application, and the date on or about which it is to be filed, in such newspapers as will serve substantially to inform such persons of the application.

(5) Inadvertent failure of service on, or notice to, any of the municipalities, government agencies or persons identified in subsections (3) and (4) of this section may be cured pursuant to orders of the department designed to afford them adequate notice to enable their effective participation in the proceeding. In addition, the department may, after filing, require the applicant to serve notice of the application or copies thereof or both upon such other persons, and file proof thereof, as the department may deem appropriate.

(6) An application for an amendment of a certificate shall be in such form and contain such information as the department shall prescribe. Notice of such an application shall be given as set forth in subsections (3) and (4) of this section.

(7) The board may waive compliance with the time limit of this section if an applicant makes a clear and convincing showing that an immediate need for a facility exists and that the applicant did not have knowledge that the need existed sufficiently in advance of the need to file an application within the time provided in subsection (1) of this section."

Section 3. Section 70-807, R.C.M. 1947, is amended to read as follows:

"70-807. Study, evaluation and report on proposed facility —

**application for amendment of certificate — hearings.** (1) Upon receipt of an application complying with section 70-806, the department shall commence an intensive study and evaluation of the proposed facility and its effects, pursuant to section 70-816 of this act. Within six hundred (600) days following receipt of the application for a facility as defined in sections 70-803(3)(a), 70-803(b)(iv), 70-803(3)(c), 70-803(3)(d) and within one hundred eighty (180) days for a facility as defined in sections 70-803(b)(iii) the department shall make a report to the board, which shall contain the department's studies, evaluations, recommendations, other pertinent documents resulting from its study and evaluation pursuant to section 70-816 of this act and the final environmental impact statement.

The departments of health and environmental sciences, highways, intergovernmental relations, fish and game, and public service regulation shall report to the department information relating to the impact of the proposed site on each department's area of expertise. Such information may include opinions as to the advisability of granting or denying the certificate. The department shall allocate funds obtained from filing fees to the departments making reports to reimburse them for the costs of compiling information and issuing the required report.

(2) On an application for an amendment of a certificate, the board shall hold a hearing in the same manner as a hearing is held on an application for a certificate if the proposed change in the facility would result in any material increase in any environmental impact of the facility or a substantial change in the location of all or a portion of such facility other than as provided in the alternates set forth in the application.

(3) Upon receipt of the department's report submitted under subsection (1) of this section, the board shall set a hearing date not more than sixty (60) days after such receipt."

Section 4. Section 70-820, R.C.M. 1947, is amended to read as follows:

"70-820. **Adoption of rules—monitoring of facilities.** (1) The board and department may adopt rules implementing the provisions of this act.

(2) The board and the department shall have continuing authority and responsibility for monitoring the operations of all certificated facilities, for assuring continuing compliance with this act and certificates issued hereunder, and for discovering and preventing noncompliance with this act and such certificates.

(3) *The board shall adopt rules requiring every person who proposes to gather geological data by boring of test holes or other underground exploration, investigation, or experimentation, related to the possible future development of an underground utility facility employing geothermal resources, to comply with the following requirements:*

- (a) *Notify the department of the proposed action;*
- (b) *Submit to the department a description of the area involved;*
- (c) *Submit to the department a statement of the proposed activities to be conducted and the methods to be utilized;*

(d) *Submit to the department geological data reports at such times as may be required by the rules; and*

(e) *Submit such other information as the board may require in the rules."*

Section 2. There is a new section to be numbered 92-704.2, R.C.M. 1947, which reads as follows:

92-704.2. **Application of act.** The provisions of this act apply prospectively only. However, the division shall pay to any widow, widower or beneficiary who did or shall become eligible for compensation for injury causing death after June 30, 1973, and before July 1, 1974, such sum or sums necessary to bring the total amount of compensation paid or to be paid as long as such person has, or remains eligible for compensation, to the amount such person would have received without the reduction for benefits granted by the Social Security Act. The division shall pay such sums in a lump sum as to compensation periods past and bi-weekly as to compensation to become due and from a special fund appropriated for this purpose.

Section 3. This act is effective on its passage and approval.

## CHAPTER NO. 271

AN ACT AMENDING THE FLOODWAY MANAGEMENT AND REGULATION ACT, SECTION 89-3501 ET SEQ., R.C.M. 1947, TO PROVIDE FOR THE DESIGNATION OF FLOODPLAINS AND FLOODWAYS; TO SHORTEN TO SIX MONTHS THE TIME WITHIN WHICH A POLITICAL SUBDIVISION MAY ADOPT LAND-USE REGULATIONS; TO EMPOWER THE BOARD OF NATURAL RESOURCES AND CONSERVATION TO SHORTEN UPON NOTICE THE SIX-MONTH TIME PERIOD WHEN NECESSARY TO COMPLY WITH FEDERAL FLOOD INSURANCE REGULATIONS; AND TO ALLOW LOCAL POLITICAL SUBDIVISIONS TO ADOPT EXCLUSIVE FLOODPLAIN AND FLOODWAY LAND-USE REGULATION AND PERMIT SYSTEMS; AND PROVIDING AN EFFECTIVE DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 89-3502, R.C.M. 1947, is amended to read as follows:

"89-3502. **Policy and purposes.** The policy and purposes of this act are to guide development of the floodway areas of this state consistent with the enumerated findings; to recognize the right and need of watercourses to periodically carry more than the normal flow of water; to provide state co-ordination and technical assistance to local units in management of floodway areas; to co-ordinate federal, state and local management activities for floodway areas; to encourage local governmental units to manage flood-prone lands including the adoption, enforcement and administration of land-use regulations and to provide the Montana water resources board with authority necessary to carry out a comprehensive floodway management program for the state.

Specifically, it is the purpose of this act to:

- (1) restrict or prohibit uses which are dangerous to health, safety of property in times of flood or cause increased flood heights or velocities;
- (2) require that uses vulnerable to floods, including public facilities which serve such uses, be provided with flood protection at the time of initial construction;
- (3) develop and provide information to identify lands which are unsuited for certain development purposes because of flood hazard;
- (4) *distinguish between the land-use regulations applied to the designated floodway and those applied to that portion of the designated floodplain not contained within the designated floodway;*
- (5) *apply more restrictive land-use regulations within the designated floodway;*
- (6) *ensure that regulations and minimum standards adopted under this act, insofar as possible, balance the greatest public good with the least private injury."*

Section 2. Section 89-3503, R.C.M. 1947, is amended to read as follows:

"89-3503. **Definitions.** As used in this act, unless the context otherwise requires:

- (1) "A flood of one hundred (100) year frequency" means a flood magnitude expected to recur on the average of once every one hundred (100) years, or a flood magnitude which has a one percent (1%) chance of occurring in any given year;
- (2) "Channel" shall mean the geographical area within either the natural or artificial banks of a watercourse or drainway;
- (3) "Board" shall mean the board of *natural resources and conservation*;
- (4) "Department" means the department of natural resources and conservation provided for in title 82A, chapter 15;
- (5) "Designated floodway" shall mean a floodway whose limits have been designated and established by order of the board.

(6) *"Designated floodplain" means a floodplain whose limits have been designated and established by order of the board;*

(7) *"Drainway" shall mean any depression two (2) feet or more below the surrounding land serving to give direction to a current of water less than nine (9) months of the year, having a bed and well-defined banks; provided, that in the event of doubt as to whether a depression is a watercourse or drainway, it shall be presumed to be a watercourse;*

(8) *"Flood" shall mean the water of any watercourse or drainway which is above the bank or outside the channel and banks of such watercourse or drainway;*

(9) *"Floodway" shall mean the channel of a watercourse or drainway and those portions of the floodplain adjoining the channel which are reasonably required to carry and discharge the flood water of any watercourse or drainway;*

(10) *"Floodplain" shall mean the area adjoining the watercourse or drainway which would be covered by the flood water of a flood of one hundred (100) year frequency;*

(11) *"Establish" shall mean construct, place, insert, or excavate;*

(12) *"Natural obstruction" shall mean any rock, tree, gravel, or analogous natural matter that is an obstruction and has been located within the floodplain or floodway by a nonhuman cause;*

(13) *"Artificial obstruction" shall mean any obstruction which is not a natural obstruction and includes any dam, wall, riprap, embankment, levee, dike, pile, abutment, projection, revetment, excavation, channel rectification, bridge, conduit, culvert, building, refuse, automobile body, fill, or other analogous structure or matter in, along, across, or projecting into any floodplain or floodway which may impede, retard or change the direction of the flow of water, either in itself or by catching or collecting debris carried by such water, or that is placed where the natural flow of the water would carry the same downstream to the damage or detriment of either life or property;*

(14) *"Owner" shall mean any person who has dominion over, control of, or title to an obstruction;*

(15) *"Political subdivision" shall mean any incorporated city or town or any county organized and having authority to adopt and enforce land-use regulations; and*

(16) *"Responsible political subdivision" means a political subdivision that has enacted land-use regulations in accordance with this act.*

(17) *"Watercourse" shall mean any depression two (2) feet or more below the surrounding land serving to give direction to a current of water at least nine (9) months of the year, having a bed and well-defined banks; provided, that it shall, upon order of the board, also include any particular depression which would not otherwise be within the definition of watercourse."*

Section 3. Section 89-3504, R.C.M. 1947, is amended to read as follows:

**"89-3504. Program for delineation of floodways — floodway-encroachment lines — land-use regulations.** (1)(a) The board shall initiate a comprehensive program for the delineation of designated *floodplains and designated floodways* for every watercourse and drainway in the state. It shall make a study relating to the acquiring of flood data, and have authority to enter into arrangements with the United States geological survey, the United States army corps of engineers or any other state or federal agency for such acquisition.

(b) *Before the board establishes by order a designated floodplain or a designated floodway, the department shall consult with the affected political subdivisions. Consultation shall include, but not be limited to, the following:*

(i) *specifically requesting that the political subdivisions submit pertinent data concerning flood hazards, including flooding experiences, plans to avoid potential hazards, estimates of economic impacts of flooding on the community, both historical and prospective, and such other data as considered appropriate;*

(ii) *notifying local officials, including members of the county commission, city council and planning board, of the progress of surveys, studies and investigations and of proposed findings, along with information concerning data and methods employed in reaching such conclusions; and*

(iii) *encouraging local dissemination of information concerning surveys, studies and investigations, so that interested persons will have an opportunity to bring relevant data to the attention of the department.*

(2) When sufficient data have been acquired, the board shall establish, by order, after a public hearing, *the designated floodplain* within which a political subdivision may establish land-use regulation. *When sufficient data have been acquired, the board shall establish, by order, after a public hearing, the designated floodway within which a political subdivision may establish land-use regulation. These designations shall be based upon reasonable hydrological certainty. When the designated floodplain or the designated floodway has been established, the board shall furnish such data to officials of the political subdivision having jurisdiction over such areas together with a map outlining the areas involved, a copy of this act, adopted rules and regulations of the board, and suggested minimum standards. These standards, rules and regulations shall reflect gradations in flood hazard based on criteria as outlined in subsection (2) of section 89-3507 of this act. In adopting these standards, rules, and regulations, the board shall consider local input from the affected political subdivisions.* The board shall record all *designated floodplains or designated floodways* established by it in the office of the county clerk and recorder of each county in which such *floodplains or floodways* are found. The board shall have the power to alter such *floodplains or floodways* at any later time, by order, after a public hearing if a re-evaluation of the then available flood data warrants it. Notice of any such hearing or order of the board establishing or altering any such *floodplains or floodways* shall be given by publishing such notice once each week for three consecutive weeks in a legal newspaper published or of general circulation in the area involved, the last publication of which shall be not less than ten (10) days prior to the date set for the hearing or the effective date of such order.

(3) *Upon transmittal of the floodplain information to officials of a political subdivision, the political subdivision has six (6) months from the date of transmittal to adopt land-use regulations which meet or exceed the minimum standards of the board. If within the six (6) month period the political subdivision has failed to adopt the land-use regulations, the department shall enforce the minimum standards within the designated floodplain or the designated floodway as established by the board under subsection (2) of this section, and no artificial obstruction or nonconforming use shall be established by any person within the designated floodplain or the designated floodway, unless specifically authorized by the board. When necessary for compliance with federal flood insurance requirements, the board may shorten the six (6) month period upon notification to the political subdivision and publication of a notice thereof in a newspaper of general circulation in the affected area once a week for three (3) consecutive weeks.*

Section 4. Section 89-3505, R.C.M. 1947, is amended to read as follows:

**"89-3505. Artificial obstructions and nonconforming uses as nuisances.** Any artificial obstruction or nonconforming use in any *designated floodplain* or designated floodway enforced under section 89-3504, subsections (3) or (4) and not exempt under section 89-3506 of this act is hereby declared to be a public nuisance unless a permit has been obtained for such artificial obstruction or nonconforming use from the *department or the responsible political subdivision.*"

Section 5. Section 89-3506, R.C.M. 1947, is amended to read as follows:

**"89-3506. Establishment of artificial obstructions or nonconforming uses unlawful — permitted open space uses — prohibited nonconforming uses.** (1) It shall be unlawful for a person to establish any artificial obstruction or nonconforming use within a *designated floodplain* or a *designated floodway*, without a permit from the *department or the responsible political subdivision*. This act shall not affect any existing artificial obstruction or nonconforming use established in the *designated floodplain* or *designated floodway* prior to the effective date of this act and before the board has enforced a *designated floodplain* or a *designated floodway* under section 89-3504, subsections (3) or (4); provided, that no person shall make nor shall any owner allow alterations of any artificial obstruction or *nonconforming use* within a *designated floodplain* or a *designated floodway* whether the obstruction proposed for alteration was located in the *floodplain* or floodway before or after the effective date of this act except upon express written approval of the *department or the responsible political subdivision*. Maintenance of an obstruction shall not be construed to be an alteration.

(2) The following open space uses shall be permitted within the designated floodway, to the extent that they are not prohibited by any other ordinance or statute, and provided they do not require structures other than portable structures, fill, or permanent storage of materials or equipment; (a) agricultural uses (b) industrial-commercial uses such as loading areas, parking areas, emergency landing strips (c) private and public

recreational uses such as golf courses, tennis courts, driving ranges, archery ranges, picnic grounds, boat launching ramps, swimming areas, parks, wildlife management and natural areas, game farms, fish hatcheries, shooting preserves, target ranges, trap and skeet ranges, hunting and fishing areas, hiking and horseback riding trails (d) forestry, including processing of forest products with portable equipment (e) residential uses such as lawns, gardens, parking areas and play areas (f) excavations subject to the issuance of a permit under section 89-3507.

*(3) Permits shall be granted for the following uses within that portion of the floodplain not contained within the designated floodway, to the extent that they are not prohibited by any other ordinance, regulation or statute:*

*(a) any use permitted in the designated floodway;*

*(b) structures, including, but not limited to, residential, commercial, and industrial structures, provided that:*

*(i) such structures meet the minimum standards adopted by the board;*

*(ii) residential structures are constructed on fill such that the lowest floor elevation (including basements) is two (2) feet above the one hundred (100)-year flood elevation;*

*(iii) commercial and industrial structures are either constructed on fill as specified in subparagraph (ii) above, or are adequately floodproofed up to an elevation no lower than two (2) feet above the one hundred (100)-year flood elevation. Such floodproofing shall be in accordance with the minimum standards adopted by the board.*

(4) The following nonconforming uses shall be prohibited within the designated floodway: (a) Any building for living purposes or place of assembly or permanent use by human beings (b) any structure or excavation that will cause water to be diverted from the established floodway, cause erosion, obstruct the natural flow of water, or reduce the carrying capacity of the floodway (c) the construction or permanent storage of any object subject to flotation or movement during flood level periods."

Section 6. Section 89-3507, R.C.M. 1947, is amended to read as follows:

**"89-3507. Permits for obstructions — application — factors considered — fees.** (1) *The department or the responsible political subdivision shall have the power to issue permits for the establishment or alteration of artificial obstructions and nonconforming uses which would otherwise violate section 89-3506 of this act. The application for the permit shall contain such information as the department or the responsible political subdivision shall require, including complete maps, plans, profiles and specifications of the obstruction or use and watercourse or drainway.*

(2) *In passing upon such application, the department or the responsible political subdivision shall consider in accordance with the minimum standards established by the board (a) the danger to life and property by water which may be backed up or diverted by such obstruction or use, (b) the*

danger that the obstruction *or use* will be swept downstream to the injury of others, (c) the availability of alternate locations, (d) the construction or alteration of the obstruction *or use* in such a manner as to lessen the danger, (e) the permanence of the obstruction *or use*, (f) the anticipated development in the foreseeable future of the area which may be affected by the obstruction *or use*, and (g) such other factors as are in harmony with the purpose of this act. The *department or the responsible political subdivision* may make a part of such permit any reasonable conditions it may deem advisable. In order for the permit to continue to remain in force, the obstruction *or use* must be maintained so as to comply with the conditions and specifications of the permit.

(3) Permits for obstructions *or uses* to be established in the *designated floodplain or designated floodway* of watercourses must be specifically approved or denied within a reasonable time by the *department or the responsible political subdivision*; permits for obstructions *or uses* in the *designated floodplains or designated floodways* shall be conclusively deemed to have been granted sixty (60) days after the receipt of such application by the *department or the responsible political subdivision*, or after such time as the board *or the responsible political subdivision* shall specify, unless the *department or the responsible political subdivision* notifies the applicant that the permit is denied. *The responsible political subdivision shall send to the department a copy of each permit granted pursuant to this section.*

(4) Every application for a permit shall be accompanied by a nonrefundable application fee of ten dollars (\$10) which the state treasurer shall credit to the floodway obstruction removal fund."

Section 7. Section 89-3508, R.C.M. 1947, is amended to read as follows:

"89-3508. **Powers and duties of board relative to obstructions.** The powers and duties of the board relative to obstructions in a board floodway shall include the following:

(1) Where an obstruction to a *designated floodway* established under section 89-3504, subsections (2) or (4) has been created by fallen trees, silt, debris, wreckage, unanchored automobile bodies, and like matter, the board may, in its discretion, remove the obstruction, in which case the cost of removal shall be borne by the board; and

(2) Where, after investigation, notice, and hearing, an order has been issued to the owner of an obstruction not exempt under the provisions of section 89-3506 of this act for its removal or repair, and the order is not complied with within such reasonable time as may be prescribed, or if the owner cannot be found or determined, the board may make or cause such removal or repairs to be made, the cost of which shall be borne by the owner and shall be recoverable in the same manner as debts are now recoverable by law."

Section 8. Section 89-3509, R.C.M. 1947, is amended to read as follows:

"89-3509. **Authority to enter and investigate lands or waters.** The

board, or the responsible political subdivision, or agents, surveyors, or other employees thereof, may make reasonable entry upon any lands and waters in the state for the purpose of making any investigation, survey, removal, or repair contemplated by this act. An investigation of any natural or artificial obstruction or *nonconforming use* shall be made by the board either on its own initiative, on the written request of any three (3) titleholders of land abutting the watercourse or drainway involved, or on the written request of any political subdivision."

Section 9. Section 89-3510, R.C.M. 1947, is amended to read as follows:

"89-3510. **Obstructions exempt where drainage area is small.** This act shall not extend to any obstruction in the *floodplain* or floodway of a watercourse or drainway where the drainage area above the same, either within or without the state, is less than twenty-five (25) square miles in extent, unless a particular watercourse or drainway is expressly declared to be within the coverage of this act by order of the board."

Section 10. Section 89-3511, R.C.M. 1947, is amended to read as follows:

"89-3511. **Orders and rules — judicial remedy.** The board may issue such orders and rules as are necessary to implement the provisions of this act. If an order is issued to the owner of an artificial obstruction or *nonconforming use* not exempt under the provisions of section 89-3506 of this act for its removal or repair, such order shall not become effective less than (10) days after a hearing is held relating to such order. In addition to any requirement imposed by subsection (2) of section 89-3504 of this act, where any order is issued which affects with particularity the land adjacent to any watercourse or drainway, notice of the contents of such order and of any required hearing shall be mailed by the board to the titleholder of such land not less than ten (10) days before the effective date of such order, or, if there is a required hearing, to the titleholder of such land and to the owner of the *artificial* obstruction or *nonconforming use* not less than ten (10) days before the date of such hearing; provided, that such notice need not be given to the owner of the *artificial* obstruction or *nonconforming use* for an order issued pursuant to subsection (2) of section 89-3508 of this act if the owner cannot be found or determined. All orders and rules issued by the board shall be on file at the offices of the board and in the office of the county clerk of each county affected by such order or rule. Any person aggrieved by any order of the board issued under this act may appeal from such order to a court of competent jurisdiction within thirty (30) days after its effective date. In the event such an appeal is taken, enforcement of such order shall be stayed pending the outcome of such appeal. Service of notice of the appeal shall be made upon the director of the board."

Section 11. Section 89-3514, R.C.M. 1947, is amended to read as follows:

"89-3514. **Permit construed as added requirement—exception—immunity.** (1) The granting of a permit under the provisions of this act shall in no way affect any other type of approval required by any

other statute or ordinance of the state, of any political subdivision or of the United States, but shall be construed as an added requirement; provided, that if a political subdivision enacts *in harmony with the purposes of this act permit issuance ordinances, regulations or resolutions and land-use ordinances, regulations or resolutions which meet or exceed the minimum standards of the board, and if the administrative and enforcement procedures established for those ordinances, regulations, or resolutions are found acceptable by the board, no permit from the department is required; however, if the board determines that there is a failure by a political subdivision to comply with the intent, purposes and provisions of this act and the minimum standards adopted thereunder, the powers of the political subdivision may be suspended after hearing, and the minimum standards adopted by the board shall be enforced by the department until such time as the board determines that the political subdivision will comply.* The grant or denial of a permit shall not have any effect on any remedy of any person at law or in equity; provided, that where it is shown that there is a wrongful failure to comply with this act, there shall be a rebuttable presumption that the obstruction was the proximate cause of the flooding of the land of any person bringing suit.

(2) No action for damages sustained because of injury caused by an obstruction for which a permit has been granted under this act shall be brought against the state, the board, a member of the board, or its employees or agents. No provision of this act shall be construed as interfering in any way with the right of the United States to regulate interstate commerce or the navigable waters of the United States."

Section 12. This act is effective on its passage and approval.

compensation benefits shall not exceed the state's average weekly wage. Total permanent disability benefits shall be paid for the duration of the worker's total permanent disability.

In cases where it is determined that periodic benefits granted by the Social Security Act, 42 U.S.C. 301 (1935), are payable because of the injury, the weekly benefits payable under this section are reduced, but not below zero (0), by an amount equal, as nearly as practical, to one-half ( $\frac{1}{2}$ ) the federal periodic benefits for such week.

Section 2. Section 92-704.1, R.C.M. 1947, is amended to read as follows:

**"92-704.1. Compensation for injury causing death.** Weekly compensation benefits for injury causing death shall be sixty-six and two-thirds percent ( $66\frac{2}{3}\%$ ) of the decedent's wages. The maximum weekly compensation benefits shall not exceed the state's average weekly wage. The minimum weekly compensation for death shall be fifty percent (50%) of the state's average weekly wage, but in no event shall it exceed the decedent's actual wages at the time of his death.

## CHAPTER NO. 274

AN ACT DEFINING SHOPLIFTING AS THEFT; AMENDING SECTIONS 95-611 AND 11-1602, R.C.M. 1947, EXPANDING A CITIZEN'S RIGHT TO DETAIN AND ARREST OFFENDERS AND LIMITING CIVIL ACTIONS BASED ON SUCH DETENTIONS AND ARRESTS.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. There is a new section to be numbered 95-611.1, R.C.M. 1947, which reads as follows:

95-611.1. **Definitions.** As used in this act:

(1) "Concealment" means any act or deception done purposely or knowingly upon or outside the premises of a wholesale or retail store or other mercantile establishment with the intent to deprive the merchant of all or part of the value of the merchandise. The following acts or deceptive conduct shall be prima facie evidence of concealment: concealing merchandise upon the person, or in a container, or otherwise removing such merchandise from full view while upon the premises; or removing, changing, or altering any price tag; or transferring or moving any merchandise upon the premises to obtain a lower price than the merchandise was offered for sale by the merchant; or abandoning or disposing of any merchandise in such a manner that the merchant will be deprived of all or part of the value of the merchandise.

(2) "Shoplifting" means the theft of any goods offered for sale by a wholesale or retail store or other mercantile establishment.

Section 2. There is a new section to be numbered 95-611.2, R.C.M. 1947, which reads as follows:

95-611.2. **Concealment not proof of theft.** Concealment of merchandise shall not constitute proof of the commission of the offense of theft.

Section 3. Section 95-611, R.C.M. 1947, is amended to read as follows:

"95-611. **Arrest by a private person.** A private person may arrest another when:

(1) *he believes, on reasonable grounds, that an offense is being committed or attempted in his presence;*

(2) *a felony has in fact been committed and he believes, on reasonable grounds, that the person arrested has committed it; or*

(3) *he is a merchant, as defined in section 64-212, and has probable cause to believe the other is shoplifting in the merchant's store. Such merchant may stop and temporarily detain the suspected shoplifter; the merchant in such event:*

*(a) shall promptly inform the person that the stop is for investigation of shoplifting, and that upon completion of the investigation the person will be released or turned over to the custody of a peace officer;*

*(b) may demand of the person his name and his present or last address and may question the person in a reasonable manner for the purpose of ascertaining whether or not such person is guilty of shoplifting;*

*(c) may take into possession any merchandise for which the purchase price has not been paid and which is in the possession of the person or has been concealed from full view; and*

*(d) may place the person under arrest or request the person to remain on the premises until a peace officer arrives.*

*Any stop, detention, questioning or recovery of merchandise under this subsection shall be done in a reasonable manner and time. Unless evidence of concealment is obvious and apparent to the merchant this section shall not authorize a search of the detained person other than a search of his coat or other outer garments and any package, brief case or other container unless the search is done by a peace officer under proper legal authority. After the purpose of a stop has been accomplished or thirty (30) minutes have elapsed, whichever occurs first, the merchant shall allow the person to go unless the person is arrested and turned over to the custody of a police officer.*

*(4) Such stop and temporary detention, with or without questioning or removal of merchandise, when done by a merchant in compliance with the law, shall not constitute an unlawful arrest or search. A merchant stopping, detaining, or arresting a person on the belief that such person is shoplifting, is not liable for damages to such person unless the merchant acts with malice either actual or implied or contrary to the provisions of this law."*

Section 4. Section 11-1602, R.C.M. 1947, is amended to read as follows:

"11-1602. **Jurisdiction of police courts.** The police court has concurrent jurisdiction with the justice of the peace of the following public offenses committed within the county:

## CHAPTER NO. 275

AN ACT REQUIRING THAT ANY LAW REQUIRING LOCAL GOVERNMENT TO ADMINISTER ANY PROGRAM OR PROVIDE ANY SERVICE INCLUDE A METHOD OF FINANCING SUCH PROGRAM OR SERVICE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. There is a new section to be numbered 43-517, R.C.M. 1947, which reads as follows:

43-517. **Financing new local government duties.** Any law enacted by the legislature after July 1, 1974, which requires a local government unit to perform an activity or provide a service or facility which will require the direct expenditure of additional funds must provide a means to finance the activity, service or facility. The means of financing such activity may be through a general, all-purpose or special levy or through

remission of funds by the state of Montana to said local government unit, provided, however, that any requirement in such law that financing be made from the local government unit's levy authority must also provide authority therein to increase said levy by an amount necessary to finance said program, and provided further, that if financing is provided by remission of funds by the state of Montana, such remission shall bear a reasonable relationship to the actual cost of performing the activity or providing the service or facility. The local government unit may refuse to administer or enforce any law which does not comply with the requirements of this section if that law requires an expenditure that would require the local government unit to exceed its statutory levy authority. No subsequent legislation shall be deemed to supersede or modify any provision of this act, whether by implication or otherwise, except to the extent that such legislation shall do so expressly.

Section 2. There is a new section to be numbered 43-518, R.C.M. 1947, which reads as follows:

**43-518. Not applicable to certain legislation.** This act shall not apply to any law under which the required expenditure of additional local funds is incidental to the main purpose of the law.

(2) If the commission finds that such work may be done in some more efficient manner, it need not let the contract by competitive bidding.

(3) If, on any highway construction work financed in whole or in part by federal funds, the United States secretary of commerce affirmatively finds that under the circumstances relating to a particular project some method other than competitive bidding is in the public interest, the commission may enter into contracts with any board of county commissioners. Such contracts may authorize each county to acquire rights of way for, survey, and construct farm to market, secondary, or feeder roads within the county by force account, unit price, or otherwise, as may be agreed by the commission and each board.

(4) *If, on any highway construction work financed in whole or in part by federal funds the commission finds that enforcement of the provisions contained in sections 84-3507 and 82-1927, relating to public contractors working beyond contract time will result in a reduction in the full benefits of the Federal Highway Act of 1921 and all amendments thereto, it may waive enforcement of such provisions."*

Section 7. There is a new section to be numbered 50-1607, R.C.M. 1947, which reads as follows:

**50-1607. Application for permit — contents — permit authorization — notification — fee — bond.** (1) A person desiring a mine site location permit shall file with the department an application which shall contain a reclamation plan for any preparatory work and such other information the department deems necessary to determine if the proposed area to be affected by the operation is appropriate for the location of a new strip mine. The department may require any information included in, but not limited to, an application for a strip mining permit as required by chapter 10, Title 50, R.C.M. 1947.

(2) A mine site location permit shall authorize the applicant to engage in preparatory work upon the area described in the application and designated in the permit for a period of one (1) year from the date of issuance and is renewable until the applicant has applied for and received a strip mining permit in accordance with chapter 10, Title 50, R.C.M. 1947.

(3) The department shall notify the applicant within three hundred sixty-five (365) days of receipt of a complete application if the proposed site is an acceptable location for development of a new strip mine. If the site is approved, the department shall issue the applicant a mine site location permit. If the location is not approved, the department shall notify the applicant in writing, setting forth reasons why the location is not acceptable. The department shall also notify the applicant within three hundred sixty-five (365) days of receipt of a complete application whether the proposed reclamation plan is or is not acceptable. If the plan is not

acceptable, the department shall set forth the reasons for non-acceptance of the plan. It may propose modifications, delete areas, or reject the entire plan.

(4) A fee of fifty dollars (\$50) shall be paid before the mine site location permit required in this act may be issued. The operator shall also file with the department a bond payable to the state of Montana with surety satisfactory to the department in the penal sum to be determined by the board (on the recommendation of the commissioner) of not less than two hundred dollars (\$200) nor more than ten thousand dollars (\$10,000) for each acre or fraction thereof of the area of land to be disturbed by preparatory work, with a minimum bond of five thousand dollars (\$5,000), conditioned upon the faithful performance of the requirements set forth in this act and of the rules of the board. In determining the amount of the bond within the above limits, the board shall take into consideration the character and nature of the surface disturbances, the future suitable use of the land involved and the cost of removing or burying facilities, backfilling, grading, topsoiling, and reclamation to be required. Notwithstanding the above limits the bond may not be less than the total estimated cost to the state of completing the work described in the reclamation plan.

Section 8. There is a new section to be numbered 50-1608, R.C.M. 1947, which reads as follows:

(3) The department shall not issue a permit under this act if a proposed reclamation plan does not meet the requirements of Title 50, chapter 10, R.C.M. 1947.

Section 9. There is a new section to be numbered 50-1609, R.C.M. 1947, which reads as follows:

**50-1609. Notice of noncompliance — suspension of permits — conditions required for reinstatement of permits.** (1) If any of the requirements of this act or rules or orders of the department and the board have not been complied with within the time limits set by the department or the board or by this act, the department shall serve a notice of noncompliance on the operator, or where found necessary, the commissioner shall order the suspension of a permit. The notice or order shall be handed to the operator in person or served by registered mail addressed to the permanent address shown on the application for a permit. The notice of noncompliance or order of suspension shall specify in what respects the operator has failed to comply with this act or the rules or orders of the department and the board. If the operator has not complied with the requirement set forth in the notice of noncompliance or order of suspension within time limits set therein, the permit may be revoked by order of the board and the performance bond forfeited to the department.

(2) Any additional strip mining or mine site location permits held by an operator whose mine site location permit has been revoked shall be suspended and the operator is not eligible to receive another permit or to have the suspended permits reinstated until he has complied with all the requirements of this act in respect to former permits issued him. An operator who has forfeited a bond is not eligible to receive another permit unless the land for which the bond was forfeited has been reclaimed without cost to the state, or the operator has paid into the reclamation account a sum together with the value of the bond, the board finds adequate to reclaim the lands. The department may not issue any additional permits to an operator who has repeatedly been in noncompliance or violation of this act.

This fund shall be available to the department by appropriation and shall be expended for the administration and enforcement of this act and for the reclamation and revegetation of land and the rehabilitation of water affected by any mining operations. Any unencumbered and any unexpended balance of this fund remaining at the end of any fiscal year shall not lapse but shall be carried forward for the purposes of this act until expended or until appropriated by subsequent legislative action.

Section 11. There is a new section to be numbered 50-1611, R.C.M. 1947, which reads as follows:

**50-1611. Violation — civil penalty — injunction — misdemeanor.** (1) A person or operator who violates any of the provisions of this act or rules or orders adopted under this act shall pay a civil penalty of not less than one hundred dollars (\$100) nor more than one thousand dollars (\$1,000) for the violation, and an additional civil penalty of not less than one hundred dollars (\$100) nor more than one thousand dollars (\$1,000) for each day during which a violation continues, and may be enjoined from continuing such violations as hereinafter provided in this section. These penalties shall be recoverable in any action brought in the name of the state of Montana by the attorney general in the district court of the first judicial district of this state, in and for the county of Lewis and Clark, or in the district court having jurisdiction of the defendant.

(2) The attorney general shall, upon the request of the commissioner, sue for the recovery of the penalties provided in this section for, and bring an action for a restraining order, temporary or permanent injunction, against an operator or other person violating or threatening to violate an order adopted under this act.

(3) A person who willfully violates any of the provisions of this act, or any determination or order adopted under this act which has become final is guilty of a misdemeanor and shall be fined not less than five

hundred dollars (\$500) and not more than five thousand dollars (\$5,000). Each day on which a violation occurs constitutes a separate offense.

Section 12. There is a new section to be numbered 50-1612, R.C.M. 1947, which reads as follows:

**50-1612. Mandamus to compel enforcement of law.** (1) A resident of this state, with knowledge that a requirement of this act or a rule adopted under this act, is not being enforced by a public officer or employee whose duty it is to enforce the requirement or rule may bring the failure to enforce to the attention of the public officer or employee by a written statement under oath that shall state the specific facts of the failure to enforce the requirement or rule. Knowingly making false statements or charges in the affidavit subjects the affiant to penalties prescribed under the law of perjury.

(2) If the public officer or employee neglects or refuses for an unreasonable time after receipt of the statement to enforce the requirement or rule, the resident may bring an action of mandamus in the district court of the first judicial district of this state, in and for the county of Lewis and Clark or in the district court of the county in which the land is located. The court, if it finds that a requirement of this act or a rule adopted under this act, is not being enforced shall order the public officer or employee, whose duty is to enforce the requirement or rule, to perform his duties. If he fails to do so, the public officer or employee shall be held in contempt of court and is subject to the penalties provided by law.

Section 13. There is a new section to be numbered 50-1613, R.C.M. 1947, which reads as follows:

**50-1613. Procedure for hearings and appeals.** All hearing and appeal procedures shall be in accordance with the Montana Administrative Procedure Act.

Section 14. There is a new section to be numbered 50-1614, R.C.M. 1947, which reads as follows:

**50-1614. Submitted information may be accepted to meet strip mining permit requirements.** The department may choose to accept information submitted under this act to the extent it is applicable and relevant as satisfying the requirements of chapter 10, Title 50.

Section 15. There is a new section to be numbered 50-1615, R.C.M. 1947, which reads as follows:

**50-1615. Termination of permit.** A mine site location permit granted by the department in accordance with the provisions of this act shall remain in full force and effect until the provisions of the permit are complied with and the bond is released, except that those areas of land covered by a mine site location permit for which a strip mining permit is granted pursuant to the provisions of chapter 10, Title 50, shall be released from the terms and provisions of the mine site location permit.

Section 16. There is a new section to be numbered 50-1616, R.C.M. 1947, which reads as follows:

50-1616. **Effect of strip mine siting permit on subsequent strip mining permits.** When the department has sufficient information to approve or disapprove a mine site location permit application on either the entire area being considered for a mine site location permit or a portion thereof on the grounds listed in section 50-1042(2) and (4), it shall so state in a written statement to the operator. This decision is binding on the department with regard to strip mining permit applications as specified in chapter 10, Title 50, R.C.M. 1947, unless:

(1) new information is submitted or obtained in compliance with chapter 10, Title 50, which indicates a situation not existing or known at the time of the issuance of a permit under this act;

(2) an application under this act misrepresented information related to the criteria;

(3) a situation develops because of strip mining operations which was not in existence at the time of the issuance of a permit under this act.

Section 17. There is a new section to be numbered 50-1617, R.C.M. 1947, which reads as follows:

50-1617. The provisions of this act shall not apply where any preparatory work was conducted prior to January 1, 1974, or for which contracts for preparatory work or the sale of Montana coal from a new strip mine by an operator holding a valid permit under section 50-1039 were in existence and proven specific notice thereof given to the department prior to January 1, 1974.

Section 1. Section 50-1203, R.C.M. 1947, is amended to read as follows:

"50-1203. **Definitions.** As used in this act, unless the context indicates otherwise: (1) "Surface mining" shall mean and include all or any part of the process involved in mining of minerals by removing the overburden and mining directly from the mineral deposits thereby exposed, including, but not limited to, open-pit mining of minerals naturally exposed at the surface of the earth, mining by the auger method, and any and all similar

methods by which earth or minerals exposed at the surface are removed in the course of mining. Surface mining shall not include the extraction of oil, gas, bentonite, clay, coal, sand, gravel, phosphate rock, or uranium nor excavation or grading conducted for on-site farming, on-site road construction, or other on-site building construction.

(2) "Unit of surface mined area" shall mean and include that area of land and surface water included within an operating permit actually disturbed by surface mining during each twelve-month period of time, beginning at the date of the issuance of the permit, and shall comprise and include the area from which overburden and/or minerals have been removed, the area covered by mining debris, and all additional areas used in surface mining or underground mining operations which, by virtue of such use, are thereafter susceptible to erosion in excess of the surrounding undisturbed portions of land.

(3) "Disturbed land" shall mean and include that area of land or surface water disturbed, beginning at the date of the issuance of the permit, and shall comprise that area from which the overburden, and/or minerals have been removed; tailings ponds, waste dumps, roads, conveyor systems, leach dumps, and all similar excavations or covering resulting from said operation and which has not been previously reclaimed under the reclamation plan.

(4) "Abandonment of surface or underground mining" may be presumed when it is shown that continued operation will not resume.

(5) "Underground mining" shall mean and include all methods of mining other than surface mining.

(6) "Person" shall mean and include any person, corporation, firm, association, partnership or other legal entity engaged in exploration for or development or mining of minerals on or below the surface of the earth.

(7) "Mineral" shall mean and include any ore, rock or substance, other than oil, gas, bentonite, clay, coal, sand, gravel, phosphate rock or uranium, taken from below the surface or from the surface of the earth for the purpose of milling, concentration, refinement, smelting, manufacturing, or other subsequent use or processing or for stockpiling for future usage, refinement or smelting.

(8) "Exploration" shall mean and include all activities conducted on or beneath the surface of lands resulting in material disturbance of the surface for the purpose of determining the presence, location, extent, depth, grade, and economic viability of mineralization in those lands, if any, other than mining for production and economic exploitation, as well as all roads made for the purpose of facilitating exploration, except as noted in section 20 [50-1220] and section 24 [50-1224] herein.

(9) "Development" shall mean and include all operations between exploration and mining.

(10) "Mining" shall be deemed to have commenced at such time as the operator shall first mine ores or minerals in commercial quantities for sale, beneficiation, refining, or other processing or disposition or shall first take bulk samples for metallurgical testing in excess of aggregate of ten thousand (10,000) short tons.

(11) "Reclamation plan" shall mean and include the operator's written proposal, as required and approved by the board for reclamation of the land that will be disturbed, which proposal shall include to the extent practical at the time of application for a developing or operating permit: (a) a statement of the proposed subsequent use of the land after reclamation;

(b) Plans for surface gradient restoration to a surface suitable for the proposed subsequent use of the land after reclamation is completed, and proposed method of accomplishment;

(c) Manner and type of revegetation or other surface treatment of disturbed areas;

(d) Procedures proposed to avoid foreseeable situations of public nuisance, endangerment of public safety, damage to human life or property, or unnecessary damage to flora and fauna in or adjacent to the area;

(e) Method of disposal of mining debris;

(f) Method of diverting surface waters around the disturbed areas where necessary to prevent pollution of such waters or unnecessary erosion;

(g) Method of reclamation of stream channels and stream banks to control erosion, siltation, and pollution;

(h) Such maps and other supporting documents as may be reasonably required by the *department*;

(i) A time schedule for reclamation that meets the requirements of section 9 [50-1209] of this act.

(12) "Vegetative cover" as used in this act shall mean the type of vegetation, grass, shrubs, trees, or any other form of natural cover deemed suitable at time of reclamation.

(13) "Board" shall mean the *board of land commissioners*, or such state employee or state agency as may succeed to its powers and duties under this act.

(14) "*Department*" shall mean the *department of state lands*.

(15) "Small miner" shall mean any person, firm or corporation engaged in the business of mining who does not remove from the earth during any twenty-four (24) hour period material in excess of one hundred (100) tons in the aggregate."

Section 2. Section 50-1204, R.C.M. 1947, is amended to read as follows:

"50-1204. **Administration — rules and regulations — employment of supervisors.** The board is charged with the responsibility of administering this act. In order to implement its terms and provisions, the board shall from time to time promulgate such rules and regulations as the board shall deem necessary. The board may delegate such powers, duties and functions to *the department* as it deems necessary for the performance of its duties as administrator of this act. The board shall employ experi-

enced, qualified persons in the field of mined land reclamation, who for the purpose of this act, are hereinafter referred to as supervisors.”

Section 3. Section 50-1207, R.C.M. 1947, is amended to read as follows:

“50-1207. **Exploration license and development permit — duration and renewal — requirements.** (1) Effective sixty (60) days after the date on which the board shall first promulgate its regulations as authorized by section 4 [50-1204] of this act, no person shall engage in exploration or development in the state without first obtaining an exploration license or development permit from the board to do so, such license or permit to be issued for a period of one (1) year from date of issue and to be renewable from year to year on application therefor filed at any time within the thirty (30) days next preceding the expiration of the current license or permit and payment of like fee as required for a new license or permit; provided that the applicant for renewal is not then held by the board to be in violation of any provision of this law. *Such license or permit shall be subject to suspension and revocation as provided by this act.*

(2) An exploration license shall be issued to any applicant therefor who shall: (i) pay a fee of five dollars (\$5) to the board; (ii) agree to reclaim any surface area damaged by the applicant during exploration operations, all as may be reasonably required by the board, (iii) not be in default of any other reclamation obligation under this law.

(a) *An application for an exploration license shall be made in writing, notarized and submitted to the department in duplicate upon forms prepared and furnished by it. The application shall include an exploration map or sketch in sufficient detail to locate the area to be explored and to determine whether significant environmental problems would be encountered. The department shall, by rules and regulations, determine the precise nature of such exploration map or sketch. The applicant must state what types of prospecting and excavation techniques will be employed in disturbing the land.*

(b) Upon filing of any certificate of claim location as permitted by federal and state mining laws and regulations, the locator shall provide copies of said certificates to the board.

(c) *Prior to the issuance of an exploration license, the applicant shall file with the department a reclamation and revegetation bond in a form and amount as determined by the department in accordance with section 50-1211.*

(d) *In the event that the holder of an exploration permit desires to mine or develop the area covered by the exploration license and has fulfilled all of the requirements for a development or operating permit, the department may allow the postponement of the reclamation of the acreage explored if that acreage is incorporated into the complete reclamation plan submitted with the application for a development or operating permit. Any land actually affected by exploration or excavation under an exploration license and not covered by the development or operating reclamation plan shall be reclaimed within two (2) years after the completion of exploration*

*or abandonment of the site, in a manner acceptable to the department.*

(3) *An application for a development permit shall be made in writing, notarized and submitted to the department in duplicate upon forms prepared and furnished by it. An application shall contain the following:*

- (a) *a twenty-five dollar (\$25) application fee;*
- (b) *a description of the area within which development is to be conducted;*
- (c) *a suitable map or aerial photograph showing topographic, cultural and drainage features;*
- (d) *a statement of proposed development methods, i.e., drilling, trenching, etc., and the location of primary support roads and facilities;*
- (e) *an estimate of the acreage expected to be disturbed in the twelve (12) months following issue of the permit, together with a map of the general area of the development operations for a like period. If the board shall, on good cause, consider the operator's estimate of the quantity of surface to be disturbed to be more than twenty per cent (20%) below what the board considers correct in the circumstances, it may by order require the operator to increase the amount of his bond accordingly.*
- (f) *a proposed reclamation plan for lands to be disturbed in the next twelve (12) months. Such plan must be approved by the department prior to the permit issuance;*
- (g) *an affidavit, as may be required by the board, showing that any lands disturbed by exploration, development, or mining in the state of Montana by applicant within two years prior to the application for said permit is or is in course of being reclaimed in accordance with the provisions of this act; or submission of an affidavit and such supporting documents and evidence as may be required by the board showing that any lands disturbed by exploration, development, or mining by applicant in the state of Montana during the two (2) years prior to the application for said permit will be restored in accordance with the provisions of this act.*
- (h) *a reclamation and revegetation bond in form and amount to be determined by the department in accordance with section 50-1211, prior to the issuance of a development permit.*

(4) *Upon receipt of a complete development application the department shall, within sixty (60) days, notify the applicant that the reclamation plan is or is not acceptable. If the plan is not acceptable the department shall notify the applicant, in writing, of the deficiencies. Failure of the department to so act within that period shall constitute approval of the application and the permit shall be issued promptly thereafter.*

(5) *Employees of persons holding a valid license or permit under this act shall be deemed included in and covered by such license or permit.*

(6) *Upon proper application by the holder of an exploration license or development permit, the board may excuse such holder from reclamation obligations with reference to any specified openings or excavations expos-*

ing geological indications or phenomena of especial interest, even though the licensee does not apply or have any intention to apply for development license or operating permit for the land in which such openings or excavations have been made."

Section 4. Section 50-1208, R.C.M. 1947, is amended to read as follows:

**"50-1208. Operating permit — fee — contents of application.**

(1) Effective sixty (60) days after the date on which the board shall first promulgate its regulations as authorized by section 4 [50-1204] of this act, no person shall engage in mining in the state without first obtaining an operating permit from the board to do so. A separate operating permit shall be required for each mine complex. Any person, prior to receiving an operating permit from the board, must pay the basic permit fee of twenty-five dollars (\$25) and must submit an application on a form provided by the board, which shall contain the following information and any other pertinent required data by the rules and regulations:

(a) Name and address of the operator and, if a corporation or other business entity, the name and address of its principal officers, partners and the like and its resident agent for service of process, if required by law;

(b) Minerals expected to be mined;

(c) A proposed reclamation plan;

(d) Expected starting date of mining;

(e) A map showing the specific area to be mined and the boundaries of the land which will be disturbed; topographic detail; the location and names of all streams, roads, railroads, and utility lines on or immediately adjacent to the area; location of proposed access roads to be built and the names and addresses of the surface and mineral owners of all lands within the mining area, to the extent known to applicant;

(f) Types of access roads to be built and manner of reclamation of road sites on abandonment;

(g) A plan of mining which will provide, within limits of normal operating procedures of the industry, for completion of mining and associated land disturbances.

*(h) A reclamation and revegetation bond in form and amount to be determined by the department in accordance with section 50-1211."*

Section 5. Section 50-1209, R.C.M. 1947, is amended to read as follows:

**"50-1209. Reclamation plan — accomplishment of specific activities.**

(a) The reclamation plan shall provide that reclamation activities, particularly those relating to control of erosion, shall, to the extent feasible, be conducted simultaneously with mining and in any case shall be initiated promptly after completion or abandonment of mining on those portions of the mine complex that will not be subject to further disturbance by the mining operation. In the absence of an order by the board

providing a longer period, the plan shall provide that reclamation activities shall be completed not more than two (2) years after completion or abandonment of mining on said portion of mine complex.

(b) In the absence of emergency or suddenly threatened or existing catastrophe, an operator may not depart from an approved plan without having previously obtained from the *department* written approval of his proposed change.

(c) Provision shall be made to avoid accumulation of stagnant water in the mined area which may serve as a host or breeding ground for mosquitoes or other disease-bearing or noxious insect life.

(d) All final grading shall be made with nonnoxious, nonflammable, noncombustible solids unless approval has been granted by the board for a supervised sanitary fill.

(e) Where mining has left an open pit exceeding two (2) acres of surface area, and composition of the floor and/or walls of which pit are likely to cause formation of acid, toxic, or otherwise pollutive solutions (hereinafter "objectionable effluents") on exposure to moisture, the reclamation plan must include provisions which adequately provide for:

(1) Insulation of all faces from moisture of water contact by covering to a depth of two (2) feet or more with material or fill not susceptible itself to generation of such objectionable effluents; or

(2) Processing of any such objectionable effluents in the pit before their being allowed to flow or be pumped out of it to reduce toxic or other objectionable ratios to a level deemed safe to humans and the environment by the board; or

(3) Drainage of any such objectionable effluents to settling or treatment basins when the objectionable effluents must be reduced to levels deemed safe by the board before release from the settling basin; or

(4) Absorption and/or evaporation of objectionable effluents in the open pit itself; and

(5) Prevention of entrance into the open pit by persons or livestock lawfully upon adjacent lands by fencing, warning signs, and such other devices as may reasonably be required by the board.

(f) Vegetative cover will be required in the reclamation plan if appropriate to the future use of the land as specified in the reclamation plan.

(g) *The* reclamation plan shall provide for the reclamation of all disturbed land. Proposed reclamation need not reclaim the areas to a better condition or different use than that which existed prior to development or mining.

(h) A reclamation plan will be approved by the board if it adequately provides for the accomplishment of the activities heretofore specified."

Section 6. Section 50-1210, R.C.M. 1947, is amended to read as follows:

**"50-1210. Inspection of mining site — issuance of operating**

**permit — modification of reclamation plan — succession to interest in uncompleted mining operation.** Upon receipt of an application for an operating permit the mining site shall be inspected by *the department*. Within *sixty (60) days* of receipt of the *complete* application and reclamation plan by the board and receipt of the permit fee, the board shall either issue an operating permit to the applicant or return any incomplete or inadequate application to the applicant along with a description of the deficiencies. Failure of the board to so act within that period shall constitute approval of the application and the permit shall be issued promptly thereafter.

The operating permit shall be granted for the period required to mine the land covered by the plan and shall be valid until the surface or underground mining authorized by the permit is completed or abandoned, unless the permit is suspended or *revoked* by the board as provided in this act. The operating permit shall provide that the reclamation plan may be modified by the board, upon proper application of the permittee, or *department*, after timely notice and opportunity for hearing, at any time during the term of the permit and for any of the following reasons:

- (a) To modify the requirements so they will not conflict with existing laws;
- (b) The previously adopted reclamation plan is impossible or impracticable to implement and maintain;
- (c) *When significant environmental problem situations are revealed by field inspection.*

When one (1) operator succeeds to the interest of another in any uncompleted mining operation by sale, assignment, lease, or otherwise, the board may release the first operator from the duties imposed upon him by this act as to such operation; provided, that both operators have complied with the requirements of this act and the successor operator assumes the duty of the former operator to complete the reclamation of the land, in which case the board shall transfer the permit to the successor operator upon approval of the successor operator's bond as required under this act."

Section 7. Section 50-1211, R.C.M. 1947, is amended to read as follows:

**"50-1211. Performance bond.** *The applicant shall file with the department a bond payable to the state of Montana with surety satisfactory to the department in the penal sum to be determined by the department of not less than two hundred dollars (\$200) nor more than twenty-five hundred dollars (\$2,500) for each acre or fraction thereof of the disturbed area, conditioned upon the faithful performance of the requirements of this act and the rules of the board. In lieu of such bond the applicant may file with the board a cash deposit, an assignment of a certificate of deposit, or other surety acceptable to the board. Regardless of the above limits, the bond shall not be less than the estimated cost to the state to complete the reclamation of the disturbed land. A public or governmental agency shall not be required to post a bond under the provisions of this act. A blanket performance bond covering two (2) or more operations may be accepted by the board. Such blanket bond shall adequately secure the estimated total*

*number of acres of disturbed land. When determined by the department that the set bonding level of a permit or license does not represent the present costs of reclamation, the department may modify the bonding requirements of that permit or license.*

*No bond filed in accordance with the provisions of this act shall be released by the department until the provisions of this act, the rules adopted pursuant thereto and this reclamation plan have been fulfilled."*

Section 8. Section 50-1213, R.C.M. 1947, is amended to read as follows:

**"50-1213. Inspection to determine compliance with reclamation plan — rectification of deficiencies — board actions to reclaim disturbed lands.** Following receipt of the permittee's report, and at any other reasonable time the board may elect, the board shall cause the permit area to be inspected to determine if the permittee has complied with the reclamation plan and the board's rules and regulations.

The permittee shall proceed with reclamation as scheduled in his approved reclamation plan. Following written notice by the board noting deficiencies, the permittee shall commence action within thirty (30) days to rectify these deficiencies and shall diligently proceed until the deficiencies are corrected; provided, that deficiencies that also violate other laws that require earlier rectification shall be corrected in accordance with the applicable time provisions of such laws. The board may extend performance periods referred to in this section and in section 9 [50-1209] of this act, for delays clearly beyond the permittee's control, but only when the permittee is, in the opinion of the board, making every reasonable effort to comply.

Within thirty (30) days after notification by the permittee and when in the judgment of the board reclamation of a unit of disturbed land area is properly completed, the permittee shall be notified in writing and his bond on said area shall be released or decreased proportionately to the acreage included within the bond coverage.

If reclamation of disturbed land is not pursued in accordance with the reclamation plan and the permittee has not commenced action to rectify deficiencies within thirty (30) days after notification by the board, or if reclamation is not properly completed in conformance with the reclamation plan within two (2) years after completion or abandonment of operation on any fraction of the permit area, or such longer period as may have been authorized hereunder, or if, after default by the permittee, the surety either refuses or fails to perform the work to the satisfaction of the board within the time required therefor, the board may, with the staff, equipment and material under its control, or by contract with others, take such actions as are necessary for required reclamation of the disturbed lands. Such work shall be let on the basis of competitive bidding. The board shall keep a record of all necessary expenses incurred in carrying out the work or activity authorized under this section, including a reasonable charge for the services performed by the state's personnel and the state's equipment and materials utilized.

The board shall notify the permittee and his surety by order. The order

shall state the amount of necessary expenses incurred by the board in reclaiming the disturbed land and a notice that the amount is due and payable to the board by the permittee and the surety. If the amount specified in the order is not paid within thirty (30) days after receipt of the notice, the attorney general, upon request of the board, shall bring an action on behalf of the state in district court. The surety shall be liable to the state to the extent of the bond; *the permittee shall be liable for the remainder of the cost.*

In addition to the other liabilities imposed by this act, failure to commence action to remedy specific deficiencies in reclamation within thirty (30) days after notification by the board or failure to satisfactorily complete reclamation work on any segment of the permit area within two (2) years, or such longer period as the board may permit on permittee's application therefor, or on the board's own motion, after completion or abandonment of operations on any segment of the permit area shall constitute sufficient grounds for cancellation of a permit or license and refusal to issue another permit or license to the applicant; provided, however, that such action shall not be effected while an appeal is pending from any ruling requiring the same."

Section 9. Section 50-1216, R.C.M. 1947, is amended to read as follows:

"50-1216. **Administrative remedies.** *All hearings and appeal procedures shall be in accordance with the Administrative Procedure Act.*"

Section 10. Section 50-1220, R.C.M. 1947, is amended to read as follows:

"50-1220. **Exemption of small miners — written agreement — noncompliance a misdemeanor.** No provisions of this act shall apply to any small miner when the small miner *annually* agrees in writing, (1) That he shall not pollute or contaminate any stream; and

(2) That he shall provide protection for human and animal life through the installation of bulkheads installed over safety collars and the installation of doors on tunnel portals; and

(3) He shall not conduct a mining operation which will result in more than five (5) acres of the earth's surface being disturbed and unreclaimed, *and provides a map locating his mining operations. Such map shall be to a size and scale as determined by the department.*

Failure to comply with the regulations stipulated in this section will constitute a misdemeanor, and this offense will subject the owners, and/or operators of said project to a fine of not less than ten dollars (\$10) nor more than one hundred dollars (\$100), payable to the department of revenue of the state of Montana, or any board, commission, or person authorized to collect said fine."

Section 11. Section 50-1222, R.C.M. 1947, is amended to read as follows:

"50-1222. **Violation penalties.** (1) *A person who violates any of the provisions of this act or rules or orders adopted under this act shall pay*

*a civil penalty of not less than one hundred dollars (\$100) nor more than one thousand dollars (\$1,000) for the violations, and an additional civil penalty of not less than one hundred dollars (\$100) nor more than one thousand dollars (\$1,000) for each day during which a violation continues, and may be enjoined from continuing such violations as hereinafter provided in this section. These penalties shall be recoverable in any action brought in the name of the state of Montana by the attorney general in the district court of the first judicial district of this state, in and for the county of Lewis and Clark, or in the district court having jurisdiction of the defendant.*

*(2) The attorney general shall, upon the request of the department, sue for the recovery of the penalties provided in this section for, and bring an action for a restraining order, temporary or permanent injunction, against an operator or other person violating or threatening to violate an order adopted under this act."*

Section 12. There is a new section to be numbered 50-1225, R.C.M. 1947, which reads as follows:

**50-1225. Notice of noncompliance—suspension of permits.** If any of the requirements of this act or the rules or the reclamation plan have not been complied with within the time limits set by the department or board or by this act, the department shall serve a notice of noncompliance on the licensee or permittee, or where found necessary, the commissioner shall order the suspension of the permit. The notice or order shall be handed to the licensee or permittee in person or served by registered mail addressed to the permanent address shown on the application for a permit. The notice of noncompliance shall specify in what respects the operator has failed to comply with this act, the rules or the reclamation plan. If the licensee or permittee has not complied with the requirements set forth in the notice of noncompliance or order of suspension within the time limits set therein the permit may be revoked by order of the board and the performance bond forfeited to the department.

Section 13. There is a new section to be numbered 50-1226, R.C.M. 1947, which reads as follows:

**50-1226. Prior operating permits exempt — exploration licenses and development permits remain in effect.** The provisions of this act shall not apply to any operating permit issued pursuant to Chapter 252 of the laws of 1971. Exploration licenses and development permits obtained pursuant to Chapter 252 of the laws of 1971 shall remain in effect until the date of renewal, unless revoked or suspended in accordance with that act.

Section 14. Sections 50-1217 and 50-1218, R.C.M. 1947, are repealed.

Approved March 25, 1974

**"79-1012. Governor chief budget officer — appointment of budget director.** The governor shall be the chief budget officer of the state *and shall appoint a budget director, who shall hold office at the pleasure of the governor, and whose duty it shall be to carry out the provisions of this chapter.*"

Section 2. Section 79-1013, R.C.M. 1947, is amended to read as follows:

**"79-1013. Blanks for preparation of budget estimates — distribution — form — submission of information.** In the preparation of a state budget the *budget* director shall not later than the first day of July in the year preceding the convening of the legislative assembly, distribute to all state offices and *departments*, including the *judicial branch, and the legislative branch*, the proper blanks necessary for the preparation of budget estimates. These blanks shall be in such form as shall be prescribed by the *budget* director to procure such information as the *budget* director shall, in his discretion, feel is necessary for the preparation of a budget including budget estimates, *to include estimates of receipts, actual receipts, estimates of disbursements, and actual disbursements*, and other information classified and grouped as requested by the *budget* director and covering such period or periods of time as specified by the *budget* director.

(a) Except as provided in this paragraph, it shall be the duty of each department, agency *and office* to submit information requested by the *budget* director on or before the *fifteenth* day of August in the *even* year preceding the convening of the legislative assembly. *The Montana university system, the department of institutions, and the department of highways* shall submit such information on or before the first day of September of such year.

(b) If any department, institution or agency shall fail to present such requested information within the time herein specified, the *budget* director shall note that fact in the budget submitted to the governor, and the *budget* director shall prepare a budget request on behalf of such department, institution or agency, based upon his studies of the operations, plans and needs thereof. *Legislative branch requests shall be included in the budget submitted by the governor without changes.*"

Section 3. Section 79-1014, R.C.M. 1947, is amended to read as follows:

the same for the purpose of determining the necessity of the *disbursements* and funds requested and shall, on or before the *fifteenth* day of December in the year preceding the convening of the legislature, submit to the governor and to the governor-elect, if one there be, in writing, a preliminary budget for the ensuing biennium containing the detailed information hereinafter required to be set forth in the budget to be submitted by the governor to the legislative assembly. *If so requested by the governor-elect, the governor shall incorporate in the budget, as a separate section, such estimates, comments and recommendations as the governor-elect may wish to make, and this section of the budget shall be transmitted to the legislative assembly without change, and it is the duty of the governor-elect in recommending changes to show a balance between proposed disbursements and anticipated receipts."*

Section 4. Section 79-1015, R.C.M. 1947, is amended to read as follows:

**"79-1015. Submission of budget to legislature — form — contents.** The governor shall, following the receipt of the preliminary budget from the *budget* director have prepared a budget for the ensuing biennium and shall submit said budget to each member of the legislative assembly at the time of the convening of the legislative assembly. The budget submitted shall set forth a balanced financial plan for the state government for each fiscal year of the ensuing biennium, *which plan shall consist of the following:*

(1) A financial *plan* of the state government for the ensuing biennium shall embrace a *consolidated* budget summary setting forth the aggregate figures of the budget in such manner as to show a balance between the total proposed *disbursements* and the total anticipated *receipts* together with the other means of financing the budget for each fiscal year of the ensuing biennium, contrasted with the corresponding figures for the last completed fiscal year and the fiscal year in progress. The *consolidated* budget summary shall be supported by explanatory schedules or statements, classifying *receipts and disbursements* contained therein by *fund*, and where applicable, *organizational unit*.

(2) *An analysis of the actual and projected receipts, disbursements and solvency of each accounting entity within each fund for the current and subsequent biennium.*

(3) *A detailed analysis of receipts by accounting entity within fund indicating classification and source of funds.*

(4) *A departmental analysis summarizing past and proposed spending plans by agency and the means of financing the proposed plan. Information presented shall include the following:*

(a) *a statement of departmental goals and objectives and a statement of goals and objectives for each program of the department;*

(b) *actual disbursements for the completed fiscal year of the current biennium, estimated disbursements for the current fiscal year, and governor's recommendations for the ensuing biennium by program;*

(4) The department shall informally investigate the matters set out in a filed complaint promptly and impartially. If the department determines that the allegations are supported by substantial evidence, it shall immediately try to eliminate the discriminatory practice by conference, conciliation, and persuasion.

(5) If the informal efforts to eliminate the alleged discrimination are unsuccessful, the department shall inform the commission of the failure and the commission shall cause written notice to be served together with a copy of the complaint, requiring the person, employer, business, corporation or agency charged in the complaint to answer the allegations of the complaint at a hearing before the commission. The hearing shall be held by the commission in the county where the unlawful conduct is alleged to have occurred unless the person, employer, business, corporation, organization, agency or the commission requests a change of venue for good cause shown. (b) The order may require a report on the manner of compliance.

(c) The order may not require the payment of any punitive damages as defined by the Revised Codes of Montana.

Such refusal shall not give rise to liability of such hospital or health care facility, or any personnel or agent or governing board thereof, to any person for damages allegedly arising from such refusal, nor be the basis for any discriminatory, disciplinary, or other recriminatory action against such hospital or health care facility, or any personnel, agent, or governing board thereof.

(2) All persons shall have the right to refuse to advise concerning, perform, assist, or participate in abortion because of religious beliefs or moral convictions. If requested by any hospital or health care facility, or person desiring an abortion, such refusal shall be in writing signed by the person refusing, but may refer generally to the grounds of "religious beliefs and moral convictions." (3) It shall be unlawful to interfere or attempt to interfere with the right of refusal authorized by this section. The person injured thereby shall be entitled to injunctive relief, when appropriate, and shall further be entitled to monetary damages for injuries suffered.

(5) As used in this section, the term "person" includes one or more individuals, partnerships, associations, and corporations.

Section 9. There is a new section to be numbered 94-5-621, R.C.M. 1947, which reads as follows:

AN ACT TO REQUIRE TAXING AUTHORITIES TO HOLD HEARINGS

PRIOR TO INCREASING PROPERTY TAXATION RATES; REQUIRING THE DEPARTMENT OF REVENUE TO CERTIFY TOTAL VALUATIONS AND MILLAGE RATES TO TAXING AUTHORITIES; AND PROVIDING AN EFFECTIVE DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. There is a new section to be numbered 84-7201, R.C.M. 1947, which reads as follows:

84-7201. **Short title.** This act may be cited as the Property Taxpayers Information Act of 1974.

Section 2. There is a new section to be numbered 84-7202, R.C.M. 1947, which reads as follows:

84-7202. **Certification of taxable values and millage rates.** At the time that the assessment roll is prepared and published, the department of revenue shall certify to each taxing authority the taxable value within the jurisdiction of the taxing authority. The department shall also send to each taxing authority a written statement of its best estimate of the total assessed value of all new construction and improvements not included on the previous assessment roll, and the value of deletions from the previous assessment roll. Exclusive of such new construction, improvements, and deletions the department shall certify to each taxing authority a millage rate which will provide the same ad valorem revenue for each taxing authority as was levied during the prior year. For the purpose of calculating the certified millage, the department shall use ninety-five percent (95%) of the taxable value appearing on the roll, exclusive of properties appearing for the first time on the assessment roll.

Section 3. There is a new section to be numbered 84-7203, R.C.M. 1947, which reads as follows:

84-7203. **Increase of tax revenue — advertising of intention required.** No taxing authority shall budget an increased amount of ad valorem tax revenue exclusive of revenue from ad valorem taxation on properties appearing for the first time on the assessment roll, unless it advertises its intention to do so at the same time that it advertises its intention to fix its budget for the forthcoming fiscal year.

Section 4. There is a new section to be numbered 84-7204, R.C.M. 1947, which reads as follows:

84-7204. **Resolution or ordinance for increase over certified millage.** No millage in excess of the department's certified millage shall be levied until a resolution or ordinance has been approved by the governing board of the taxing authority, which resolution or ordinances must be approved by said taxing authority according to the following procedure:

(1) The taxing authority shall advertise its intent to exceed the department's certified millage in a newspaper of general circulation in the county, as provided in section 3 [84-7203] of this act. The advertisement shall state that the taxing authority will meet on a day, at a time

and place fixed in the advertisement, which shall be approximately seven (7) days after the day that the advertisement is published, for the purpose of hearing comments regarding the proposed increase and to explain the reasons for the proposed increase. The meeting may coincide with the meeting on the tentative budget as required by law.

(2) The taxing authority, after the public hearing has been held in accordance with the above procedures, may adopt a resolution or ordinance levying a millage rate in excess of the certified millage. If the resolution or ordinance adopting said millage rate is not approved on the day of the public hearing, the day, time and place at which the resolution or ordinance will be scheduled for consideration and approval by the taxing authority must be announced at the public hearing. If the resolution or ordinance is to be considered at a day and time that is more than two (2) weeks from the public hearing, the taxing authority must again advertise in the same manner as provided in sections 3 [84-7203] and 4(1) [84-7204(1)] of this act.

Section 5. There is a new section to be numbered 84-7205, R.C.M. 1947, which reads as follows:

**84-7205. Approval and copies of resolution or ordinance.** The resolution or ordinance approved in the manner provided for in this act shall be forwarded to the assessor, treasurer and the department of revenue. No millage in excess of the department's certified millage can be levied until the resolution or ordinance to levy required in section 4(1) and (2) [84-7204(1) and (2)] of this act is approved by the governing board of the taxing authority and submitted to the assessor and the department of revenue.

Section 6. There is a new section to be numbered 84-7206, R.C.M. 1947, which reads as follows:

**84-7206. Exceptions for decisions of tax appeal boards.** The department shall notify each taxing authority of any change in the assessment roll which results from actions by the state or county tax appeal boards. An increase in the taxing authority's millage above that certified by the department, or adopted by resolution or ordinance of the governing body of the taxing authority, which is required solely by a reduction of the assessment roll by the state or county board of tax appeals, may be adopted without further notice.

Section 7. There is a new section to be numbered 84-7207, R.C.M. 1947, which reads as follows:

**84-7207. Additional millage increase — readvertising and revoting.** If, after the initial millage vote provided for in section 3 [84-7203] of this act, the taxing authority determines that it requires a greater millage or fails to act in the specified period, it shall readvertise and revote as required in sections 3 and 4 [84-7203 and 84-7204] of this act.

Section 8. There is a new section to be numbered 84-7208, R.C.M. 1947, which reads as follows:

Such bonds shall not pledge the general credit of the municipality and shall be made payable, as to both principal and interest, solely from the income, proceeds, revenues, and funds of the municipality derived from, or held in connection with, its undertaking and carrying out of urban renewal projects under this act; provided, however, that payment of such bonds, both as to principal and interest, may be further secured by a pledge of any loan, grant, or contribution from the federal government or other source, in aid of any urban renewal projects of the municipality under this act.

(b) Bonds issued under this section shall not constitute an indebtedness within the meaning of any constitutional or statutory debt limitation or restriction, and shall be subject only to the provisions of the Uniform Commercial Code. (d) Such bonds may be sold at not less than ninety-eight per cent (98%) of par at public or private sale, or may be exchanged for other bonds on the basis of par: Provided, that such bonds may be sold to the federal government at private sale at not less than par and, in the event less than all of the authorized principal amount of such bonds is sold to the federal government, the balance may be sold at public or private sale at not less than ninety-eight per cent (98%) of par at an interest cost to the municipality of not to exceed the interest cost to the municipality of the portion of the bonds sold to the federal government.

(e) In case any of the public officials of the municipality whose signatures appear on any bonds or coupons issued under this act shall cease to be such officials before the delivery of such bonds, such signatures shall, nevertheless, be valid and sufficient for all purposes, the same as if such officials had remained in office until such delivery. Any provision of any law to the contrary notwithstanding, any bonds issued pursuant to this act shall be fully negotiable.

(f) In any suit, action, or proceeding involving the validity or enforceability of any bond issued under this act or the security therefor, any such bond reciting in substance that it has been issued by the municipality in connection with an urban renewal project, as herein defined, shall be conclusively deemed to have been issued for such purpose and such project shall be conclusively deemed to have been planned, located, and carried out in accordance with the provisions of this act."

Section 7. There is a new section to be numbered 11-3925, R.C.M. 1947, which reads as follows:

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 53-438, R.C.M. 1947, is amended to read as follows:

**"53-438. Motor vehicle liability policy defined.** (a) A "motor vehicle

liability policy" as said term is used in this act shall mean an owner's or operator's policy of liability insurance, certified as provided in section 53-436 or section 53-437 as proof of financial responsibility and issued, except as otherwise provided in section 53-437, by an insurance carrier duly authorized to transact business in this state, to or for the benefit of the person named therein as insured.

(b) Such owner's policy of liability insurance:

1. shall designate by explicit description or by appropriate reference all motor vehicles with respect to which coverage is thereby to be granted; and

2. shall insure the person named therein and any other person, as insured, using any such motor vehicle or motor vehicles with the express or implied permission of such named insured, against loss from the liability imposed by law for damages arising out of the ownership, maintenance or use of such motor vehicle or motor vehicles within the United States of America or the Dominion of Canada, subject to limits exclusive of interest and costs, with respect to each such motor vehicle, as follows: ten thousand dollars (\$10,000) because of bodily injury to or death of one person in any one accident and subject to said limit for one person, twenty thousand dollars (\$20,000) because of bodily injury to or death of two or more persons in any one accident, and five thousand dollars (\$5,000) because of injury to or destruction of property of others in any one accident.

(c) Such operator's policy of liability insurance shall insure the person named as insured therein against loss from the liability imposed upon him by law for damages arising out of the use by him of any motor vehicle not owned by him, within the same territorial limits and subject to the same limits of liability as are set forth above with respect to an owner's policy of liability insurance.

(d) Such motor vehicle liability policy shall state the name and address of the named insured, the coverage afforded by the policy, the premium charged therefor, the policy period and the limits of liability, and shall contain an agreement or be endorsed that insurance is provided thereunder in accordance with the coverage defined in this act as respects bodily injury and death or property damage, or both, and is subject to all the provisions of this act.

(e) Such motor vehicle liability policy need not insure any liability under any workmen's compensation law nor any liability on account of bodily injury to or death of an employee of the insured while engaged in the employment, other than domestic, of the insured, or while engaged in the operation, maintenance or repair of any such motor vehicle nor any liability for damage to property owned by, rented to, in charge of or transported by the insured.

(f) Every motor vehicle liability policy shall be subject to the following provisions which need not be contained therein: 1. the liability of the insurance carrier with respect to the insurance required by this act shall become absolute whenever injury or damage covered by said motor vehicle liability policy occurs; said policy may not be canceled or annulled as to

such liability by any agreement between the insurance carrier and the insured after the occurrence of the injury or damage; no statement made by the insured or on his behalf and no violation of said policy shall defeat or void said policy;

2. the satisfaction by the insured of a judgment for such injury or damage shall not be a condition precedent to the right or duty of the insurance carrier to make payment on account of such injury or damage;

4. the policy, the written application therefor, if any, and any rider or endorsement which does not conflict with the provisions of the act shall constitute the entire contract between the parties.

(g) No motor vehicle policy shall be subject to cancellation, termination, or premium increase, due to injury or damage incurred by the insured or operator unless the insured or operator be found to have violated a traffic law or ordinance of the state or a city, be found negligent or contributorily negligent in a court of law, or by the arbitration proceedings contained in chapter 201 of Title 93 R.C.M. 1947, or pays damages to another party whether by settlement or otherwise. *In no event may a premium be increased during the term of the policy unless there is a change in exposure.*

(h) Any policy which grants the coverage required for a motor vehicle liability policy may also grant any lawful coverage in excess of or in addition to the coverage specified for a motor vehicle liability policy and such excess or additional coverage shall not be subject to the provisions of this act. With respect to a policy which grants such excess or additional coverage the term "motor vehicle liability policy" shall apply only to that part of the coverage which is required by this section.

(i) Any motor vehicle liability policy may provide that the insured shall reimburse the insurance carrier for any payment the insurance carrier would not have been obligated to make under the terms of the policy except for the provisions of this act.

(j) Any motor vehicle liability policy may provide for the prorating of the insurance thereunder with other valid and collectible insurance.

(k) The requirements for a motor vehicle liability policy may be fulfilled by the policies of one or more insurance carriers which policies together meet such requirements.

(l) Any binder issued pending the issuance of a motor vehicle liability policy shall be deemed to fulfill the requirements for such a policy.

Said bond shall be executed by the applicant as principal and by a surety company qualified and authorized to do business in this state. The bond shall be conditioned to provide indemnification to any student or enrollee or his parent or guardian, or class thereof, determined to have suffered loss or damage as a result of any act or practice which is a violation of this act by said postsecondary educational institution, and that the bonding company shall pay any final, nonappealable judgment rendered by any court of this state having jurisdiction, upon receipt of written notification thereof. The bond shall be for two (2) years or coterminous with the permit.

In the event such lending agency fails to do so, it shall be liable for any loss or damage suffered or incurred by any subsequent assignee, transferee, or holder of such evidence of indebtedness on account of the absence of such notation.

State auditor to pay fire department relief association out of license fees collected from insurance companies.** At the end of the fiscal year, the state auditor shall issue and deliver to the treasurer of every city or town of the first and second class, for the use and benefit of the fire department relief association legally existing in every such city or town entitled by law to receive the same, out of the license fees on insurance risks collected by him, an amount equal to ten per centum (10%) of the total annual compensation paid by such city or town to its paid or part-paid firemen for services in the previous calendar year. The city clerk of each such city or town shall certify in writing to the state auditor, on or before March 1 of each year, the amount so paid by such city or town as compensation for services to paid or part-paid firemen.

*In the event of a disaster resulting in the death or injury sufficient to draw pension of ten percent (10%) of the active force and when the fund of such fire department relief association after receiving all moneys as designated in section 11-1911 and section 11-1912 and the ten percent (10%) of annual compensation as designated in this act does not show at least the one (1) mill growth as referred to in section 11-1912 then the treasurer of such relief association shall request and the state auditor shall*

*issue and deliver to the treasurer of every city or town of the first and second class, for the use and benefit of the fire department relief association legally existing in every city or town entitled to receive the same, out of the license fees collected by him, an additional amount to show at least the one (1) mill growth referred to in section 11-1912.*

In the event a city of the second class is not entitled to receive a sum equal to twenty-five one hundredths (25/100) mills of its total assessed valuation under the foregoing method of computation then, in that event, the fire department relief association of that city shall receive its money in the same manner as provided below for cities of the third class.

(1) At the end of the fiscal year, the state auditor shall issue and deliver to the treasurer of every city or town, except cities or towns of the first or second class, for the use and benefit of the fire department relief association legally existing in every such city or town entitled by law to receive the same, his warrant for an amount equal to the taxes upon the fire portion of the direct premiums after deducting cancellations and return premiums, collected by the state auditor, ex officio insurance commissioner, from insurers authorized to effect insurance on risks enumerated in subsection 2 of this section, as said cities or towns are each severally entitled to, computed as follows:

(a) Each and every fire department relief association legally organized and existing in any city or town, except cities or towns of the first or second class, and entitled by law to receive the same shall receive, as its portion of the total taxes on premiums collected from insurers authorized to effect insurance on risks enumerated in subsection 2 of this section, the fire portion of the direct premiums, after deducting cancellations and return premiums, assessed and collected by insurers authorized to effect insurance on risks enumerated in subsection 2 of this section in the said city or town.

(b) The legally organized and existing fire department relief associations in all cities or towns where the taxes on premiums collected and distributed pursuant to subdivision (a) above is insufficient to make an amount equal to one hundred dollars (\$100) shall receive such additional amount from the total taxes on premiums collected from insurers authorized to effect insurance against risks enumerated in subsection 2 of this section as may be necessary to make the total amount received by said fire department relief association equal to the sum of one hundred dollars (\$100).

(2) The risks referred to in subsection 1 above, are enumerated as follows: Insurance of houses, buildings, and all other kinds of property against loss or damage by fire or other casualty, and all kinds of insurance on goods, merchandise, or other property in the course of transportation, whether on land or water or air; insurance against loss or damage to motor vehicles resulting from accident, collision, or marine and inland navigation and transportation perils; insurance of growing crops against loss or damage resulting from hail or the elements; insurance against loss or damage by water to any goods or premises arising from the breakage or leakage of sprinklers, pumps or other apparatus; and insurance against loss or legal liability for loss because of damage to property caused by

Section 5. There is a new section to be numbered 69-6215, R.C.M. 1947, which reads as follows:

**69-6215. Comprehensive program for treatment.** (1) The department shall establish a comprehensive and coordinated program for the treatment of alcoholics and intoxicated persons.

(2) The program shall include:

(a) emergency treatment provided by a facility affiliated with or part of the medical service of a general hospital;

(b) inpatient treatment;

(c) intermediate treatment; and

(d) outpatient and followup treatment.

(3) The department shall provide for adequate and appropriate treatment for alcoholics and intoxicated persons admitted under sections 69-6218 to 69-6221. Treatment may not be provided at a correctional institution except for inmates.

(4) All appropriate public and private resources shall be coordinated with and utilized in the program if possible.

(5) The department shall prepare, publish, and distribute annually a list of all approved public and private treatment facilities.

Section 6. There is a new section to be numbered 69-6216, R.C.M. 1947, which reads as follows:

**69-6216. Facility standards — inspections — approvals.** (1) The department shall establish standards for approved treatment facilities that must be met for a treatment facility to be approved as a public or private treatment facility, and fix the fees to be charged for the required inspections. The standards may concern only the health standards to be met and standards of treatment to be afforded patients.

(2) The department periodically shall inspect approved public and private treatment facilities at reasonable times and in a reasonable manner.

(3) The department shall maintain a list of approved public and private treatment facilities.

(4) Each approved public and private treatment facility shall file with the department on request, data, statistics, schedules, and information the department reasonably requires. An approved public or private treatment facility that without good cause fails to furnish any data, statistics, schedules, or information as requested, or files fraudulent returns thereof, shall be removed from the list of approved treatment facilities.

(5) The department, after holding a hearing in accordance with the Administrative Procedure Act, may suspend, revoke, limit, or restrict an approval, or refuse to grant an approval, for failure to meet its standards.

(6) A district court may restrain any violation of this section, review any denial, restriction, or revocation of approval, and grant other relief required to enforce its provisions.

(7) Upon petition of the department and after a hearing held upon reasonable notice to the facility, a district court may issue a warrant to the department authorizing it to enter and inspect at reasonable times, and examine the books and accounts of, any approved public or private treatment facility refusing to consent to inspection or examination by the department or which the department has reasonable cause to believe is operating in violation of this act.

Section 7. There is a new section to be numbered 62-6217, R.C.M. 1947, which reads as follows:

**62-6217. Acceptance for treatment; rules.** The department shall adopt rules for acceptance of persons into the treatment program, considering available treatment resources and facilities, for the purpose of early and effective treatment of alcoholics and intoxicated persons. In adopting the rules the department shall be guided by the following standards:

(1) If possible a patient shall be treated on a voluntary rather than an involuntary basis.

(2) A patient shall be initially assigned or transferred to outpatient or intermediate treatment, unless he is found to require inpatient treatment.

(3) A person shall not be denied treatment solely because he has withdrawn from treatment against medical advice on a prior occasion or because he has relapsed after earlier treatment.

(4) An individualized treatment plan shall be prepared and maintained on a current basis for each patient.

(5) Provision shall be made for a continuum of coordinated treatment services, so that a person who leaves a facility or a form of treatment will have available and utilize other appropriate treatment.

Section 8. There is a new section to be numbered 62-6218, R.C.M. 1947, which reads as follows:

**62-6218. Voluntary treatment of alcoholics.** (1) An alcoholic may apply for voluntary treatment directly to an approved public treatment facility. If the proposed patient is a minor or an incompetent person, he, a parent, a legal guardian, or other legal representative may make the application.

(2) Subject to rules adopted by the department, the administrator of an approved public treatment facility may determine who shall be admitted for treatment. If a person is refused admission to an approved public treatment facility, the administrator, subject to departmental rules, shall refer the person to another approved public treatment facility for treatment if possible and appropriate.

(3) If a patient receiving inpatient care leaves an approved public treatment facility, he shall be encouraged to consent to appropriate outpatient or intermediate treatment. If it appears to the administrator of the treatment facility that the patient is an alcoholic who requires help, the department shall arrange for assistance in obtaining supportive services and residential facilities.

(4) If a patient leaves an approved public treatment facility, with or against the advice of the administrator of the facility, the department shall make reasonable provisions for his transportation to another facility or to his home. If he has no home he shall be assisted in obtaining shelter. If he is a minor or an incompetent person the request for discharge from an inpatient facility shall be made by a parent, legal guardian, or other

legal representative or by the minor or incompetent if he was the original applicant.

Section 9. There is a new section to be numbered 62-6219, R.C.M. 1947, which reads as follows:

**62-6219. Treatment and services for intoxicated persons and persons incapacitated by alcohol.** (1) An intoxicated person may come voluntarily to an approved public treatment facility for emergency treatment. A person who appears to be intoxicated in a public place and to be in need of help, if he consents to the proffered help, may be assisted to his home, an approved public treatment facility, an approved private treatment facility, or other health facility by the police.

(2) A person who appears to be incapacitated by alcohol shall be taken into protective custody by the police and forthwith brought to an approved public treatment facility for emergency treatment. If no approved public treatment facility is readily available he shall be taken to an emergency medical service customarily used for incapacitated persons. The police, in detaining the person and in taking him to an approved public treatment facility, is taking him into protective custody and shall make every reasonable effort to protect his health and safety. In taking the person into protective custody, the detaining officer may take reasonable steps to protect himself. No entry or other record may be made to indicate that the person taken into custody under this section has been arrested or charged with a crime.

(3) A person who comes voluntarily or is brought to an approved public treatment facility shall be examined by a licensed physician as soon as possible. He may then be admitted as a patient or referred to another health facility. The referring approved public treatment facility shall arrange for his transportation.

(4) A person who by medical examination is found to be incapacitated by alcohol at the time of his admission or to have become incapacitated at any time after his admission, may not be detained at the facility (1) once he is no longer incapacitated by alcohol, or (2) if he remains incapacitated by alcohol for more than forty-eight (48) hours after admission as a patient, unless he is committed under section 69-6220. A person may consent to remain in the facility as long as the physician in charge believes appropriate.

(5) A person who is not admitted to an approved public treatment facility and is not referred to another health facility, may be taken to his home. If he has no home, the approved public treatment facility shall assist him in obtaining shelter.

(6) If a patient is admitted to an approved public treatment facility, his family or next of kin shall be notified as promptly as possible. If an adult patient who is not incapacitated requests that there be no notification, his request shall be respected.

Section 10. There is a new section to be numbered 69-6220, R.C.M. 1947, which reads as follows:

**69-6220. Emergency commitment.** (1) An intoxicated person who (a)

has threatened, attempted, or inflicted physical harm on another and is likely to inflict physical harm on another unless committed, or (b) is incapacitated by alcohol, may be committed to an approved public treatment facility for emergency treatment. A refusal to undergo treatment does not constitute evidence of lack of judgment as to the need for treatment.

(2) The certifying physician, spouse, guardian, or relative of the person to be committed, or any other responsible person, may make a written application for commitment under this section, directed to the administrator of the approved public treatment facility. The application shall state facts to support the need for emergency treatment and be accompanied by a physician's certificate stating that he has examined the person sought to be committed within two (2) days before the certificate's date and facts supporting the need for emergency treatment. A physician employed by the admitting facility or the department is not eligible to be the certifying physician.

(3) Upon approval of the application by the administrator of the approved public treatment facility, the person shall be brought to the facility by a peace officer, health officer, the applicant for commitment, the patient's spouse, the patient's guardian, or any other interested person. The person shall be retained at the facility to which he was admitted, or transferred to another appropriate public or private treatment facility, until discharged under subsection (5).

(4) The administrator of an approved public treatment facility shall refuse an application if in his opinion the application and certificate fail to sustain the grounds for commitment.

(5) When on the advice of the medical staff the administrator determines that the grounds for commitment no longer exist, he shall discharge a person committed under this section. No person committed under this section may be detained in any treatment facility for more than five (5) days. If a petition for involuntary commitment under section 69-6221 has been filed within the five (5) days and the administrator in charge of an approved public treatment facility finds that grounds for emergency commitment still exist, he may detain the person until the petition has been heard and determined, but no longer than ten (10) days after filing the petition.

(6) A copy of the written application for commitment and of the physician's certificate, and a written explanation of the person's right to counsel, shall be given to the person within twenty-four (24) hours after commitment by the department, who shall provide a reasonable opportunity for the person to consult counsel.

Section 11: There is a new section to be numbered 69-6221, R.C.M. 1947, which reads as follows:

**69-6221. Involuntary commitment of alcoholics.** (1) A person may be committed to the custody of the department of institutions by the district court upon the petition of his spouse or guardian, a relative, the certifying physician, or the chief of any approved public treatment facility. The petition shall allege that the person is an alcoholic who habitually lacks self-control as to the use of alcoholic beverages and that he (a) has

threatened, attempted, or inflicted physical harm on another and that unless committed is likely to inflict physical harm on another; or (b) is incapacitated by alcohol. A refusal to undergo treatment does not constitute evidence of lack of judgment as to the need for treatment. The petition shall be accompanied by a certificate of a licensed physician who has examined the person within two (2) days before submission of the petition, unless the person whose commitment is sought has refused to submit to a medical examination, in which case the fact of refusal shall be alleged in the petition. The certificate shall set forth the physician's findings in support of the allegations of the petition. A physician employed by the admitting facility or the department is not eligible to be the certifying physician.

(2) Upon filing the petition, the court shall fix a date for a hearing no later than ten (10) days after the date the petition was filed. A copy of the petition and of the notice of the hearing, including the date fixed by the court, shall be served on the petitioner, the person whose commitment is sought, his next of kin other than the petitioner, a parent or his legal guardian if he is a minor, the administrator in charge of the approved public treatment facility to which he has been committed for emergency care, and any other person the court believes advisable. A copy of the petition and certificate shall be delivered to each person notified.

(3) At the hearing the court shall hear all relevant testimony, including, if possible, the testimony of at least one licensed physician who has examined the person whose commitment is sought. The person shall have a right to have a licensed physician of his own choosing examine him and testify on his behalf, and if he has no funds with which to pay such physician, the reasonable costs of one such examination and testimony shall be paid by the county. The person shall be present unless the court believes that his presence is likely to be injurious to him; he shall be advised of his right to counsel and, if he is unable to hire his own counsel, the court shall appoint an attorney to represent him at the expense of the county. The court shall examine the person in open court, or if advisable, shall examine the person in chambers. If he refuses an examination by a licensed physician and there is sufficient evidence to believe that the allegations of the petition are true, or if the court believes that more medical evidence is necessary, the court may make a temporary order committing him to the department of institutions for a period of not more than five (5) days for purposes of a diagnostic examination.

(4) If after hearing all relevant evidence, including the results of any diagnostic examination by the department of institutions, the court finds that grounds for involuntary commitment have been established by clear and convincing evidence, it shall make an order of commitment to the department of institutions. It may not order commitment of a person unless it determines that the department of institutions is able to provide adequate and appropriate treatment for him and the treatment is likely to be beneficial.

(5) A person committed under this section shall remain in the custody of the department of institutions for treatment for a period of thirty (30) days unless sooner discharged. At the end of the thirty (30) day period, he shall be discharged automatically unless the department of institutions

before expiration of the period obtains a court order from the district court of the committing district for his recommitment upon the grounds set forth in subsection (1) for a further period of ninety (90) days unless sooner discharged. If a person has been committed because he is an alcoholic likely to inflict physical harm on another, the department of institutions shall apply for recommitment if after examination it is determined that the likelihood still exists.

(6) A person recommitted under subsection (5) who has not been discharged by the department of institutions before the end of the ninety (90) day period shall be discharged at the expiration of that period unless the department of institutions, before expiration of the period, obtains a court order from the district court of the committing district on the grounds set forth in subsection (1) for recommitment for a further period not to exceed ninety (90) days. If a person has been committed because he is an alcoholic likely to inflict physical harm on another, the department shall apply for recommitment if after examination it is determined that the likelihood still exists. Only two (2) recommitment orders under subsections (5) and (6) are permitted.

(7) Upon the filing of a petition for recommitment under subsections (5) or (6), the court shall fix a date for hearing no later than ten (10) days after the date the petition was filed. A copy of the petition and of the notice of hearing, including the date fixed by the court, shall be served on the petitioner, the person whose commitment is sought, his next of kin other than the petitioner, the original petitioner under subsection (1) if different from the petitioner for recommitment, one of his parents or his legal guardian if he is a minor, and any other person the court believes advisable. At the hearing the court shall proceed as provided in subsection (3).

(8) A person committed to the custody of the department of institutions for treatment shall be discharged at any time before the end of the period for which he has been committed if either of the following conditions is met:

(a) in case of an alcoholic committed on the grounds of likelihood of infliction of physical harm upon another, that he is no longer in need of treatment or the likelihood no longer exists; or

(b) in case of an alcoholic committed on the grounds of the need of treatment and incapacity, that the incapacity no longer exists, further treatment will not be likely to bring about significant improvement in the person's condition, or treatment is no longer adequate or appropriate.

(9) The court shall inform the person whose commitment or recommitment is sought of his right to contest the application, be represented by counsel at every stage of any proceedings relating to his commitment and recommitment, and have counsel appointed by the court or provided by the court, if he wants the assistance of counsel and is unable to obtain counsel. If the court believes that the person needs the assistance of counsel, the court shall require, by appointment if necessary, counsel for him regardless of his wishes. The person whose commitment or recommitment is sought shall be informed of his right to be examined

by a licensed physician of his choice. If the person is unable to obtain a licensed physician and requests examination by a physician, the court shall employ a licensed physician.

(10) If a private treatment facility agrees with the request of a competent patient or his parent, sibling, adult child, or guardian to accept the patient for treatment, the department of institutions may transfer him to the private treatment facility.

(11) A person committed under this section may at any time seek to be discharged from commitment by writ of habeas corpus or other appropriate means.

(12) The venue for proceedings under this section is the place in which person to be committed resides or is present.

Section 12. There is a new section to be numbered 69-6222, R.C.M. 1947, which reads as follows:

**69-6222. Records of alcoholics and intoxicated persons.** (1) The registration and other records of treatment facilities shall remain confidential and are privileged to the patient.

(2) Notwithstanding subsection (1), the department may make available information from patients' records for purposes of research into the causes and treatment of alcoholism. Information under this subsection shall not be published in a way that discloses patients' names or other identifying information.

Section 13. There is a new section to be numbered 69-6223, R.C.M. 1947, which reads as follows:

**69-6223. Visitation and communication of patients.** (1) Subject to reasonable rules regarding hours of visitation which the department may adopt, patients in any approved treatment facility shall be granted opportunities for adequate consultation with counsel, and for continuing contact with family and friends consistent with an effective treatment program.

(2) Neither mail nor other communication to or from a patient in any approved treatment facility may be intercepted, read, or censored. The administrator may adopt reasonable rules regarding the use of telephone by patients in approved treatment facilities.

Section 14. There is a new section to be numbered 69-6224, R.C.M. 1947, which reads as follows:

**69-6224. Application of Administrative Procedure Act.** The Administrative Procedure Act applies to and governs all administrative actions taken under this act.

Section 15. Section 4-201, R.C.M. 1947, is amended to read as follows:

**"4-201. Interdiction — order of — effect.** (1) *Where it appears to the satisfaction of a district court that an individual lacks self-control as to the use of alcoholic beverages, or uses alcoholic beverages to the extent that his health is substantially impaired or endangered or his social or economic function is substantially disrupted, the court may make an order*

of interdiction prohibiting the sale of liquor to him until further order; and the court shall cause the order to be forthwith filed with the *department of revenue*.

(2) *On the making of an order for interdiction the interdicted person may forthwith deliver to the department all liquor then in his possession or under his control to be kept for him by the board until the order of interdiction is revoked or set aside, or to be purchased by the department at a price to be fixed by it. All liquor not delivered to the department under this subsection may be confiscated and forfeited to the state.*"

Section 16. Section 11-927, R.C.M. 1947, is amended to read as follows:

**"11-927. Prevention of and punishment for disturbing the peace.** The city or town council has power: To prevent and punish intoxication (*subject to the limits established in section 69-6224*), fights, riots, loud noises, disorderly conduct, obscenity, and acts or conduct calculated to disturb the public peace, or which are offensive to public morals, within the city or town, and within three miles of the limits thereof."

Section 17. Section 4-240, R.C.M. 1947, is amended to read as follows:

**"4-240. License tax on liquor — amount — distribution of proceeds.** The *department of revenue* is hereby authorized and directed to charge, receive and collect at the time of sale and delivery of any liquor under any provisions of the laws of the state of Montana a license tax of *five percent (5%)* of the retail selling price on all liquor so sold and delivered. Said tax shall be charged and collected on all liquor brought into the state and taxed by the *department of revenue*. The retail selling price shall be computed by adding to the cost of said liquor the state markup as designated by said board. Said *five percent (5%)* license tax shall be figured in the same manner as the state excise tax and shall be in addition to said state excise tax. The *department of revenue* shall retain the amount of such *five percent (5%)* license tax so received in a separate account. *Four-fifths (4/5) of these revenues shall be distributed to the counties according to the amount of liquor purchased in each county. One-fifth (1/5) of these revenues shall be deposited in the general fund.* Provided, however, in the case of purchases of liquor by a retail liquor licensee for use in his business, the *department* shall make such regulations as are necessary to apportion that proportion of license tax so generated to the county where the licensed establishment is located, for use as provided in section 4-241, R.C.M. 1947. The *department of revenue* shall pay quarterly to each county treasurer the proportion of the license tax due each county.

The county treasurer of each county shall retain one-fourth ( $\frac{1}{4}$ ) of said license tax, and shall, within thirty (30) days after receipt thereof, apportion the remaining three-fourths ( $\frac{3}{4}$ ) thereof to the treasurers of the incorporated cities and towns within his county, said apportionment to be based in each instance upon the proportion which the gross sale of liquor in such incorporated city or town bears to the gross sale of liquor in all of the incorporated cities and towns in his said county."

Section 18. Section 4-324, R.C.M. 1947, is amended to read as follows:

**"4-324. "46-709. **Commissioners must designate places for loading livestock for inspection, when.** The board of county commissioners must, at the request of the *department*, designate within their respective counties certain convenient places, and provide suitable facilities for unloading and loading of livestock for inspection purposes."

Section 102. Section 46-801, R.C.M. 1947, is renumbered section 46-801.2, and is amended to read as follows:

"46-801.2. **Inspection of livestock before change of ownership or removal from county—transportation permits.** (1) Except as *otherwise provided* in this act, it *is* unlawful to remove or cause to be removed from *a* county in this state any *livestock*, or to transfer ownership by sale or otherwise or for an intended purchaser or his agent to take possession of any such animal subject to title passing upon meeting or satisfaction of any conditions unless *the livestock has* been inspected for brands by a state stock inspector or deputy state stock inspector, and a certificate

of *the* inspection *has* been issued in connection with and for the purpose of *the* transportation or removal or of such change of ownership as provided *in this act*. *The* inspection must be made in daylight provided, however, that the change of ownership inspection requirements of this subsection shall not apply when such sale or change of ownership transaction involves five (5) or less such animals.

(2) It *is* unlawful to sell or offer for sale at a livestock market any *livestock* originating within any county in *this* state in which a livestock market is maintained, or transported under a market consignment permit until *the livestock* has been inspected for marks and brands by a state stock inspector, as provided *in this act*.

(3) It *is* unlawful to remove or cause to be removed any *livestock* from the premises of a livestock market in this state unless *the livestock* has been inspected for marks and brands by a state stock inspector and an inspection certificate for *the livestock* has been issued in connection with and for the purpose of *the* removal from the premises of *the* livestock market, as provided *in this act*.

(4) The person in charge of *livestock* being removed from a county in this state, where inspection thereof is required by this act, or where change of ownership has occurred or when moved under a market consignment permit shall have in his possession the certificate of inspection or market consignment permit issued in connection therewith, and shall exhibit the *certificate* to any sheriff, deputy sheriff, constable, highway patrolman, state stock inspector or deputy state stock inspector at the request of either of them. *Section 46-803* shall be extended to livestock transported or sold under the above-mentioned permits.

(5) The following transportation permits may be issued:

(a) *If a saddle, work, or show horse is being transported from county to county in this state by the owner for his personal use or business, or where a purebred cow is being transported from county to county in this state by its owner for show purposes*, and where there is no change of ownership, the inspection certificate as required by this act, may be endorsed as to *the* purpose and extent of transportation by the inspector issuing *the certificate* in order to serve as a travel permit *in this state* for a period not to exceed one (1) year for the horse or cow described thereon. *The* permit becomes void upon any transfer of ownership or if *the* horse or cow are to be removed from the state. In such instances an inspection must be secured for removal and the endorsed certificate surrendered.

(b) The owner of a saddle, work, or show horse may apply for a permanent transportation permit valid for both interstate and intrastate transportation of *the* horse until there is a change of ownership. To obtain a permit a horse must have either a registered brand that has been legally cleared, or a lip tattoo, or the owner must present proof of ownership to a state stock inspector. A written application, on forms to be provided by the department, must be completed by the owner and presented to a state stock inspector together with a five dollar (\$5) permit fee for each horse. The application shall contain a thorough physical description of *the* horse and list all brands and tattoos carried by *the* horse.

Upon approval of *the* application by a state stock inspector, a permanent transportation permit shall be issued by the department to the owner for each horse and such permit shall be valid for the life of the horse. *If* there is a change of ownership in *a horse* the permit shall automatically become void. The permit must accompany the horse for which it was issued at all times while *the* horse is in transit. *This* permit shall be in lieu of other permits and certificates required under the provisions of this section. The state of Montana shall recognize as valid permanent transportation permits issued in other jurisdictions to the owner of *a* saddle, work, or show horse subsequently entering the state. *Such* a permit shall be automatically void upon a change of ownership."

69-7001. **Declaration of policy and purpose.** The public welfare requires the providing of assistance and encouragement for the development of a comprehensive emergency medical services program for Montanans who each year are dying and suffering permanent disabilities needlessly because of inadequate emergency medical services. The repeated loss of persons who die unnecessarily because necessary life support personnel and equipment are not available to victims of accidents

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 69-6101, R.C.M. 1947, is amended to read as follows:

**"69-6101. Consent of minor for health services — when valid.** The consent to the provision of medical or surgical care or services by a hospital, public clinic, or the performance of medical or surgical care or services by a physician, licensed to practice medicine in this state *may be given by a minor who professes or is found to meet any of the following descriptions:*

(1) *A minor who is or was ever married, or has had a child, or graduated from high school, or is emancipated; or*

(3) *A minor who professes or is found to be pregnant, or afflicted with*

*any reportable communicable disease including venereal disease, or drug and substance abuse including alcohol. This self-consent only applies to the prevention, diagnosis, and treatment of those conditions specified in this subsection. The self-consent in the case of pregnancy, venereal disease, and drug and substance abuse also obliges the health professional, if he accepts the responsibility for treatment, to counsel the minor by himself or by referral to another health professional for counseling; or*

*(4) A minor who needs emergency care, including transfusions, without which his health will be jeopardized. The parent, parents, or legal guardian shall be informed as soon as practical except in conditions mentioned in subsections (1), (2), (3), or (4) of this section; or*

*(5) A minor who has had a child may give effective consent to health service for his child; or*

Divulgence of information by physician.** (1) A treating physician or other health professional, may, but shall not be obligated to, inform the spouse, parent, custodian or guardian of any such minor in the circumstances as enumerated in section 69-6101, of any treatment given or needed when:

*(a) in the judgment of the health professional severe complications are present or anticipated; or*

*(b) major surgery or prolonged hospitalization is needed; or*

*(c) failure to inform the parent, parents, or legal guardian would seriously jeopardize the safety and health of the minor patient, younger siblings, or the public; or*

*(d) to inform them would benefit the minor's physical and mental health and family harmony; or*

*(e) the hospital desires a third party commitment to pay for services rendered or to be rendered.*

*(2) Notification or disclosure to the spouse, parent, parents, or legal guardian by the health professional shall not constitute libel or slander, a violation of the right of privacy, a violation of the rule of privileged communication or any other legal basis of liability. When the minor is found not to be pregnant, or not afflicted with venereal disease, or not suffering from a drug or substance abuse, including alcohol, then no information with respect to any appointment, examination, test, or other health procedure shall be given to the parent, parents, or legal guardian, if they have not been already informed as permitted in this act, without the consent of the minor."*

**"69-6103. Financial responsibility of a consenting minor.** *Consent of the minor shall not be subject to later disaffirmance or revocation because of minority. The spouse, parent, parents, or legal guardian of a consenting minor shall not be liable for payment for such service unless the spouse, parent, parents, or legal guardian have expressly agreed to pay for such care. The minor so consenting for such health services shall thereby assume financial responsibility for the cost of said services except those who are proven unable to pay and who receive the services in public institutions. If the minor is covered by health insurance, payment may be applied for services rendered."*

Section 4. Section 69-6104, R.C.M. 1947, is amended to read as follows:

**"69-6104. Emergencies and special situations when consent requirements differ.** *(1) Any health professional may render or attempt to render emergency service or first aid, medical, surgical, dental, or psychiatric treatment without compensation to any injured person or any person regardless of age who is in need of immediate health care when, in good faith, the professional believes that the giving of aid is the only alternative to probable death or serious physical or mental damage.*

*(2) Any health professional may render nonemergency services to minors for conditions which will endanger the health or life of the minor if services would be delayed by obtaining consent from spouse, parent, parents, or legal guardian.*

*(3) No consent shall be required of any minor who does not possess the mental capacity or who has a physical disability which renders him incapable of giving his consent and who has no known relatives or legal guardians if a physician determines the health service should be given.*

*(4) Self-consent of minors shall not apply to sterilization or abortion."*

Section 5. Section 69-6105, R.C.M. 1947, is amended to read as follows:

Whether or not a motor vehicle is operated by a motor carrier between fixed termini, or over a regular route, or otherwise, under this act, is a question of fact to be determined by the commission.

(8) "*Motor carrier*" means a person or corporation, their lessees, trustees, or receivers, appointed by any court, operating motor vehicles upon any public highway in this state for the transportation of persons or property for hire, on a commercial basis either as a common carrier or under private contract, agreement, charter, or undertaking. However, this act does not affect motor vehicles used in carrying property consisting of agricultural commodities (not including manufactured products thereof), if the motor vehicles are not used in carrying other property or passengers for compensation; the operation of school buses which are used in conveying pupils or other students enrolled in classes to and from district or other schools, or in transportation movements related to school activities which are sponsored or supervised by school authorities, the transportation by means of motor vehicles in the regular course of business of employees, supplies, and materials by a person, firm, or corporation engaged exclusively in the construction or maintenance of highways, or engaged exclusively in logging or mining operations, in so far as the use of employees, supplies, and materials in construction and production is concerned; the transportation of property by motor vehicle in a city, town, or village with a population, according to the latest United States census, of less than five hundred (500) persons, or in the commercial areas thereof as determined by the commission; the transportation of newspapers, newspaper supplements, periodicals or magazines; tow trucks and wreckers designed and exclusively used in towing abandoned, wrecked, or disabled vehicles or while these tow trucks and wreckers are rendering assistance to abandoned, wrecked, or disabled vehicles; or ambulances.

(9) "*For hire*" means for remuneration of any kind, paid or promised, either directly or indirectly, or received or obtained through leasing, brokering, or buy-and-sell arrangements from which a remuneration is obtained or derived for transportation service. An accommodative transportation movement by a person not in the transportation business is not a service for hire, even though the persons owning the property transported or persons transported share in the cost or pay for the movement. This act does not prevent bona fide leases, brokerage agreements, or buy-and-sell agreements.

(10) "*Compensation*" means the charge imposed on motor carriers for the use of the highways in this state by motor carriers, under section 8-116.

(11) "*Railroad*" means the movement of cars on rails, regardless of the motive power used."

Section 2. Section 8-101.2, R.C.M. 1947, is amended to read as follows:

**"8-101.2. Certificate required for commercial transportation of livestock.** A person, firm, corporation, association or its or their officers, agents, employees, or servants, *may not* operate any motor vehicle or combination of vehicles in the commercial transportation of livestock for hire, without having first obtained a class B certificate of public convenience and necessity from the *commission*. Provided, however, any commercial transportation movement of livestock in any motor vehicle having a cargo bed of twenty-two (22) feet in length or less, shall be deemed exempt from the provisions of this act."

Section 3. Section 8-111, R.C.M. 1947, is amended to read as follows:

**"8-111. Hearing to consider applications — notice — matters considered — manner of conducting hearings.** (1) Upon the filing of such application by a class A or class B or class C motor carrier, except a class C motor carrier authorized to operate under the terms of a United States government contract, agency or department thereof, the *commission* shall fix a time and place for hearing thereon, which shall not be less than ten (10) days after the filing. The *commission* shall cause a copy of the petition and notice of hearing thereon to be served upon an officer or owner of any motor carrier that in the opinion of the *commission* might be affected by the granting of any such certificate and upon any railroad company operating into or through any town or city located on the proposed route of the applicant, and upon the *department of highways*, at least ten (10) days before the date of hearing, and any such motor carrier or railroad company, and the *department of highways*, and the governing board or boards of any such county, town, or city into or through which the route or service as proposed may extend, and any person or corporation concerned are hereby declared to be interested parties to the proceedings, and may offer testimony for or against the granting of the certificate. The submission of a class C motor carrier application must be accompanied by the names and addresses of any person, firm, corporation or other legal entity with whom the applicant has executed a contract for the distribution, delivery or collection of wares, merchandise or commodities, or transporting persons. Such contracts must be in writing, executed by the parties and submitted to this commission for examination. The contracting parties must appear and offer testimony in support of the applicant. If after hearing upon application for a certificate, the *commission finds*, from the evidence, that public convenience and necessity require the authorization of the service proposed, or any part thereof as the *commission* shall determine, a certificate therefor shall be issued. In determining whether a certificate should be issued, the *commission* shall give reasonable consideration to the transportation service being furnished or that will be furnished by any railroad, or other existing transportation agency, and shall give due consideration to the likelihood of the proposed service

being permanent and continuous throughout twelve (12) months of the year and the effect which *the* proposed transportation service may have upon other forms of transportation service which are essential and indispensable to the communities to be affected by such proposed transportation service or that might be affected thereby. *However* an application by a class A or a class B or a class C motor carrier for a certificate may be disallowed without a public hearing thereon when it appears from the records of the *commission* that the route or territory sought to be served by the applicant has previously been made the basis of a public investigation and finding by the *commission* that public convenience and necessity do not require *the* proposed motor carrier service unless it is made to affirmatively appear in the application by a recital of the facts that conditions obtaining over *the* route or in *the* territory and affecting transportation facilities therein have materially changed since said public investigation and finding and that public convenience and necessity do now require *the* motor carrier operation.

(2) Any investigation, inquiry or hearing which the *commission* has power to undertake or to hold, under the provisions of this act, may be undertaken or held by or before any member of the *commission*, or by and before any agent or examiner of the *commission* designated for the purpose by the *commission*, and every finding, order, or decision made by a member of the *commission*, or agent or examiner of the *commission* so designated, together with a statement in writing of the reasons therefor which statement must be included in *the* finding, or order or decision, pursuant to *the* investigation, inquiry or hearing, when approved and confirmed by the *commission* and ordered filed in its office, shall be *considered* the finding, order, or decision of the *commission*. An agent or examiner of the *commission* designated as aforesaid, may administer oaths, examine witnesses, and receive evidence."

**"32-2820. Penalty for violations.** A person *who violates section*

32-2818 is guilty of a misdemeanor and shall be fined not less than ten dollars (\$10) nor more than fifty dollars (\$50) for each violation."

Section 7. Section 32-1018, R.C.M. 1947, is renumbered 32-21-176, and is amended to read as follows:

"32-21-176. **Grazing livestock on highway unlawful.** A person who owns or *possesses* livestock, *may not* permit *the* livestock to graze, remain upon or occupy a part of the right of way of a state highway running through cultivated areas, *nor* a part of the fenced right of way of a state highway, *if* in either case *the highway* has been designated by agreement between the highway commission and the secretary of *transportation* as a part of the national system of interstate and defense highways; *nor* a state highway, designated by agreement between the highway commission and the secretary of *transportation* as a part of the federal-aid primary system except as provided in *section 32-1019*."

Section 8. Section 32-1019, R.C.M. 1947, is renumbered 32-21-177, and is amended to read as follows:

"32-21-177. **Exclusions from preceding section.** *Section 32-1018 does not apply to the following:*

- (1) *Livestock* on state highways in charge of one (1) or more herders.
- (2) *The* parts of fenced highways adjacent to open range where a highway device has *not* been installed to exclude range livestock.
- (3) *The* parts of a state highway, a part of the federal-aid primary system, *which* the *department of highways designates* as being impracticable to exclude livestock. *These* portions of the highway shall be marked by proper signs in accordance with the *department's* manual and specifications for a uniform system of traffic-control devices."

Section 9. Section 32-1020, R.C.M. 1947, is renumbered 32-21-178, and is amended to read as follows:

"32-21-178. **Penalty for violating act.** *A person who violates section 32-21-176 is guilty of a misdemeanor and is subject to a fine of not less than five dollars (\$5), nor more than one hundred dollars (\$100), for each offense. In a civil action brought by the owner, driver or occupant of a motor vehicle, or by their personal representatives or assigns, or by the owner of livestock, for damages caused by collision between a motor vehicle and a domestic animal or animals on a highway, there is no presumption or inference that the collision was due to negligence on the part of the owner or the person in possession of the livestock, or the driver or owner of the vehicle.*"

Section 10. Section 32-1021, R.C.M. 1947, is renumbered 32-21-179, and is amended to read as follows:

"32-21-179. **Flagmen escorts — prohibitions against nighttime herding on public highways.** A person who owns, controls or *possesses* livestock *may not* herd or drive a herd of livestock *numbering more than* ten (10) on an interstate or state primary *highway designated as such* by the highway commission unless the livestock *are* preceded and followed

by flagmen escorts for the purpose of warning other highway users. Live-stock *may* not be herded *nor* driven on *an* interstate or state primary *highway* during nighttime as *that term is* defined in section 90-406, except in a case of emergency. *In the case of an emergency, during the nighttime* the flagmen escorts *shall* use adequate warning lights such as, but not limited to, portable lamps, lanterns, or rotating beacons. This *section does* not apply during daytime at posted livestock crossings on highways."

Section 11. Section 32-1022, R.C.M. 1947, is renumbered 32-21-180, and is amended to read as follows:

"**32-21-180. Violations.** *A person who violates section 32-21-179 is guilty of a misdemeanor.*"

Section 12. There is a new section to be numbered 32-1123.1, R.C.M. 1947, which reads as follows:

32-1123.1. **Standards of maximum dimensions, weights, etc.** The standards provided for in sections 32-1123.2 through 32-1123.11 govern the maximum dimensions, weights, and other characteristics of motor vehicles operating over the highways in the state to the exclusion of other standards or other requirements respecting the subject matter.

Section 13. There is a new section to be numbered 32-1123.2, R.C.M. 1947, which reads as follows:

32-1123.2. **Definitions.** In sections 32-1123.1 through 32-1123.11, the following definitions apply:

- (1) Vehicle — as defined in section 32-2102.
- (2) Motor vehicle — as defined in section 32-2102.
- (3) Truck-tractor — as defined in section 32-2103.
- (4) Truck — as defined in section 32-2104.
- (5) Trailer — as defined in section 32-2105.
- (6) Semitrailer — as defined in section 32-2105.
- (7) Dolly or converter gear — a device consisting of one (1) or two (2) axles with a fifth wheel and trailer tongue used to support the forward end of a semitrailer, thereby converting a semitrailer into a trailer.

Section 14. There is a new section to be numbered 32-1123.3, R.C.M. 1947, which reads as follows:

32-1123.3. **Width.** A vehicle, unladen or with load, may not have a total outside width in excess of one hundred two (102) inches, except buses which may have a total outside width not to exceed one hundred two (102) inches. This bus width is allowed only on paved highways twenty (20) feet or more in width. This restriction does not apply to an implement of husbandry moved or propelled upon the highway during daylight hours for a distance of not more than one hundred (100) miles, if the movement is incidental to the farming operations of the owner of the implement of husbandry. If the implement of husbandry has a width in excess of twelve (12) feet, it shall be preceded by flagmen escorts for the purpose of warn-

ing other highway users; provided, however, that this restriction does not apply to dual wheel tractors under fifteen (15) feet over-all width which are used in farming operations. The rear of such an implement of husbandry shall properly display lights which meet standard requirements in Section 32-21-134, R.C.M. 1947. However, if the highway passes through a hazardous area, such implements of husbandry must be preceded and followed by flagman escorts.

Section 15. There is a new section to be numbered 32-1123.4, R.C.M. 1947, which reads as follows:

32-1123.4. **Height.** A vehicle, unladen or with load, may not exceed a height of thirteen (13) feet, six (6) inches.

Section 16. There is a new section to be numbered 32-1123.5, R.C.M. 1947, which reads as follows:

32-1123.5. **Length.** (1) A single truck, unladen or with load, may not have an overall length, inclusive of front and rear bumpers, in excess of thirty-five (35) feet.

(2) A single bus, unladen or with load, may not have an overall length, inclusive of front and rear bumpers, in excess of forty (40) feet.

(3) A combination of truck and trailer, tractor and semitrailer, tractor-semitrailer-full trailer, or tractor-semitrailer-semitrailer converted to a trailer by use of a dolly equipped with a fifth wheel, may not have an overall length, inclusive of front and rear bumpers, in excess of sixty (60) feet. If the combination consists of more than two (2) units, the rear units of the combination shall be equipped with breakaway brakes.

(4) A motor vehicle may not tow more than one (1) motor vehicle, and a motor vehicle may not draw more than two (2) motor vehicles attached to it by the dual saddle-mount method, that is by mounting the front wheels of one (1) vehicle on the bed of another, leaving only the rear wheels of the vehicle in contact with the roadway, nor may this combination have an overall length, inclusive of front and rear bumpers, in excess of sixty (60) feet.

(5) A passenger vehicle or truck of less than two thousand (2,000) pounds "manufacturers' rated capacity" may not tow more than one (1) trailer or semitrailer, nor may this combination have an overall length, inclusive of front and rear bumpers, in excess of sixty (60) feet.

Section 17. There is a new section to be numbered 32-1123.6, R.C.M. 1947, which reads as follows:

32-1123.6. **Permissible loads.** (1) An axle may not carry a load in excess of eighteen thousand (18,000) pounds. An axle load is defined as the total load transmitted to the road by all wheels whose centers are included between two (2) parallel transverse verticle planes forty (40) inches apart, extending across the full width of the vehicle.

(2) (a) The gross weight of a group of axles of a vehicle or combination of vehicles, if the distance between first and last axles of a group of axles is eighteen (18) feet or less, and the gross weight of a vehicle if the distance between the first and last axles of all the axles of the vehicle is eighteen (18) feet or less, may not exceed that set forth in the following table of weights:

|                                                                                                                                                                                                     |                                                                                                                                      |

Section 18. There is a new section to be numbered 32-1123.7, R.C.M. 1947, which reads as follows:

32-1123.7. **Special permits.** The department of highways may, based on evaluation of safety, highway capacity, and economics of highway maintenance and vehicle operation, authorize by special permit at a fee of ten dollars (\$10), specifying highway routings, the operation of a vehicle having two (2) but not more than nine (9) axles if the maximum single axle load is twenty thousand (20,000) pounds and if no two (2) consecutive axles more than forty (40) inches or less than ninety-six (96) inches apart carry a load in excess of thirty-four thousand (34,000) pounds. For purposes of this section, axles forty (40) inches or less apart are considered as a single axle. The maximum gross weight allowed on a vehicle or combination so authorized by this special permit shall be determined by the formula  $W \text{ equals } 500 (LN/N \text{ minus } 1 \text{ plus } 12N \text{ plus } 36)$  in which  $W$  equals gross weight,  $L$  equals wheel base in feet, and  $N$  equals number of axles. However, the maximum allowable gross weight on a group of axles may not exceed the following values:

|         |                |
|---------|----------------|
| 2 axles | 40,000 pounds  |
| 3 axles | 60,000 pounds  |
| 4 axles | 80,000 pounds  |
| 5 axles | 85,500 pounds  |
| 6 axles | 90,000 pounds  |
| 7 axles | 105,500 pounds |
| 8 axles | 105,500 pounds |
| 9 axles | 105,500 pounds |

This section does not apply to highways which are a part of the national system of interstate and defense highways (as referred to in section 127 of Title 23, United States Code) when application of this section would prevent this state from receiving federal funds for highway purposes.

Section 19. There is a new section to be numbered 32-1123.8, R.C.M. 1947, which reads as follows:

32-1123.8. **Measuring distance between axles.** The distance between axles shall be measured to the nearest foot. When a fractional measurement is exactly one-half ( $\frac{1}{2}$ ) foot, the next larger whole number shall be used.

Section 20. There is a new section to be numbered 32-1123.9, R.C.M. 1947, which reads as follows:

**32-1123.9. Reduction under special circumstances.** The maximum axle and axle group loads stated in section 32-1123.6 are subject to reasonable reduction in the discretion of the department during periods when road subgrades have been weakened by water saturation or other causes.

Section 21. There is a new section to be numbered 32-1123.10, R.C.M. 1947, which reads as follows:

**32-1123.10. Operation without special permits.** The operation of vehicles or combinations of vehicles having dimensions or weights in excess of the maximum limits specified in sections 32-1123.1 through 32-1123.9 is permitted only if authorized by special permit issued by the department of highways or its agents, or the highway patrol.

Section 22. There is a new section to be numbered 32-1123.11, R.C.M. 1947, which reads as follows:

**32-1123.11. Federal law.** Sections 32-1123.1 through 32-1123.10 do not authorize, without a permit issued as provided by law, the operation of a combination of vehicles having a gross weight, axle load or size in excess of that authorized in those sections, or the operation of a combination of vehicles on the national system of interstate and defense highways having a gross weight or size in excess of that permitted by law in this state before July 1, 1956, or by federal law or regulation in excess thereof, which is adopted. If federal law allows establishment of size and weight limits in excess of those permitted in those sections, without penalty or denial of federal funds for highway purposes, the department of highways may, by permit designating highway routing, authorize the movement on highways under its jurisdiction of vehicles or combinations of vehicles of a size or weight in excess of the limits provided for in those sections, but within the limits necessary to qualify for federal aid highway funds.

Section 23. There is a new section to be numbered 32-1123.12, R.C.M. 1947, which reads as follows:

**32-1123.12. Authority of local authorities.** A local authority may not alter the limitations provided in sections 32-1123.1 through 32-1123.11, or substitute other limitations or requirements, except as provided in section 32-1128.

Section 24. Section 32-1124, R.C.M. 1947, is amended to read as follows:

**"32-1124. Violation, a misdemeanor.** (1) *It is a misdemeanor for a person, firm, or corporation to violate any provision of sections 32-1123.1 through 32-1123.11.*

(2) *However, the operator of a vehicle which is loaded at a location where no scale exists may move the vehicle over the highways to the first open state scale without violating those sections and incurring the penalties provided by section 32-1125. The origin of movement shall be at such a distance from a scale that the operator could not have been reasonably expected to check the weight of the vehicle during the loading. The operator shall exhibit shipping papers or other written evidence of the location at which the vehicle was loaded. The operator shall move the vehicle toward its destination over the most direct highway route and stop at the first open state scale, permanent or portable. The load must be adjusted or reduced*

*to conform to the size and weight limitations of the vehicle before the vehicle is moved from the point of weighing."*

Section 25. Section 32-1125, R.C.M. 1947, is amended to read as follows:

"32-1125. **Penalties.** (1) A person, firm or corporation *convicted of violating sections 32-1123.1 through 32-1123.11* shall be punished by a fine of not less than fifteen dollars (\$15) nor more than fifty dollars (\$50), or by imprisonment in the county or municipal jail for not less than five (5) days nor more than twenty-five (25) days. *In addition, a person, firm or corporation convicted of operating a motor vehicle upon the public highways of this state with weight upon a wheel, axle or group of axles or upon more than one (1) of them greater than the maximum permitted by sections 32-1123.1 through 32-1123.11, shall be fined, in addition to other penalties provided by law for the offense, the following amounts:*

(a) Fifteen dollars (\$15) for any excess weight up to and including two thousand (2,000) pounds.

(b) Twenty-five dollars (\$25) for any excess weight more than two thousand (2,000) pounds and less than four thousand and one (4,001) pounds.

(c) Thirty-five dollars (\$35) for any excess weight more than four thousand (4,000) pounds and less than six thousand and one (6,001) pounds.

(d) Fifty dollars (\$50) for any excess weight more than six thousand (6,000) pounds and less than eight thousand and one (8,001) pounds.

(e) Eighty dollars (\$80) for any excess weight more than eight thousand (8,000) pounds and less than ten thousand and one (10,001) pounds.

(f) One hundred ten dollars (\$110) for any excess weight more than ten thousand (10,000) pounds and less than twelve thousand and one (12,001) pounds.

(g) One hundred and fifty dollars (\$150) for any excess weight more than twelve thousand (12,000) pounds and less than fourteen thousand and one (14,001) pounds.

(h) Two hundred dollars (\$200) for any excess weight more than fourteen thousand (14,000) pounds and less than sixteen thousand and one (16,001) pounds.

(i) Two hundred fifty dollars (\$250) for any excess weight more than sixteen thousand (16,000) pounds and less than eighteen thousand and one (18,001) pounds.

(j) Three hundred dollars (\$300) for any excess weight more than eighteen thousand (18,000) pounds and less than twenty thousand and one (20,001) pounds.

(k) Five hundred dollars (\$500) for any excess weight more than twenty thousand (20,000) pounds and less than twenty-five thousand and one (25,001) pounds.

(l) One thousand dollars (\$1,000) for any excess weight more than twenty-five thousand (25,000) pounds.

(2) A *complaint* filed and a *summons* or *notice* to appear issued pertaining to a *violation* of the gross weight regulations in *sections 32-1123.1 through 32-1123.11*, shall specify the amount of the overweight, which the defendant is alleged to have had upon the vehicle or combination of vehicles.

(3) All fines and forfeitures shall be remitted monthly by the county treasurer to the state treasurer for deposit in the state general fund."

Section 26. Section 32-1126, R.C.M. 1947, is amended to read as follows:

**"32-1126. Officers may weigh vehicles and require removal of excessive loads — badges and uniforms of highway employees.**

(1) A peace officer, officer of the highway patrol, or *employee* of the department may weigh any vehicle *regulated by sections 32-1123.1 through 32-1123.11*, either by means of portable or stationary scales, and may require that *the* vehicle be driven to the nearest scales *if those* scales are within two (2) miles. *That person* may then require the driver to unload immediately *that* portion of the load necessary to decrease the weight of *the* vehicle to conform to the maximum allowable weights specified in *sections 32-1123.1 through 32-1123.11*.

(2) *Commodities* and material unloaded as required by this section shall be cared for and removed from the highway right of way by the owner or operator of *the* vehicle at the risk of *that* owner or operator. *The* removal shall be within a reasonable time designated by the *person* who has compelled *the* unloading.

(3) The *department* may establish, maintain, and operate, either intermittently or on a continuous schedule, weigh stations and require vehicles, except passenger cars and pickup trucks under eight thousand (8,000) pounds G.V.W., to enter for the purpose of weighing and inspection for compliance with all laws pertaining to *their* operation and safety requirements.

(4) An *employee* of the *department* engaged in the enforcement of this section shall wear and prominently display an identification badge or device *which shows* the employee's name and title. The *department* may authorize uniform dress for *those* employees."

Section 27. There is a new section to be numbered 32-1127.1, R.C.M. 1947, which reads as follows:

**32-1127.1. Permits for excess size and weight.** (1) The department of highways, and local authorities in their respective jurisdictions, may, in their discretion, upon application in writing and with good cause shown, issue a special permit in writing, authorizing the applicant to operate or move a vehicle, combination of vehicles, load, object, or other thing of a size or weight exceeding the maximum specified in sections 32-1123.1 through 32-1123.11 upon a highway under the jurisdiction of and for the maintenance of which the body granting the permit is responsible; however, only the department has the discretion to issue permits for movement of a vehicle or combination of vehicles carrying built-up or reducible loads in excess of nine (9) feet in width or exceeding the length, height, or weight specified in sections 32-1123.1 through 32-1123.11. This permit shall be issued in the public interest; a carrier receiving this permit must have public liability and property damage insurance for the protection of the traveling public as a whole. A permit may not be issued for a period of time greater than the license period provided in Title 53 or Title 32, including grace periods allowed by those titles. Owners of vehicles licensed in other jurisdictions may, at the discretion of the department, purchase permits to expire with their registration. A license required by the state

governs the issuance of a special permit. The department may issue oversize permits to dealers in implements of husbandry and self-propelled machinery which may be transferred from unit to unit by the dealer for the fees set forth in section 32-1127.3. These oversize permits expire on December 31 of each year with no grace period. For the purposes of this section, a dealer in implements of husbandry or self-propelled machinery must be a resident of the state. A post-office box number is not a permanent address under this section.

(2) The applicant for a special permit shall specifically describe the powered vehicle or towing vehicle and generally describe the type of vehicle, combination of vehicles, load, object, or other thing to be operated or moved and the particular state highways over which the vehicle, combination of vehicles, load, object, or other thing is to be moved and whether the permit is required for a single trip or for continuous operation.

Section 28. There is a new section to be numbered 32-1127.2, R.C.M. 1947, which reads as follows:

**32-1127.2. Special permits — discretion of issuer — conditions.** The department or local authority may issue or withhold a special permit at its discretion, or, if the permit is issued, limit the number of trips, or establish seasonal or other time limitations within which the vehicle, combination of vehicles, load, object, or other thing described may be operated on the public highways indicated, or otherwise limit or prescribe conditions of operation of the vehicle, combination of vehicles, load, object, or other thing when necessary to assure against damage to the road foundation, surfaces or structures or safety of traffic, and may require an undertaking or other security considered necessary to compensate for injury to a roadway or road structure. During harvest no permit may be denied to oversize harvest or harvest-related agricultural machinery solely on the grounds that the travel takes place on a Saturday or Sunday.

Section 29. There is a new section to be numbered 32-1127.3, R.C.M. 1947, which reads as follows:

**32-1127.3. Special permits — fees.** The following fees, in addition to the regular license and gross vehicle weight fees, shall be paid for all movements under special permits on the public highways under the jurisdiction of the department:

Six dollars (\$6) for each permit issued in excess of the size and weight specified in section 32-1123.1 through 32-1123.11. (2) *The department shall erect and maintain appropriate signs giving notice of these special limits. When they are erected, the limits are effective at that part at all times, or at other times the commission sets.*

On a two-lane highway where passing is unsafe because of traffic in the opposite direction or other conditions, a slow-moving vehicle, including a passenger vehicle, behind which four (4) or more vehicles are formed in line, shall turn off the roadway at the nearest place designated as a turnout by signs erected by the authority having jurisdiction over the highway, or wherever sufficient area for a safe turnout exists, in order to permit the vehicles following it to proceed. As used in this section a slow-moving vehicle is one which is proceeding at a rate of speed less than the normal flow of traffic at the particular time and place. The department of highways is authorized to designate and construct such turnouts and to erect signs at appropriate places advising motorists of this statute.

(b) *If the department of highways or local authorities within their respective jurisdictions determine on the basis of an engineering and traffic investigation that slow speeds on any part of a highway consistently impede the normal and reasonable movement of traffic, the commission or the local authority may set a minimum speed limit below which a person may not drive a vehicle except when necessary for safe operation or in compliance with law."*

(c) The *department of highways* upon request from a local authority may, or upon its own initiative shall, conduct an investigation of a bridge or other elevated structure constituting a part of a highway, and if it *finds on investigation* that *the* structure cannot *safely* withstand vehicles traveling at the speed otherwise permissible under this act, the *commission* shall *set* the maximum speed of vehicles which *the* structure can withstand, and *the department* shall *erect and maintain* suitable signs stating *the* maximum speed at a distance of not less than one hundred (100) feet before each end of *the* structure.

(b) Where signs or markings are in place to define a no-passing zone as set forth in paragraph (a) a driver *may not* drive on the left side of the roadway within *the* no-passing zone or on the left side of a pavement striping designed to mark *the* no-passing zone throughout its length."

If a driver is involved in a collision at an intersection or interferes with the movement of other vehicles after driving past a "Yield" sign, such collision or interference shall be deemed evidence of the driver's failure to yield right of way."

(b) *The* sign shall bear the word "Stop" in letters not less than eight (8) inches in height, and *it* shall be *made* luminous *at nighttime* by steady or flashing internal illumination, or by a fixed floodlight projected on the face of the sign, or by efficient reflecting elements on the face of the sign.

(c) *The* stop sign shall be erected as near as practicable to the nearest line of the crosswalk on the near side of the intersection or, if there is no crosswalk, then as close as practicable to the nearest line of the roadway.

(2) In sections 32-2426 and 32-2427 "open range" means all private and public lands in the state not inclosed by a fence of not less than four (4) wires in good repair, but does not include herd districts as created and defined by section 46-1501."

**"32-2601. Distribution and use of proceeds of gasoline dealers' license tax.** (1) All money received in payment of license taxes under the *Distributor's Gasoline License Tax Act*, except those amounts paid out of the *department of revenue's* suspense account for gasoline tax refund, shall be used and expended as provided in this section. So much of *that* money on hand at any time as may be needed to pay highway bonds and interest thereon when due and to accumulate and maintain a reserve therefor, as provided in laws and in resolutions of the state board of examiners authorizing such bonds, shall be deposited in the highway bond account in the sinking fund established by section 79-410. The legislative assembly hereby finds as a fact that the principal and interest and reserve requirements of bonds so authorized are a necessary cost of administering laws under which gasoline license taxes are derived, payment of highway obligations, and cost of construction, reconstruction, maintenance and

repair of public highways, roads, streets, and bridges. Subject to *that* provision, six-tenths of one per cent (.6%) of all money shall be deposited in the state park account in the earmarked revenue fund. All of the remainder of *the* money shall be used and expended by the *department of highways* on the federal-aid highways in this state selected and designated under the Federal-Aid Act, approved July 11, 1916, and the Federal Highway Act, approved November 9, 1921, and all amendments thereto, and on highways leading from each county seat in the state to *the* federal highway system of federal-aid roads where *the* county seat is not on *the* system, and on *the* other roads *which* have been or may be authorized by the laws of Montana, and for collection of the license taxes and the enforcement of the Montana highway code, *under* article *VIII*, section *6* of the constitution of *this* state. *The department shall*, in expending *this* money, carry forward construction from year to year, using the money expended through the matching up of federal-aid allotments to Montana upon the federal highway system in the various parts of the state in accordance with sections 32-2605 through 32-2607; nothing in this act *conflicts* with *those* federal-aid highway acts and the rules by which they are administered. The *department may* enter into co-operative agreements with the national park service and the *federal highway administration* for the purpose of maintaining national park approach roads in Montana.

(2) Money credited to the state park account in the earmarked revenue fund shall be used only for the creation, improvement, and maintenance of state parks where motor boating is allowed, except for the payment of refunds *under* section *84-1855*. The legislative assembly hereby finds as a fact that of all the fuel sold in the state for consumption in internal combustion engines, not less than six-tenths of one per cent (.6%) is used for propelling boats on waterways of this state."

"32-2604. **Construction or reconstruction of bridges.** (1) The *department* may allocate from state construction moneys available for the federal-aid highway system up to one million dollars (\$1,000,000) in any fiscal year for the construction or reconstruction of any major bridge or system of bridges on the primary or secondary highway systems. This may be done only when the use of regularly apportioned funds would prohibit or seriously delay the orderly and necessary highway construction program in the financial districts.

(2) When the *department*, as a part of its finding of public necessity, declares that a particular bridge should be constructed or reconstructed on a designated portion of the primary or secondary highway, the allocation may be made. The allocation may be expended:

(a) On primary bridges when the *department's* estimate of the cost of construction or reconstruction is in excess of five hundred thousand dollars (\$500,000).

(b) On secondary bridges when the *department's* estimate of the state's share of the cost of construction or reconstruction is in excess of the total estimated future regular apportionment of state construction moneys to the federal-aid secondary system of the county or counties for a period of three (3) years.

(3) The allocation shall be made from available state construction moneys for the primary system before the apportionment in section 32-2606, and for the secondary system before the apportionment in section 32-2607."

Section 97. Section 32-2605, R.C.M. 1947, is amended to read as follows:

"32-2605. **Apportionment of state construction funds.** At the beginning of each fiscal year the *department* shall apportion available state construction funds to the various federal-aid highway systems *which are* required to match the amounts of federal aid available for expenditure on each respective system. *The* state's share of the cost of final judgments in court awards made to construction contractors on state highway construction projects during the previous fiscal year may be deducted from funds available prior to the apportionments provided in this section and *this* cost shall be credited to the accounts of the highway system, financial district, county or urban city involved as an offset to the charges made to *the* accounts as a result of *the* final judgment. *The* deductions may be made only when the amount of *these* judgments would prohibit or seriously impair the highway construction program in a financial district, county or urban city."

Section 98. Section 32-2606, R.C.M. 1947, is amended to read as follows:

**"32-2606. Apportionment of state funds to federal-aid primary highway system.** (1) *At the beginning of each fiscal year the department shall determine the amount of incompleted mileage of the federal-aid primary system within each of the financial districts.*

(a) *As a basis for determination of incompleted mileage, the department shall compare the present condition of the system with the latest approved state standards. Any mileage failing to meet those standards shall be included in the determination as partially completed. The proportion of completion shall be determined by estimating the amount of work which must be performed to complete the highway.*

(2) *The department shall then compute the ratio between the incompleted mileage in each district and the total incompleted mileage of the federal-aid primary system in the state.*

(3) *The department shall then apportion available state construction funds to the federal-aid primary system in each district on the basis of the computed ratio."*

Section 99. Section 32-2607, R.C.M. 1947, is amended to read as follows:

(a) *One-fourth ( $\frac{1}{4}$ ) in the ratio of land area in each district to the total land area in the state.*

(b) *One-fourth ( $\frac{1}{4}$ ) in the ratio of the rural population in each district to the total rural population in the state.*

(c) *One-fourth ( $\frac{1}{4}$ ) in the ratio of the rural road mileage in each district to the total rural road mileage in the state.*

(d) *One-fourth ( $\frac{1}{4}$ ) in the ratio of value of rural lands in each district to the total value of rural lands in the state.*

(2) *Funds apportioned to each district shall be further apportioned to each county in the district on the same basis, considering ratios of land area, rural population, rural road mileage, and value of rural lands. To the extent necessary to permit orderly programming and construction of projects, expenditures in any county may exceed the amount apportioned to that county to the extent of three (3) times the amount of the last apportionment to the county. The amount of any excess expenditures shall be deducted from future apportionments to that county.*

(3) *For the purposes of this section, terms are defined as follows:*

(a) *Rural population — Total population less the population in cities over five thousand (5,000) persons and their unincorporated fringe urban areas as reported in the latest federal census.*

(i) Federal census population figures shall be adjusted in the interim between censuses in accordance with the percentage of change in annual motor vehicle registration figures for each county.

(b) Rural road mileage — All road mileage outside of incorporated cities, exclusive of road mileage on the federal-aid primary highway system and the federal-aid interstate system.

(i) Rural road mileage reported by the road inventory of the *department* shall be used in determining rural road mileage.

(c) Value of rural lands — Includes the value of state-owned lands from which the state derives grazing, timber, and agricultural income.

(i) The basis for the value of rural lands shall be computed from the latest biennial report of the department of revenue.

(ii) The basis for the value of state-owned lands shall be computed from the latest figures on the total grazing, timber, and agricultural lands in each county contained in the latest biennial report of the *department* of state lands.

(iii) The average value of privately owned lands shall be the average value of state-owned lands, if the actual value is not available."

**"32-3925. Compensation for moving expense as part of cost of construction — fixed payments in lieu of actual expense — dwelling — business or farm operation.** (a) As a part of the cost of construction the *department* may compensate a displaced person for his actual and reasonable expense in moving himself, family, business or farm operation, including moving personal property, and for his actual direct losses of tangible personal property as a result of moving or discontinuing a business or farm operation, not to exceed an amount equal to the reasonable expenses that would have been required to relocate the property, as determined by the *department*, and actual reasonable expenses in searching for a replacement business or farm.

(b) A displaced person who moves from a dwelling *may elect to receive, instead* of the payments authorized by *subsection* (a), a moving expense allowance, determined according to a schedule established by the *department*, not to exceed three hundred dollars (\$300), and in addition a dislocation allowance of two hundred dollars (\$200).

(c) A displaced person who moves or discontinues his business or farm operation *may elect to receive instead* of the payment authorized by *subsection* (a), a fixed relocation payment in an amount equal to the average annual net earnings of the business or farm operation, except that the payment *may not* be less than two thousand five hundred dollars (\$2,500) nor more than ten thousand dollars (\$10,000). In the case of a business, a payment *may not* be made under this *subsection* unless the *department* is satisfied that the business cannot be relocated without a substantial loss of patronage, and is not a part of a commercial enterprise having at least one (1) other establishment, not being acquired, which is engaged in the same or similar business. For purposes of this *subsection*, the term "average annual net earnings" means one-half (½) of any net earnings of the business or farm operation, before federal and state income taxes, during the two (2) taxable years immediately preceding the taxable year

in which *the* business or farm operation moves from the real property acquired for *the* project or during such other period *which* the *department* determines to be more equitable for establishing *the* earnings, and includes any compensation paid by the business or farm operation to the owner, his spouse or his dependents during *this* two (2) year period. To be eligible for the payment authorized by this *subsection*, the business or farm operation must make its state income tax returns available and its financial statements and accounting records available for audit and confidential use to determine the payment authorized by this *subsection*."

(a) A payment not to exceed fifteen thousand dollars (\$15,000) which, when added to the acquisition payment, equals the reasonable price required for a comparable dwelling determined, in accordance with standards established by the *department*, to be a decent, safe, and sanitary dwelling adequate to accommodate the displaced owner, reasonably accessible to public services and place of employment and available on the market;

(b) A payment, if any, which will compensate *the* displaced person for increased costs which *the* person is required to pay for financing the acquisition of a comparable replacement dwelling. *This* payment shall be made only if the dwelling acquired by the *department* was encumbered by a bona fide mortgage which was a valid lien on *the* dwelling for not less than one hundred eighty (180) days prior to the initiation of negotiations for the acquisition of *the* dwelling. *This* payment shall be equal to the excess in the aggregate interest and other debt service cost of that amount of the principal of the mortgage on the replacement dwelling which is equal to the unpaid balance of the mortgage on the acquired dwelling under the remainder term of the mortgage on the acquired dwelling reduced to discounted present value. The discount rate shall be the prevailing interest rate paid on savings deposits by commercial banks in the general area in which the replacement dwelling is located;

(c) The payment of reasonable expenses incurred by *the* displaced person for evidence of title, recording fees, and other closing costs incidental to the purchase of replacement dwelling but not including pre-paid expenses.

(b) *The* payment, not to exceed four thousand dollars (\$4,000), shall be the additional amount which is necessary to enable *the* individual or family to lease or rent for a period not to exceed four (4) years, or to make the down payment on the purchase of a decent, safe and sanitary dwelling of standards adequate to accommodate *the* individual or family in areas not generally less desirable in regard to public utilities and public and commercial facilities, except that if the amount of the down payment to purchase exceeds two thousand dollars (\$2,000), *the* individual or family must equally match *the* amount in excess of two thousand dollars (\$2,000) in making the down payment."

(b) The conditions for decent, safe, and sanitary dwellings;

Award shall be made upon such notice and upon such terms as the commission may prescribe by its rules. However, except when prohibited by federal law, the commission must make awards and contracts in accordance with sections 82-1924 and 82-1926.

(2) If the commission finds that *the* work may be done in some more efficient manner, it need not let the contract by competitive bidding.

(3) If, on highway construction work financed in whole or in part by federal funds, the United States secretary of *transportation* affirmatively finds that under the circumstances relating to a particular project some method other than competitive bidding is in the public interest, the commission may enter into contracts with *a* board of county commissioners. *These* contracts may authorize each county to acquire rights of way for, survey, and construct farm to market, secondary, or feeder roads within the county by force account, unit price, or otherwise, as may be agreed by the commission and *the* board."

"53-707. **Proportional registration of fleet vehicles.** If a jurisdiction permits or requires the licensing of fleets of vehicles in interstate or combined interstate and intrastate commerce and payment of registration fees, license fees, taxes or other fixed fees on *those vehicles* on an apportionment basis commensurate with and determined by the miles traveled on and the use made of *the* jurisdiction's highways, as compared with the miles traveled on and the use made of other jurisdiction's highways or any other equitable basis of apportionment, and exempts vehicles registered in *any* other jurisdiction under *this* apportionment basis from the requirements of full payment of its own registration, license fees, taxes or other fixed fees, then the *department* may, by agreement, adopt such exemption with respect to vehicles of *these* fleets, whether owned by residents or nonresidents of this state and regardless of where based. *An agreement*, under *the* terms, conditions or restrictions the *department* considers proper, may provide that owners of vehicles operated in interstate or combined interstate and intrastate commerce in this state be permitted to pay registration, license fees, taxes or other fixed fees on an apportionment basis, commensurate with and determined by the miles traveled on and the use made of the highways of this state as compared

with the use made of the highways of other jurisdictions or any other equitable basis of apportionment. *This agreement may not authorize, nor be construed to authorize a vehicle so registered to be operated in intrastate commerce in this state unless the owner of the vehicle has been granted intrastate authority or rights by the public service commission, if a grant is otherwise required by law. The department may adopt rules it considers necessary to carry out and administer this section, and the registration of fleet vehicles under this chapter is subject to the rights, terms and conditions granted by or contained in any applicable agreement, arrangement or declaration made by the department.*"

Section 194. Section 53-708, R.C.M. 1947, is amended to read as follows:

**"53-708. Declarations of extent of reciprocity.** In the absence of an agreement or arrangement with another jurisdiction, the *department* may examine the laws and requirements of *the* jurisdiction and declare the extent and nature of exemptions, benefits, and privileges to be extended to vehicles properly registered or licensed in *the* other jurisdiction, or to the owners of *the* vehicles, which *are*, in the judgment of the *department* in the best *interests and* fair and equitable to this state and *its* citizens determined on the basis and recognition of the benefits which accrue to the economy of this state from the uninterrupted flow of commerce."

Section 195. Section 53-712, R.C.M. 1947, is amended to read as follows:

**"53-712. Proportional registration of fleet vehicles, application, fee-formula and payment.** (1) *An* owner engaged in operating one (1) or more fleets may, *instead* of registration of vehicles under other sections of *this title*, register and license each fleet for operation in this state by filing an application with the *department* which shall contain the following information, and other information pertinent to vehicle registration the *department* requires:

(a) Total fleet miles. This shall be the total number of miles operated in all jurisdictions during the preceding year by the vehicles in *the* fleet during *the* year.

(b) In-state miles. This shall be the total number of miles operated in this state during the preceding year by the vehicles in *the* fleet during *the* year.

(c) A description and identification of each vehicle of *the* fleet which is to be operated in this state during the registration year for which proportional fleet registration is requested.

(2) The application for each fleet shall be accompanied by a fee payment computed as follows:

(a) Divide in-state miles by total fleet miles.

(b) Determine the total amount necessary to register each vehicle in the fleet for which registration is requested, based on the regular annual registration fees prescribed by section 53-122, *Title 32, chapter 32 and chapter 33 and the property taxes which are due on the fleet.*

(c) Multiply the sum obtained under subsection (2) (b) by the fraction obtained under subsection (2)(a)."

Section 196. Section 53-713, R.C.M. 1947, is amended to read as follows:

**"53-713. Registration and identification of proportionally registered vehicles, effect of such registration.** (1) The *department* shall register the vehicles so described and issue a license plate or plates, or a distinctive sticker, or other suitable identification device, for each vehicle described in the application upon payment of the appropriate fees, and property taxes as provided by law, for *the* application and for the stickers or devices issued. A fee of two dollars (\$2) shall be paid for each license plate, sticker or device issued for each proportionally registered vehicle. A registration card shall be issued for each proportionally registered vehicle. *The* registration card shall, in addition to other information required by Title 53, bear upon its face the number of the license, sticker or other device issued for *the* proportionally registered vehicle and shall be carried in *the* vehicle at all times.

(2) Fleet vehicles so registered and identified shall be deemed fully licensed and registered in this state for any type of movement or operation, except that, in those instances in which a grant of authority is required for intrastate movement or operation, *the* vehicle *may not* be operated in intrastate commerce in this state unless the owner has been granted intrastate authority by the public service commission and unless the vehicle is being operated in conformity with *that* authority."

Section 197. Section 53-716, R.C.M. 1947, is amended to read as follows:

**"53-716. Withdrawal of fleet vehicles, credits and accounting.** If a vehicle is withdrawn from a proportionally registered fleet during the period for which it is registered, the owner of *the* fleet shall notify the *department of that fact* on forms prescribed by the *department*. The *department* may require the owner to surrender proportional registration cards and other identification devices which have been issued with respect to *that vehicle*. If a vehicle is permanently withdrawn from a proportionally registered fleet because it has been destroyed, sold or otherwise completely removed from the service of the registrant, the unused portion of the gross vehicle weight fees paid with respect to *that vehicle shall be credited to the proportional registration account of the owner. This unused portion shall* equal the amount paid with respect to *the* vehicle when it was first proportionally registered in *the* registration year, reduced by 1/12 of the total annual gross vehicle weight fee of *the* vehicle for each calendar month and fraction thereof elapsing between the first day of the month of the current year in which the vehicle was registered and the date the notice of withdrawal is received by the *department*. This credit shall be applied against liability for subsequent additions to be prorated during *the* registration year or for additional fees due upon audit under *section* 53-719. If a credit is less than five dollars (\$5.00), *it may not* be made or entered. In no event *may the* amount be credited against fees other than those for *the* registration year, nor *may* any amount be subject to refund."

Section 198. Section 53-717, R.C.M. 1947, is amended to read as follows:

**"53-717. New fleet — estimated mileage.** The initial application for proportional registration of a fleet shall state the mileage data with respect to *the* fleet for the preceding year in this and other jurisdictions. If operations were *not* conducted with *this* fleet during the preceding year, the application shall contain a full statement of the proposed method of operation and estimates of annual mileage in this state and other jurisdictions. The *department* shall determine the in-state and total fleet miles to be used in computing the fee payment for the fleet. The *department* may evaluate and adjust the estimate in the application if it is not satisfied as to the correctness of *the estimate*."

Section 199. Section 53-718, R.C.M. 1947, is amended to read as follows:

Section 200. Section 53-719, R.C.M. 1947, is amended to read as follows:

**"53-719. Preservation of proportional registration records.** An owner whose application for proportional registration has been accepted shall preserve the records on which the application is based for a period of four (4) years following the year or period upon which *the* application is based. Upon request of the *department*, the owner shall make *these* records available to the *department* for audit as to accuracy of computations and payments, or pay the reasonable costs of an audit at the *owner's* home office by *an* appointed representative of the *department*. The *department* may make arrangements with agencies of other jurisdictions administering motor vehicle registration laws for joint audits of *the* owner."

Section 201. Section 53-721, R.C.M. 1947, is amended to read as follows:

**"53-721. Suspension of reciprocity benefits.** Agreements, arrangements or declarations made under this *chapter* may include provisions authorizing the *department* to suspend or cancel the exemptions, benefits or privileges granted thereunder to a person who violates any of the conditions or terms of *the* agreements, arrangements or declarations or who violates the laws of this state relating to motor vehicles, or rules lawfully *adopted* thereunder."

This shall not be construed to limit the amount of compensation payable by the *department of highways* under the provisions of any legislation enacted pursuant to the Federal Highway Beautification Act of 1965. If an order be made letting the plaintiff into possession, as provided in section 93-9920, the full amount finally awarded shall draw lawful interest from the date on which the property owner surrenders possession of the property in accordance with the terms of such order to the earlier of the following dates:

(2) On or before December 1 of each calendar year the secretary of the board shall notify each licensee by letter, addressed to his last place of residence as the same appears on the records of the board, that his license will expire on December 31 following the date of notice unless

application for renewal, accompanied by the annual renewal fee, is received by the board on or prior to that date.

When such complaint is filed, the secretary shall mail a copy thereof to the person so accused, at his last address of record with the board, together with a written citation of the time and place of a hearing thereon, advising him that he may be present in person, and by counsel if he so desires, to offer evidence and be heard in his defense. The time fixed for hearing shall be not less than thirty (30) days from the date of mailing the notice. The contested case procedures of the Montana Administrative Procedure Act (82-4201 to 82-4225) shall apply to the notice and hearing requirements of section 11 [66-3411] of this act, except that neither common law nor statutory rules of evidence need apply, but the board may make rules designed to exclude repetitive, redundant or irrelevant testimony.

(4) The secretary of the board in all cases of revocation, suspension or probation shall enter in its records the facts of the action, and of any subsequent action of the board with respect thereto.

(5) Upon the expiration of the term of suspension, the licensee shall be reinstated by the board, provided the licensee shall furnish the board with evidence that he is then of good moral character and conduct and

restored to good health and that he has not practiced acupuncture in this state during the term of suspension. If the evidence fails to establish to the satisfaction of the board that the licensee is then of good moral character and conduct or if not restored to good health or if the evidence shows he has practiced acupuncture in this state during the term of suspension, the board shall revoke the license at a hearing, the notice and procedure of which shall be as hereinabove provided, which revocation shall then be final and absolute.

**66-3414. Enjoining unlawful practice.** The practice of acupuncture in any way other than as defined in this act may be enjoined by the district court on petition by the board. In any such proceeding, it shall not be necessary to show that any person is individually injured by the actions complained of. If the respondent is found to have so practiced, the court shall enjoin him from so practicing unless and until he has been duly licensed. Procedure in such cases shall be the same as in any other injunction suit. The remedy by injunction is in addition to criminal prosecution and punishment.

Section 15. There is a new section to be numbered 66-3415, R.C.M. 1947, which reads as follows:

**66-3415. Acupuncture examinations for licensed doctors of medicine, osteopathy, chiropractic, dentistry and podiatry.** Nothing in this act shall be construed to require doctors of medicine, osteopathy, chiropractic, dentistry, and podiatry who are licensed in Montana to take further examinations in anatomy, physiology, chemistry, dermatology, diagnosis, bacteriology, materia medica, or other subjects which are or may be required for licensure in their respective professions; but no doctor of medicine, osteopathy, chiropractic, dentistry or podiatry shall practice acupuncture in this state unless and until he has completed a course and passed an examination in acupuncture as required by this act.

## CHAPTER NO. 322

AN ACT MAKING CERTAIN ACTS OF BREWERS ILLEGAL; PROVID-

ING MANDATORY CONTRACT PROVISIONS; ALLOWING TRANSFERS OF INTEREST IN WHOLESALER BUSINESS; DELINEATING WHEN A CONTRACTUAL RELATIONSHIP EXISTS; GRANTING INJUNCTIVE RELIEF; AND PROVIDING THAT ALL AGREEMENTS, CONTRACTS OR FRANCHISES BE FILED WITH THE DEPARTMENT OF REVENUE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. There is a new section to be numbered 4-317.2, R.C.M. 1947, which reads as follows:

4-317.2. **Illegal acts by brewers defined.** It is unlawful for any brewer or any officer, agent or representative of any brewer:

(1) to coerce, or attempt to coerce, or persuade any person licensed to sell beer at wholesale, to enter into any agreement or to take any action which would violate or tend to violate any of the laws of this state, or any rules promulgated by the department of revenue;

(2) to sell its products in the state without a written contract which conforms to the provisions of this act with each appointed licensed wholesale distributor;

(3) to designate or allow more than one (1) wholesale distributor to sell or distribute a specific brand of the brewer's products to retail licensees in the same area, provided that nothing herein shall prohibit the brewer from designating more than one (1) wholesale distributor to sell or distribute different brands of the same manufacturer to retail licensees in the same area; and

(4) to cancel or terminate except for just cause or in accordance with the current terms and standards established by the brewer then equally applicable to all wholesalers, any agreement or contract, written or oral, or the franchise of any wholesaler existing on January 1, 1974, or thereafter entered into, to sell beer manufactured by the brewer. A brewer may, notwithstanding the preceding sentence, make reasonable classifications among wholesalers. If a brewer cancels or terminates a wholesaler's franchise, the brewer has the burden of proving the classification was reasonable and not arbitrary. After its effective day, this act shall be a part of any franchise, contract or agreement or understanding, whether written or oral, between any wholesaler of beer licensed to do business in this state and any manufacturer doing business with the licensed wholesaler just as though the provisions had been specifically agreed upon between the wholesaler and the manufacturer.

Section 2. There is a new section to be numbered 4-317.3, R.C.M. 1947, which reads as follows:

4-317.3. **Contracts, agreements, franchises — mandatory provisions.** All contracts, agreements or franchises between a brewer and a wholesaler shall specifically set forth or contain the following:

(1) The brewer, or any officer, agent or representative of any brewer,

and the wholesaler involved mutually shall determine the size or extent of the area in which the wholesaler may sell or distribute the products of the brewer to the retail licensees. Said territory will be the territory agreed upon between the wholesaler and brewer, and may not be changed without the mutual consent of both the wholesaler and brewer.

(2) The agreed upon brands of the brewer to be sold by the wholesaler.

(3) The brewer recognizes that the wholesaler is free to manage his business in the manner the wholesaler deems best, and that this prerogative vests in the wholesaler the exclusive right to establish selling prices, to select the brands he wishes to handle, to determine the effort and resources the wholesaler will exert to develop and promote the sale of the brewer's products handled by the wholesaler.

(4) A procedure for the review of alleged wholesaler deficiencies, including the submission in writing to the wholesaler by the brewer of said deficiencies, if the deficiencies are susceptible of correction and if the wholesaler desires to correct said deficiencies, a reasonable period of time shall be given the wholesaler for rectification of said deficiencies prior to any notice of intent to terminate.

(5) A termination clause providing that the brewer shall deliver, in writing, to the wholesaler a sixty (60) day notice of intent to terminate the agreement, contract or franchise.

Section 3. There is a new section to be numbered 4-317.4, R.C.M. 1947, which reads as follows:

**4-317.4. Transfer of interest in business.** A wholesaler shall have the right to sell or transfer his business or an interest in his business to any person, or to one or more members of his family, or heirs or legatees, whether the wholesaler operates as an individual, a partnership, or corporation: Provided, however, the consent of the brewer in writing is required for such transferee to continue as a wholesaler of said brewer, which consent shall consider the personal, financial and managerial responsibilities and capabilities of such transferee and which consent shall not unreasonably be withheld.

Section 4. There is a new section to be numbered 4-317.5, R.C.M. 1947, which reads as follows:

**4-317.5. Contractual or franchise relationship — existence by actions.** The doing or accomplishing of any of the following acts constitutes prima facie evidence of a contractual or franchise relationship within the contemplation of this act, as between a licensed wholesaler and a brewer:

(1) The shipment, the preparation for shipment or acceptance of any order by any brewer or its agent for any beer to a licensed wholesaler within this state.

(2) The payment by any licensed wholesaler within this state or the acceptance of payment by any brewer or its agent for the shipment of an order of beer intended for sale within this state.

Section 5. There is a new section to be numbered 4-317.6, R.C.M. 1947, which reads as follows:

**4-317.6. Injunctive relief — when granted.** Any court of competent jurisdiction may enjoin the cancellation or termination of a franchise or agreement between a wholesaler and a brewer at the instance of a wholesaler who is or would be adversely affected by the cancellation or termination. In granting an injunction, the court shall provide that the brewer shall not supply the customers or territory of the wholesaler who is servicing the territory or customers through other distributors or means while the injunction is in effect.

Section 6. There is a new section to be numbered 4-317.7, R.C.M. 1947, which reads as follows:

**4-317.7. Agreements filed with department of revenue.** An exact copy of all agreements, contracts or franchises between a brewer and a wholesaler shall be filed with the department of revenue as a public document and shall be available to any of the parties to a dispute. The department, upon the instigation of any action in a court of record, shall file an exact certified copy of the agreement with the court for the court's consideration in determining any matter before it. Any contracts, agreements or franchises not upon record with the board shall not be considered by any court as having any force or effect.

Section 7. There is a new section to be numbered 4-317.8, R.C.M. 1947, which reads as follows:

**4-317.8.** All acts and parts of acts in conflict with this act are hereby repealed.

Transfers of venue may be made to any of the following counties in the state:

(a) the county in which the youth is apprehended or found;

(b) the county in which the youth is alleged to have violated the law;

(c) the county of residence of the youth's parents or guardian.

(2) A change of venue may be ordered at any time by the concurrence of the youth court judges of both counties in order to assure a fair, impartial and speedy hearing and final disposition of the case.

(3) In the case of a youth sixteen (16) years of age or older who is accused of one of the serious offenses listed in section 10-1229, the court in the county where the offense occurred shall serve as a transfer hearing court, and if the youth is to be tried in district court the charge shall be filed and trial held in the district court of the county where the offense occurred.

(2) The probation officer may require the presence of any person relevant to the inquiry, and may request subpoenas from the judge to accomplish this purpose. The probation officer may require investigation of the matter by any law enforcement agency or any other appropriate state or local agency.

(3) If the probation officer determines that the facts indicate a youth in need of care, the matter shall be immediately referred to the state department of social and rehabilitation services.

(4) The probation officer in the conduct of the preliminary inquiry shall:

(a) advise the youth of the youth's rights under this act and the Constitutions of the State of Montana and the United States;

(b) determine whether the matter is within the jurisdiction of the court;

(c) determine, if the youth is in detention or custody, whether such detention or custody should be continued.

Once relevant information is secured, the probation officer shall:

(d) determine whether the interest of the public or the youth requires that further action be taken;

(e) terminate the inquiry upon the determination that no further action be taken;

(f) release the youth immediately upon the determination that the filing of a petition is not authorized.

(5) The probation officer upon determining that further action is required may:

(b) provide for treatment or adjustment involving probation or other disposition authorized under section 10-1210; provided, however, that such treatment or adjustment is voluntarily accepted by the youth's parents, or guardian, and the youth; and provided further that said matter is referred immediately to the county attorney for review and that the probation officer proceed no further unless authorized by the county attorney;

(6) A petition charging a youth held in custody or detention must be filed within five (5) working days from the date the youth was first confined or the petition shall be dismissed and the youth released unless good cause is shown to further detain such youth.

(7) If no petition is filed under this section, the complainant and victim, if any, shall be informed by the probation officer of the action and the reasons therefor and shall be advised of the right to submit the matter to the county attorney for review. The county attorney upon receiving a request for review, shall consider the facts, consult with the probation officer, and make the final decision as to whether a petition shall or shall not be filed.

(b) counsel and advice without filing a petition would be in the best interests of the child and the public.

(2) Any probation or other disposition imposed under this section against any youth must conform to the following procedures:

(a) Every consent adjustment shall be reduced to writing, signed by the youth and his parents or the person having legal custody of the youth.

(b) Approval by the youth court judge shall be required where the

complaint alleges commission of a felony or where the youth has been or will be in any way detained.

(3) An incriminating statement relating to any act or omission constituting delinquency or need of supervision made by the participant to the person giving counsel or advice in the discussions or conferences incident thereto shall not be used against the declarant in any proceeding under this act, nor shall the incriminating statement be admissible in any criminal proceeding against the declarant.

(4) The following dispositions may be imposed by informal adjustment:

(a) Probation;

(b) Placement of the youth in a licensed foster home or other home approved by the court;

(c) Placement of the youth in a private agency responsible for the care and rehabilitation of such a youth, including but not limited to, a district youth guidance home;

(d) Transfer of legal custody of the youth to the department of institutions, provided, however, that such commitment shall not authorize the department of institutions to place the youth in a detention facility as defined by this act and such commitment shall not exceed a period of six (6) months without a subsequent order of the court, after notice and hearing.

Section 11. There is a new section to be numbered 10-1211, R.C.M. 1947, which reads as follows:

(c) by a law enforcement officer, agent of the department of social and rehabilitation services, county attorney, or a person or physician treating a youth when there is reason to believe the youth is a youth in need of care and that the residence of the youth or the custody by the person legally responsible for the youth presents an imminent danger to the life or health of the youth.

(2) The taking of a youth into custody is not an arrest except for the purpose of determining the validity of the taking under the constitution of Montana or the United States.

he has no parent, guardian, or other person able to provide supervision and care for him and return him to the court when required; or an order for his detention has been made by the court pursuant to this act.

Section 13. There is a new section to be numbered 10-1213, R.C.M. 1947, which reads as follows:

**10-1213. Release or delivery from custody.** (1) Whenever a peace officer believes, on reasonable grounds, that a youth can be released to a person who has custody of the youth, then the peace officer may release the youth to that person upon receiving a written promise from the person to bring the youth before the probation officer at a time and place specified in the written promise; or a peace officer may release the youth under any other reasonable circumstances.

(2) Whenever the peace officer believes, on reasonable grounds, that the youth must be held in custody, then the peace officer must notify the probation officer without undue delay. If it is necessary to hold the youth pending appearance before the youth court, then the youth must be held in some place that has been approved by the youth court and completely separated from adult offenders.

(3) Whenever any peace officer has apprehended a youth, he shall immediately notify the probation officer of such fact and shall, as soon as practicable, provide the probation officer with a written report of his reasons for the apprehension.

(2) The official in charge of a jail or other facility for the detention of adult offenders or persons charged with crime shall inform the court immediately if a person who is or appears to be under the age of eighteen (18) years is received at the facility. Such official shall bring the person before the court upon request or deliver him to a detention facility designated by the court.

(3) A youth alleged to be in need of care shall be placed only in the facilities stated in subsections (a) and (b) of subsection (1) of this section and shall not be detained in a jail or other facility intended or used for the detention of adults charged with criminal offenses or of youths alleged to be delinquents or in need of supervision by virtue of violations of the law.

Section 15. There is a new section to be numbered 10-1215, R.C.M. 1947, which reads as follows:

10-1215. **Petition — form and content.** A petition initiating proceedings under this act shall be signed by the county attorney and shall be entitled, "In the Matter of....., a youth," and shall set forth with specificity:

(a) state the name of the offense;

(b) cite in customary form the statute, rule, regulation or other provisions of law which the youth is alleged to have violated;

(d) state the time and place of the offense as definitely as can be done;

(3) the name, birth date and residence address of the youth;

(4) the names and residence addresses of parents, guardian, and spouse, of the youth; and if none of the parents, guardian, or spouse, resides or can be found within the state, or if there is none, the adult relative residing nearest to the court;

(5) whether the youth is in custody, and if so, the place of detention or care and the time he was taken into custody;

(6) if any of the matters required to be set forth by this section are not known, a statement of those matters and the fact that they are not known; and

(7) a list of witnesses to be used in proving the commission of the offense or offenses charged in the petition, together with their residence addresses. The names and addresses of any witnesses discovered after the filing of the petition shall be furnished to the youth upon request.

Section 16. There is a new section to be numbered 10-1216, R.C.M. 1947, which reads as follows:

10-1216. **Summons.** (1) After a petition has been filed, summons shall be served directly to the youth; to his parent or parents having actual custody of the youth, or to his guardian or custodian, as the case may be; and to such other persons as the court may direct.

(2) The summons shall require the parties to whom directed to appear personally before the court at the time fixed by the summons to answer the allegations of the petition. The summons shall advise the parties of their right to counsel under the Montana Youth Court Act and shall have attached to it a copy of the petition.

(3) The court may endorse upon the summons an order directing the person or persons having the physical custody or control of the youth to bring the youth to the hearing.

(4) If it appears from any sworn statement presented to the court that the youth needs to be placed in detention or care, the judge may endorse on the summons an order directing the officer serving the summons to at once take the youth into custody and to take him to the place of detention or care designated by the court, subject to the rights of the youth and parent or person having custody of the youth as set forth in the provisions of the Montana Youth Court Act relating to detention criteria and post-detention proceedings.

(5) If any youth is in custody or detained under any provision of this act pending an adjudication, the court, upon petition of the youth, his parents or guardian or his counsel shall, as soon as practicable, conduct a hearing in order to determine whether the circumstances of the case require such custody and the form the custody should take.

Section 17. There is a new section to be numbered 10-1217, R.C.M. 1947, which reads as follows:

10-1217. **Service of summons.** (1) Any youth who is the subject of a proceeding under this act must be personally served with summons at least five (5) days before the time stated for appearance.

(2) Service of summons on all other persons designated in subsection (1) of section 10-1216 shall be made in accordance with Rule 4(D) of the Montana Rules of Civil Procedure, except that in all cases service shall be completed at least five (5) days before the time stated for appearance.

(3) If a party referred to in subsection (2) herein is not personally served before a hearing and has not secluded himself with an attempt to delay or disrupt any proceeding under this act, such party may appear within a reasonable time subsequent to the hearing and, on motion to the court, request a rehearing. The motion may be granted at the discretion of the judge if a rehearing would be in the best interest of the youth.

(4) The court may authorize payment from county funds of costs of service and necessary travel expenses incurred by persons summoned or otherwise required to appear at the hearing.

(5) An actual abandonment of a youth by his parent or parents shall constitute a waiver of summons and notice requirements in this act by the parent or parents. A return endorsed upon the summons showing inability to serve summons in compliance with section 18(2) of this act constitutes prima facie evidence of actual abandonment.

(6) The youth court may, in the interests of justice, shorten the notice requirements contained herein, and such notice of shortened time shall be endorsed on the summons.

(7) A party, other than the youth, may waive service of summons on himself by written stipulation or by voluntary appearance at the hearing. If the youth is present at the hearing, his counsel may waive service of summons in his behalf.

Section 18. There is a new section to be numbered 10-1218, R.C.M. 1947, which reads as follows:

10-1218. **Basic legal rights.** (1) When a youth alleged to be a delinquent youth or a youth in need of supervision is taken into custody, the following requirements must be met:

(a) the youth shall be immediately and effectively advised of his constitutional rights and his rights under this Act;

(b) the youth may waive such rights under the following situations:

(i) when the youth is under the age of twelve (12) years, the parents of the youth may make an effective waiver;

(ii) when the youth is over the age of twelve (12) years, and the youth and his parents agree, they may make an effective waiver; and

(iii) when the youth is over the age of twelve (12) years and the youth and his parents do not agree, the youth may make an effective waiver only with advice of counsel.

(c) In a proceeding alleging a youth to be a delinquent youth:

(i) An extra-judicial statement that would be constitutionally inadmissible in a criminal matter shall not be received in evidence;

(ii) Evidence illegally seized or obtained shall not be received in evidence to establish the allegations of a petition against a youth; and

(iii) An extra-judicial admission or confession made by the youth out of court is insufficient to support a finding that the youth committed the acts alleged in the petition unless it is corroborated by other evidence.

(2) Title 95, R.C.M. 1947, shall apply to all law enforcement investigations relating to a complaint alleging a delinquent youth or youth in need of supervision, except that:

(a) No youth shall be fingerprinted or photographed for criminal identification purposes except by order of the youth court judge.

(b) No fingerprint records or photographs shall be filed with the federal bureau of investigation, state of Montana identification bureau, or any other than the originating agency, except for sending the fingerprints or photographs to any law enforcement agency for comparison purposes in the original investigation.

(c) At such time as the proceedings in the matter including appeals, are complete, the fingerprint records and photographs shall be destroyed; except that such fingerprint records and photographs may be retained by the originating agency for a specific period when ordered by the court for good cause shown.

(3) In all proceedings on a petition alleging a delinquent youth or youth in need of supervision as set forth in subsection (1) of this section, the youth, parents and guardian of the youth shall be advised by the court or, in the absence of the court, by its representative that the youth may be represented by counsel at all stages of the proceedings. If counsel is not retained, or if it appears that counsel will not be retained, counsel shall be appointed for the youth, unless the right to appointed counsel is waived by the youth and the parents or guardian. Neither the youth nor his parent or guardian may waive counsel if commitment to a detention facility or a youth forest camp or to the department of institutions for a period of more than six (6) months may result from adjudication.

(4) The court, at any stage of a proceeding on a petition under this act, may appoint a guardian ad litem for a youth if the youth has no parent or guardian appearing in his behalf, or if their interests conflict with those of the youth. A party to the proceeding or an employee or representative of a party shall not be appointed as guardian ad litem.

(5) In a proceeding on a petition, a party is entitled to: the opportunity to introduce evidence and otherwise be heard on the party's own behalf; confront and cross-examine witnesses testifying against the party; and admit or deny the allegations against the party in the petition.

(6) Persons afforded rights under this act shall be advised of those rights and any other rights existing under law at the time of their first appearance in a proceeding on a petition under the Montana Youth Court Act and at any other time specified in the Youth Court Act or other law.

(7) All post trial motions and other remedies available to an adult in a criminal proceeding under the Montana Code of Criminal Procedure shall be available to a youth proceeded against under this act.

Section 19. There is a new section to be numbered 10-1219, R.C.M. 1947, which reads as follows:

**10-1219. Time limitations on petition hearing.** Unless the allegations of a petition alleging that a youth is a delinquent youth or a youth in need of supervision are determined by a written admission of the allegations by the youth, the petition shall be dismissed with prejudice if a hearing on the petition is not begun within fifteen (15) days after all service is completed. Delays resulting from service of process, or delays resulting from legal actions taken in behalf of the youth, shall not be included in the fifteen (15) day time limitation.

Section 20. There is a new section to be numbered 10-1220, R.C.M. 1947, which reads as follows:

**10-1220. Adjudicatory hearing.** (1) Prior to any adjudicatory hearing, the court shall determine whether the youth admits or denies the offenses alleged in the petition. If the youth denies all offenses alleged in the petition, the youth, his parent, guardian, or attorney may demand a jury trial on such contested offenses; in the absence of such demand, a jury trial is waived. If the youth denies some offenses and admits others, the contested offenses may be dismissed in the discretion of the youth court judge. The adjudicatory hearings shall be set forthwith and accorded a preferential priority.

(2) An adjudicatory hearing shall be held to determine whether the contested offenses are supported by proof beyond a reasonable doubt in cases involving a youth alleged to be delinquent or in need of supervision. If the hearing is before a jury, the jury's function shall be to determine whether the youth committed the contested offenses; if the hearing is before the youth court judge without a jury, the judge shall make and record his findings on all issues. If the allegations of the petitions are not established at the hearing, the youth court shall dismiss the petition and discharge the youth from custody.

(3) An adjudicatory hearing shall be recorded verbatim by whatever means the court deems appropriate.

(4) The youth charged in a petition must be present at the hearing and if brought from detention to the hearing, shall not appear clothed in institutional clothing.

(5) In a hearing on a petition under this section, the general public shall be excluded and only such persons admitted as have a direct interest in the case; except that when a hearing in the court is held on a written petition charging the commission of a felony, persons with a legitimate interest in the proceeding, including representatives of public information media, shall not be excluded from the hearing.

(6) If the court finds on the basis of a valid admission by a youth of the allegations of the petition or if a youth is found to be a delinquent youth or a youth in need of supervision the court shall schedule a dispositional hearing under this act.

(7) When a jury trial is required in a case, it may be held before the regular trial panel. If the regular panel is not in attendance, the court may draw a jury from jury box No. 3.

Section 21. There is a new section to be numbered 10-1221, R.C.M. 1947, which reads as follows:

10-1221. **Dispositional hearing.** (1) As soon as practicable after a youth is found to be a delinquent youth or a youth in need of supervision, the court shall conduct a dispositional hearing.

(2) Before conducting the dispositional hearing, the court shall direct that a social summary or predisposition report be made in writing by a probation officer concerning the youth, his family, his environment, and other matters relevant to the need for care or rehabilitation or disposition of the case. The youth court may have the youth examined, and the results of the examination shall be made available to the court as part of the social summary or predisposition report. The court may order the examination of a parent or guardian who gives his consent, and whose ability to care for or supervise a youth is at issue before the court. The results of such examination shall be included in the social summary or predisposition report. The youth, his parents, guardian, or counsel shall have the right to subpoena all persons who have prepared any portion of the social summary or predisposition report and shall have the right to cross-examine said parties at the dispositional hearing.

(3) Defense counsel shall be furnished with a copy of the social sum-

mary or predisposition report and psychological report prior to the dispositional hearing.

(4) The dispositional hearing shall be conducted in the manner set forth in section 10-1220, subsections (3), (4), and (5). The court shall hear all evidence relevant to a proper disposition of the case best serving the interests of the youth and the public. Such evidence shall include, but not be limited to, the social summary and predisposition report provided for in subsection (2) of this section.

(5) If the court finds that it is in the best interest of the youth, the youth, his parents, or guardian may be temporarily excluded from the hearing during the taking of evidence on the issues of need for treatment and rehabilitation.

Section 22. There is a new section to be numbered 10-1222, R.C.M. 1947, which reads as follows:

**10-1222. Disposition of delinquent youth and youth in need of supervision.** (1) If a youth is found to be delinquent or in need of supervision the court may enter its judgment making the following disposition:

- (a) place the youth on probation;
- (b) place in a licensed foster home or a home approved by the court;
- (c) place the youth in a private agency responsible for the care and rehabilitation of such a youth, including, but not limited to, a district youth guidance home;
- (d) transfer legal custody to the department of institutions; provided, however, that in the case of a youth in need of supervision, such transfer of custody shall not authorize the department of institutions to place the youth in a detention facility and such custody shall not continue for a period of more than six (6) months without a subsequent court order after notice and hearing;
- (e) such further care and treatment or evaluation that the court deems beneficial to the youth, consistent with subsection (d) of this section.

(2) At any time after the youth has been taken into custody the court may, with the consent of the youth in the manner provided in section 10-1218(1), R.C.M. 1947, for consent by a youth to waiver of his constitutional rights, or after the youth has been adjudicated delinquent or in need of supervision:

- (a) order the youth to be evaluated for a period not to exceed forty-five (45) days of evaluation at a reception and evaluation center for youths; or
- (b) in the case of a delinquent youth sixteen (16) years or older who the court deems a suitable person for placement at a youth forest camp, notify the director of the department of institutions of the finding. The director of the department of institutions shall then designate to the court the youth detention facility to which the youth shall be delivered for evaluation. The court may then commit the youth to the department of institutions for a period not to exceed forty-five (45) days for the purpose

of evaluation as to the youth's suitability for placement, and order the youth delivered for evaluation to the youth facility designated by the director. If after the evaluation, the department of institutions reports to the court that such child is suitable for placement in a youth forest camp, and if there is space available at a camp, the court may then commit such child directly to the youth forest camp under the terms of commitment of this act. If the department of institutions reports and states the reasons to the court why the youth is not suitable for placement, the youth shall be returned to the court for such further disposition as the court may deem advisable under the provisions of this act. The costs of transporting the youth to the designated youth facility for evaluation and cost of returning the youth to the court shall be borne by the county of residence of the youth.

(3) No youth shall be committed or transferred to a penal institution or other facility used for the execution of sentence of adult persons convicted of crimes except as provided by subsection (2)(b) above.

(4) Any order of the court may be modified at any time.

(5) Whenever the court vests legal custody in an agency, institution or department, it must transmit with the dispositional judgment copies of a medical report, and such other clinical, predisposition or other reports and information pertinent to the care and treatment of the youth.

(6) The order of commitment to the department of institutions shall read as follows:

Section 23. There is a new section to be numbered 10-1223, R.C.M. 1947, which reads as follows:

10-1223. **Disqualification of judges.** The statutes of the state of Montana relating to disqualification of judges in civil proceedings shall apply to all proceedings under this act.

Section 24. There is a new section to be numbered 10-1224, R.C.M. 1947, which reads as follows:

10-1224. **Consent decree with petition.** (1) At any time after the filing of a petition alleging delinquency or need of supervision, and before the entry of a judgment, the court may, on motion of counsel for the youth, or on the court's own motion, suspend the proceedings and continue the youth under supervision under terms and conditions negotiated with probation services and agreed to by all necessary parties. The court's order continuing the child under supervision under this section shall be known as a "consent decree." The procedures used and dispositions permitted when this section shall conform to the procedure and disposition specified in section 10-1210, R.C.M. 1947, relating to consent adjustments without petition.

(2) If the youth or his counsel objects to a consent decree, the court shall proceed to findings, adjudication and disposition of the case.

(3) If, either prior to discharge by probation services, or expiration of the consent decree, a new petition alleging delinquency or need of supervision is filed against the youth, or if the youth fails to fulfill the expressed terms and conditions of the consent decree, the petition under which the youth was continued under supervision may be reinstated in the discretion of the county attorney in consultation with probation services. In the event of reinstatement, the proceeding on the petition shall be continued to conclusion, as if the consent decree had never been entered.

(4) A youth who is discharged by probation services or who completes a period under supervision without reinstatement of the original petition shall not again be proceeded against in any court for the same offense alleged in the petition, and the original petition shall be dismissed with prejudice. Nothing in this subsection precludes a civil suit against the youth for damages arising from his conduct.

(5) In all cases where the terms of the consent decree shall extend for a period in excess of six (6) months, the probation officer shall submit a report at the end of each six (6) month period which shall be reviewed by the court.

Section 25. There is a new section to be numbered 10-1225, R.C.M. 1947, which reads as follows:

10-1225. **Appeals.** (1) Any party other than the state may appeal from a judgment of the court to the supreme court in the manner provided by law. The appeal shall be heard by the supreme court upon the files, records, and transcript of the evidence of the juvenile court.

(2) The appeal to the supreme court does not stay the judgment appealed from, but the supreme court may order a stay upon application and hearing consistent with the provisions of this act if suitable provision is made for the care and custody of the youth. If the order appealed from grants the legal custody of the youth to, or withholds it from, one (1) or more of the parties to the appeal, the appeal shall be heard at the earliest practicable time.

Section 26. There is a new section to be numbered 10-1226, R.C.M. 1947, which reads as follows:

10-1226. **Court costs and expenses.** The following expenses shall be a charge upon the funds of the court or other appropriate agency when applicable, upon their certification by the court:

- (1) the costs of medical and other examinations and treatment of a youth ordered by the court;
- (2) reasonable compensation for services and related expenses for counsel appointed by the court for a party;
- (3) the expenses of service of summons, notices, subpoenas, traveling expenses of witnesses and other like expenses incurred in any proceeding under the Montana Youth Court Act as provided for by law;
- (4) reasonable compensation of a guardian ad litem appointed by the court; and
- (5) cost of transcripts and printing briefs on appeal.

Section 27. There is a new section to be numbered 10-1227, R.C.M. 1947, which reads as follows:

10-1227. **Use of private agencies by public agency.** When the legal custody of a youth is vested in a public agency under the provisions of this act the public agency may transfer physical custody of the youth to an appropriate private agency and may purchase care and treatment from the private agency if the private agency submits periodic reports to the public agency covering the care and treatment the youth is receiving and the youth's responses to that care and treatment. These reports shall be made as frequently as the public agency or the court deems necessary but not less often than once each six (6) months for each youth. Petitions to revoke probation shall be screened, reviewed and prepared in the same manner and shall contain the same information as petitions alleging delinquency or need of supervision. Procedures of the Montana Youth Court Act regarding taking into custody and detention shall apply. The petition shall state the terms of probation alleged to have been violated and the factual basis for such allegations. The standard of proof in probation revocation proceedings is the same standard used in probation revocation of an adult and the hearing shall be before the youth court without a jury. In all other respects proceedings to revoke probation are governed by the proce-

dures, rights and duties applicable to proceedings on petitions alleging that the youth is delinquent or a youth in need of supervision. If a youth is found to have violated a term of his probation, the youth court may make any judgment of disposition that could have been made in the original case.

(4) The transfer terminates the jurisdiction of the court over the youth with respect to the acts alleged in the petition. No youth shall be prosecuted in the district court for a criminal offense originally subject to the jurisdiction of the youth court unless the case has been transferred as provided in this section.

(5) Upon order of the court transferring the case to the district court, the county attorney shall file the information against the youth without unreasonable delay.

(2) Every subdivision of land after June 30, 1973, shall be surveyed and platted in conformance with this act by or under the supervision of a registered land surveyor. Subdivision plats shall be prepared and filed in accordance with this act and regulations adopted pursuant thereto. All division of sections into aliquot parts and retracement of lines must conform to United States bureau of land management instructions, and all public land survey corners shall be filed in accordance with the Corner Recordation Act of Montana (sections 67-2001 through 67-2019). *(d) A single division of a parcel when the transaction is an occasional sale.*

*(7) Subdivisions created by rent or lease are exempt from the surveying and filing requirements of this act but must be submitted for review and approved by the governing body before portions thereof may be rented or leased.*

Section 3. Section 11-3863, R.C.M. 1947, is amended to read as follows:

**"11-3863. Enforcement by governmental subdivisions — adoption of regulations — public hearing.** (1) The governing body of every county, city, and town shall, before July 1, 1974, adopt and provide for the enforcement and administration of subdivision regulations reasonably providing for the orderly development of their jurisdictional areas; for the co-ordination of roads within subdivided land with other roads, both existing and planned; for the dedication of land for roadways and for public

utility easements; for the improvement of roads; for the provision of adequate open spaces for travel, light, air and recreation; for the provision of adequate transportation, water, drainage, and sanitary facilities; for the avoidance or minimization of congestion; and for the avoidance of subdivision which would involve unnecessary environmental degradation; and the avoidance of danger of injury to health, safety, or welfare by reason of natural hazard or the lack of water, drainage, access, transportation or other public services or would necessitate an excessive expenditure of public funds for the supply of such services.

Prior to adopting or amending subdivision regulations pursuant to this act, the governing body shall submit the proposed regulations or amendments to the division of planning and economic development of the department of intergovernmental relations for review.

Before the governing body adopts subdivision regulations pursuant to this section it shall hold a public hearing thereon and shall give public notice of its intent to adopt such regulations and of the public hearing by publication of notice of the time and place of the hearing in a newspaper of *general circulation* in the county not less than fifteen (15) nor more than thirty (30) days prior to the date of the hearing.

(2) Not later than December 31, 1973, the department of intergovernmental relations, through its division of planning, shall, in conformance with the Montana Administrative Procedure Act (sections 82-4201 through 82-4225), prescribe reasonable minimum requirements for subdivision regulations adopted pursuant to this act. The minimum requirements shall include detailed criteria for the content of the environmental assessment required by this act. The *department* shall provide for the review of preliminary plats by those agencies of state and local government and affected public utilities having a substantial interest in a proposed subdivision; provided, however, that such agency or utility review shall not delay the governing body's action on the plat beyond the time limit specified herein, and the failure of any agency to complete a review of a plat shall not be a basis for rejection of the plat by the governing body.

(3) In prescribing the minimum contents of the subdivision regulations, the department of intergovernmental relations, through its division of planning, shall require the submission by the subdivider to the governing body of an environmental assessment.

*(3.1) When a subdivision is proposed in an area for which a master plan has been adopted pursuant to sections 11-3801 through 11-3856 and the proposed subdivision will be in compliance with the plan or when the subdivision will contain fewer than ten (10) parcels and less than twenty (20) acres, a planning board established pursuant to sections 11-3801 through 11-3856 and having jurisdiction over the area involved may exempt the subdivider from the completion of all or any portion of the environmental assessment. When such an exemption is granted, the planning board shall prepare and certify a written statement of the reasons for granting the exemption. A copy of this statement shall accompany the preliminary plat of the subdivision when it is submitted for review. Where no properly established planning board having jurisdiction exists, the governing body may grant exemptions as specified in this paragraph.*

(4) *Where required the environmental assessment shall accompany the preliminary plat and shall include:*

(a) a description of every body or stream of surface water as may be affected by the proposed subdivision, together with available ground water information, and a description of the topography, vegetation and wildlife use within the area of the proposed subdivision;

(b) maps and tables showing soil types in the several parts of the proposed subdivision, and their suitability for any proposed developments in those several parts;

(c) a community impact report containing a statement of anticipated needs of the proposed subdivision for local services, including education and busing, roads and maintenance, water, sewage, and solid waste facilities, and fire and police protection;

(d) such additional relevant and reasonable information as may be required by the department through its division of planning.

(5) Local subdivision regulations shall include procedures for the summary review and approval of subdivision plats containing five (5) or fewer parcels *where proper access to all lots is provided*, where no land in the subdivision will be dedicated to public use *for parks or playgrounds* and which have been approved by the department of health and environmental sciences where such approval is required by sections 69-5001 through 69-5005; provided that reasonable local regulations may contain additional requirements for summary approval.

(6) Subdivision regulations may authorize the governing body to grant variances from the regulations when strict compliance will result in undue hardship and when it is not essential to the public welfare. Any variance granted pursuant to this subsection must be based on specific variance criteria contained in the subdivision regulations.

(7) Local regulations may provide that in lieu of the completion of the construction of any public improvements prior to the approval of a final plat, the governing body shall require a bond or other reasonable security, in an amount and with surety and conditions satisfactory to it, providing for and securing the construction and installation of such improvements within a period specified by the governing body and expressed in the bonds or other security.

(8) In the event that any governing body has not adopted subdivision regulations by July 1, 1974, which meet or exceed the prescribed minimum requirements, the department shall, through its division of planning, no later than January 1, 1975, promulgate reasonable regulations to be enforced by the governing body. If at any time thereafter the governing body adopts its own subdivision regulations, these shall supersede those promulgated by the department but shall be no less stringent."

Section 4. Section 11-3864, R.C.M. 1947, is amended to read as follows:

"11-3864. **Dedications of portions of subdivisions to the public — cash donations in lieu of dedications — waivers.** (1) *A plat of a*

*residential subdivision shall show that one-ninth (1/9) of the combined area of lots five (5) acres or less in size and one-twelfth (1/12) of the combined area of lots greater than five (5) acres in size, exclusive of all other dedications, is forever dedicated to the public for parks or playgrounds. No dedication may be required for the combined area of those lots in the subdivision which are larger than ten (10) acres exclusive of all other dedications. The governing body, in consultation with the planning board having jurisdiction, may determine suitable locations for such parks and playgrounds.*

(2) Where, because of size, topography, shape, location, or other circumstances, the dedication of land for parks or playgrounds is undesirable, the governing body may, for good cause shown, make an order to be endorsed and certified on the plat accepting a cash donation in lieu of the dedication of land and equal to the fair market value of the amount of land that would have been dedicated. For the purpose of this section, the fair market value is the value of the unsubdivided, unimproved land. Such cash donation shall be paid into the park fund to be used for the purchase of additional lands or for the initial development of parks and playgrounds.

(3) If the proposed plat provides for a planned unit development with land permanently set aside for park and recreational uses sufficient to meet the needs of the persons who will ultimately reside therein, the governing body may issue an order waiving land dedication and cash donation requirements.

(4) If a tract of land is being developed under single ownership as a part of an overall plan, and part of the tract has been subdivided and sufficient park lands have been dedicated to the public from the area that has been subdivided to meet the requirements of this section for the entire tract being developed, the governing body shall issue an order waiving the land dedication and cash donation requirements for the subsequently platted area.

(5) The local governing body may waive dedication and cash donation requirements where all of the parcels in a subdivision are five (5) acres or more in size and where the subdivider enters a covenant to run with the land and revocable only by *mutual* consent of the governing body and the property owner that the parcels in the subdivision will never be subdivided into parcels of less than five (5) acres and that all parcels in the subdivision will be used for single family dwellings.

(6) *The governing body may waive dedication and cash donation requirements when the subdivider agrees to create a property owners' association for the proposed subdivision and to deed to the association land to be held in perpetuity for use as parks or playgrounds. The area of land to be deeded to the association shall equal the amount that would otherwise have been dedicated to public use.*

(7) *The governing body may waive dedication and cash donation requirements for subdivision to be created by rent or lease where the subdivider agrees to develop parks or playgrounds within the subdivision for the common use of the residents of the subdivision. The area of land to*

*be reserved for this purpose shall equal the amount that would otherwise have been dedicated to the public."*

Section 5. Section 11-3865, R.C.M. 1947, is amended to read as follows:

**"11-3865. Required abstract or title insurance — certification by city or county attorney.** (1) *The subdivider shall submit with the final plat a certificate of a licensed title abstractor showing the names of the owners of record of the land to be subdivided and the names of lien holders or claimants of record against the land and the written consent to the subdivision by the owners of the land, if other than the subdivider, and any lien holders or claimants of record against the land.*

(2) *The governing body may provide for the review of the abstract or certificate of title of the land in question by the county attorney where the land lies in an unincorporated area or by the city or town attorney when the land lies within the limits of a city or town."*

Section 6. Section 11-3866, R.C.M. 1947, is amended to read as follows:

**"11-3866. Submission of subdivision plat to governing body — notice — hearing — approval — disapproval.** (1) Except where a plat is eligible for summary approval the subdivider shall present to the governing body, or the agent or agency designated thereby, the preliminary plat of the proposed subdivision for local review. When the proposed subdivision lies within the boundaries of an incorporated city or town, the preliminary plat shall be submitted to and approved by the city or town governing body. When the proposed subdivision is situated entirely in an unincorporated area the preliminary plat shall be submitted to and approved by the governing body of the county; however, if the proposed subdivision lies within one (1) mile of a third class city or town or within two (2) miles of a second class city or within three (3) miles of a first class city the county governing body shall submit the preliminary plat to the city or town governing body *or its designated agent* for review and comment. If the proposed subdivision lies partly within an incorporated city or town, the proposed plat thereof must be submitted to and approved by both the city or town and the county governing bodies. This section does not limit the authority of certain municipalities to regulate subdivisions beyond their corporate limits pursuant to section 11-3305.

(2) The governing body shall approve, conditionally approve, or reject the preliminary plat within sixty (60) days of its presentation *unless the subdivider consents to an extension of the review period*. The preliminary plat shall show all pertinent features of the proposed subdivision and all proposed improvements. The governing body or its designated agent or agency shall review the preliminary plat to determine whether it conforms to the local master plan if one has been adopted pursuant to sections 11-3801 through 11-3856 to the provisions of this act, and to rules and regulations prescribed or adopted pursuant to this act.

(3) The governing body or its authorized agent or agency shall hold a public hearing on the preliminary plat and shall consider all relevant evidence relating to the public health, safety and welfare, including the

environmental assessment, to determine whether the plat should be approved, conditionally approved, or disapproved by the governing body. Notice of such hearing shall be given by publication in a newspaper of *general circulation* in the county not less than fifteen (15) days prior to the date of the hearing. *The subdivider and each property owner of record immediately adjoining the land included in the plat shall also be notified of the hearing by registered mail not less than fifteen (15) days prior to the date of the hearing.* When a hearing is held by an agent or agency designated by the governing body, the agent or agency shall act in an advisory capacity and recommend to the governing body the approval, conditional approval, or disapproval of the plat. This recommendation must be submitted to the governing body in writing not later than ten (10) days after the public hearing. If the governing body rejects or conditionally approves the preliminary plat, it shall forward one (1) copy of the plat to the subdivider accompanied by a letter over the appropriate signature stating the reason for rejection or enumerating the conditions which must be met to assure approval of the final plat.

(4) Upon approving or conditionally approving a preliminary plat, the governing body shall *provide the subdivider with* a dated and signed statement of approval. This approval shall be in force for not more than one (1) calendar year; at the end of this period the governing body may, at the request of the subdivider, extend its approval for no more than one (1) calendar year."

Section 7. Section 11-3867, R.C.M. 1947, is amended to read as follows:

**"11-3867. Filing of subdivision plat with county recorder — review of final subdivision plats and certificates of survey by examining land surveyor.** (1) *The governing body may require that final subdivision plats and certificates of survey* be reviewed for errors and omissions in calculation or drafting by an examining land surveyor *before recording with the county clerk and recorder.* When the survey data shown on the plat *or certificate of survey* meet the conditions set forth by or pursuant to this act, the examining land surveyor shall so certify in a printed or stamped certificate on the plat *or certificate of survey*, such certificate shall be signed by him.

No land surveyor shall act as an examining land surveyor in regard to a plat *or certificate of survey* in which he has a financial or personal interest.

(2) The governing body shall examine every final subdivision plat and shall approve it when, and only when, it conforms to the conditions of approval set forth on the preliminary plat and to the terms of this act and regulations adopted pursuant thereto. The clerk and recorder of the county shall refuse to accept any plat for record that fails to have such approval in proper form.

(3) Every final subdivision plat must be filed for record with the county clerk and recorder *before title* to the subdivided land can be sold or transferred in any manner or offered for sale or transfer. If illegal transfers or offers of any manner are made, the county attorney shall

commence action to enjoin further sales, transfers, or offers of sale or transfer and compel compliance with all provisions of this act. The cost of such action shall be imposed against the person transferring or offering to transfer the property."

Section 8. Section 11-3870, R.C.M. 1947, is amended to read as follows:

"11-3870. **Vacation of plat — easements of utilities.** (1) Any plat prepared and recorded as herein provided may be vacated either in whole or in part as provided by sections 11-2801 and 11-2803, and upon such vacation the title to the streets and alleys of such vacated portions to the center thereof shall revert to the owners of the properties within the platted area adjacent to such vacated portions; provided however, that when any pole line, pipe line, or any other public or private facility that is located in a vacated street or alley at the time of the reversion of the title thereto, the owner of said public or private utility facility shall have an easement over the vacated land to continue the operation and maintenance of the public utility facility.

(2) All plats, *certificates of survey*, and other title records recorded *after June 30, 1973*, and prior to the effective date of this act in accordance with the law in force at the time of recording, *and all plats, certificates of survey, and other title records recorded prior to July 1, 1973*, and which have not been subsequently vacated are hereby validated, notwithstanding irregularities, and have the same legal status as plats recorded under the provisions of this act.

(3) The recording of any plat made in compliance with the provisions of this act shall serve to establish the identity of all lands shown on and being a part of such plat. Where lands are conveyed by reference to a plat, the plat itself or any copy of the plat properly certified by the county clerk and recorder as being a true copy thereof, shall be regarded as incorporated into the instrument of conveyance and shall be received in evidence in all courts of this state.

(4) *This act shall not be applicable to deeds, contracts, leases, or other conveyances executed prior to the effective date of this act. Any instrument affecting real property which was executed prior to July 1, 1973, shall be deemed to be valid notwithstanding any failure to comply with platting or subdividing requirements in effect prior to July 1, 1973, and shall have the same force and effect as instruments complying with such platting and subdividing requirements."*

The per diem shall be computed on July 1 of each year by the director of institutions.

(2) *An assessment made by the department under this section shall be based on the resident's or responsible person's ability to pay. The department shall not make an assessment which would place an undue financial burden on the resident or the responsible person.*

(3) For the purpose of such investigations, every agency and department of the state is required to render all reasonable assistance to the department of institutions in obtaining all information necessary for the proper implementation of the purposes of such an investigation. The director and any representative of the department duly authorized by the director, shall have the power to administer oaths, take testimony, subpoena and compel the attendance of witnesses and the production of books, papers, records and documents deemed material appurtenant in connection with the duty of securing payments for support as provided by this act. Such claim against the estate of any responsible person shall not have priority against such estate for the amount necessary to rear and educate surviving children of the responsible person.

(5) The attorney general shall collect any claim which the state may have hereunder against such estate. No such claim shall be enforced against any real estate while it is occupied as a home by the surviving spouse or the resident or responsible person.

If such resident thereafter disagrees with the determination of the appeal by the state board of institutions, an appeal may be filed and taken to any court of record in Montana having jurisdiction of the resident or responsible person liable for such payment.

(7) The department may, at any time, review and change any determination for per diem *or ancillary charge* payments. In any case, however, no resident of an institution shall be released by reason of the nonpayment of the per diem *or the ancillary charge*, if in the judgment of the superintendent of the institution at which he is a resident, such release is medically inadvisable.

(8) All per diem payments received by the department shall be deposited in the state treasury to the credit of the general fund."

## CHAPTER NO. 340

AN ACT TO AMEND SECTION 4-403, R.C.M. 1947, RELATING TO THE

NUMBER OF RETAIL LIQUOR LICENSES AUTHORIZED TO BE  
ISSUED; AND PROVIDING AN EFFECTIVE DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 4-403, R.C.M. 1947, is amended to read as follows:

**"4-403. Issuance of retail liquor licenses — limit on number of licenses — retail wine licenses — lapse and cancellation.** (1) Except as otherwise provided by law, a license to sell liquor at retail in accordance with the provisions of this act and the regulations of the Montana liquor control board, may be issued to any person who shall be approved by a majority of the board as a fit and proper person to sell liquor; provided, that the number of retail liquor licenses which the board may issue shall be determined as follows:

(a) The number of retail liquor licenses that the board may issue for premises situated within incorporated cities and incorporated towns and within a distance of five (5) miles from the corporate limits of such cities and towns shall be determined on the basis of population as shown by the most recent official United States census authorized by Congress, to wit: In incorporated towns of five hundred (500) inhabitants or less and within a distance of five (5) miles from the corporate limits of such towns, not more than two (2) retail liquor licenses; in incorporated cities or incorporated towns of more than five hundred (500) inhabitants and not over three thousand (3000) inhabitants and within a distance of five (5) miles from the corporate limits of such cities and towns, three (3) retail liquor licenses for the first one thousand (1000) inhabitants and one (1) retail liquor license for each additional one thousand (1000) inhabitants; in incorporated cities of over three thousand (3000) inhabitants and within a distance of five (5) miles from the corporate limits thereof, five (5) retail liquor licenses for the first three thousand (3000) inhabitants and one (1) retail liquor license for each additional one thousand five hundred (1500) inhabitants. The number of the inhabitants in such cities and towns, *and in addition* the number of inhabitants residing within a distance of five (5) miles from the corporate limits thereof, shall govern the number of retail liquor licenses that may be issued for use within such cities and towns and within a distance of five (5) miles from the corporate limits thereof; provided, however, that where two (2) or more incorporated municipalities are situated within a distance of five (5) miles from each other, the total number of retail liquor licenses that may be issued for use in both of such municipalities and within a distance of five (5) miles from their respective corporate limits, shall be determined on the basis of the combined population of both of such municipalities and shall not exceed the foregoing limitations. The said distance of five (5) miles from the corporate limits of any incorporated city or incorporated town shall be measured in a straight line from the nearest entrance of the premises proposed for licensing to the nearest corporate boundary of such city or town. Retail liquor licenses of issue on the date of the passage and approval of this act and which are in excess of the foregoing limitations shall be renewable, but no new licenses shall be issued in violation of such limitations; provided that such limitations shall not prevent the issu-

ance of a nontransferable and nonassignable (as to ownership only) retail liquor license to any post of a nationally chartered veterans' organization or any lodge of a recognized national fraternal organization, if such veterans' or fraternal organization has been in existence for a period of five (5) years or more prior to January 1, 1949. No incorporated city or incorporated town may by ordinance restrict the number of licenses that the board may issue; provided that no retail license may be issued by the board for any premises situated within any zone of a city or town wherein the sale of liquor is prohibited by ordinance, a certified copy of which has been filed with the board. The board shall have discretion to deny the issuance of a retail license if it shall determine that the premises proposed for licensing are off regular police beats and cannot be properly policed by local authorities.

(b) The number of retail liquor licenses that the board may issue for use at premises situated outside of any incorporated city or incorporated town and outside of the area within a distance of five (5) miles from the corporate limits thereof, shall be not more than one (1) license for each seven hundred fifty (750) population of the county, after excluding the population of incorporated cities and incorporated towns in such county *and the population residing within a distance of five (5) miles from the corporate limits thereof.*

(2) From and after February 1, 1949, any retail license issued pursuant to this act not actually used in a going establishment for a period of ninety (90) days, shall automatically lapse. Upon determining the fact of nonuser for such period the board shall cancel such license of record and no portion of the fee paid therefor shall be refundable. The provisions of this subsection shall not apply to the license of any licensee whose premises are operated on a seasonal basis in connection with a bona fide dude ranch, park hotel, tourist facility or like business, provided such licensee has secured written authority from the board to close his licensed premises for a specified period of greater than ninety (90) days' duration, and providing further that should the liquor control board determine that such lapse was reasonably beyond the control of the licensee, then the lapse provision set out above shall not apply.

(3) Resort licenses. It is the intent and purpose of this act to encourage the growth of quality recreational resort facilities in undeveloped areas of the state and to provide for the orderly growth of existing recreational sites by the establishment of resort areas within which retail liquor licenses may be issued by the board under the terms and as more particularly prescribed below. In addition to the licenses as otherwise set forth in this act, the board may issue resort retail liquor licenses in a resort area.

For the purposes of this section, a resort area is defined as a recreational facility meeting the qualifications determined by the board as hereinafter provided.

The board shall determine that the area for which licenses are to be issued is a resort area, such determination to be made under and pursuant to rules and regulations to be promulgated within one hundred eighty (180) days after the passage and approval of this act. In addition to the

other requirements of this act, a resort area for the purposes of qualification for the issuance of resort retail liquor license must have a current actual valuation of resort or recreational facilities, including land and improvements thereon, of not less than five hundred thousand dollars (\$500,000), at least half of which valuation must be for a structure or structures within the resort area, and must be under the sole ownership or control of one person or entity at the time of the filing of the resort area plat referred to in the next paragraph. The word control shall mean lands held under lease, option, or permit. Before first adopting such rules and regulations in regard to resort liquor licenses, the board shall publish a notice of the hearing to be held on said rules and regulations in a regularly published newspaper in the cities of Billings, Bozeman, Butte, Great Falls, Helena, Miles City, Kalispell and Missoula, Montana, said publication to be published in said newspapers at least once a week for four consecutive weeks, the last of said publications being at least ten (10) but not more than thirty (30) days prior to the date set for said hearing, which shall be held in Helena, Montana, at a time and place designated by the board.

The resort area must be determined by the resort developer or landowner by a plat setting forth the resort boundaries designating the ownership of the lands within the resort area which plat must be verified by the resort developer or landowner, and filed with the board prior to the filing of any applications by individuals for licenses within the resort area. Such plat must show the location and general design of the buildings, and other improvements to be built in said area in which resort retail liquor licenses are to, or may, be located. A master plan for the development of the said area may be filed by the resort developer in satisfaction of this section.

Upon such filing the board shall forthwith schedule a public hearing to be held in Helena, Montana, to determine whether the facility proposed by the resort developer or landowner is a resort area within the meaning of the rules and regulations of the board. At least thirty (30) days prior to the date of the hearing, the board shall publish notice thereof with a description of the location of the proposed resort area in a newspaper published in the county or counties in which the resort is located, once a week for four (4) consecutive weeks. Each resort developer or landowner shall, at the time of filing his application, pay to the board an amount sufficient to cover the costs of said publication. Persons may present statements to the board at the hearing in person or in writing in opposition or support of the plat. Within thirty (30) days of the hearing the board shall accept or reject the plat. If rejected the board must state its reasons and set forth the conditions, if any, under which the plat will be accepted and the decision of the board may be reviewed pursuant to the review procedure set forth in section 4-425 herein.

Once filed with the board, the boundaries of a resort may not be changed without full hearing as above provided and the prior approval of the board, which approval shall be according to public convenience and necessity.

When the board has accepted a plat and a given resort area has been determined, applications may then be filed with the board by persons for

the issuance of resort retail liquor licenses within the said resort area. Each applicant must submit plans showing the location, appearance and floor plan of the premises for which application for a license is made.

If an applicant otherwise qualifies for a resort license but the premises to be licensed are still in construction, or are otherwise incomplete at the time of such application, the board shall issue a letter stating that the license will be issued at such time as the qualifications for a licensed premises have been met, setting forth such time limitations and requirements as the board may establish.

In addition to the restrictions on sale or transfer of a license as provided in section 4-410 herein, no resort retail liquor license may be sold or transferred for operation at a location outside of the boundaries of the resort area.

The annual fee for resort retail liquor licenses within a given resort area shall be two thousand dollars (\$2,000) for each such license.

A resort retail liquor license shall not be subject to the quota limitations set forth in section 4-403 (1) (a) above and a resort retail liquor license shall be issued by the board on the basis that the board has determined that such license is justified by public convenience and necessity, following a hearing as provided in section 4-407.1.

If any clause, sentence, paragraph, section, or any part of this act shall be declared and adjudged to be invalid and/or unconstitutional, such invalidity or unconstitutionality shall not affect, impair, invalidate or nullify the remainder of this act."

Section 2. There is a new section to be numbered 4-403.1, R.C.M. 1947, which reads as follows:

4-403.1. **Department of revenue determination required.** Any original license issued pursuant to this act, subsequent to April 30, 1974, shall be issued only upon the department of revenue having first determined, upon a hearing held pursuant to the Administrative Procedure Act, that the issuance of such license is justified by public convenience and necessity.

Section 3. This act shall be effective upon passage and approval.

Approved March 28, 1974

**"75-6902. Definition and calculation of average number belonging (ANB).** The term "average number belonging" or "ANB" shall mean the average number of regularly enrolled, full-time pupils attending the public schools of a district. Average number belonging shall be computed by determining the total of the aggregate days of attendance by regularly enrolled, full-time pupils during the current school fiscal year plus the aggregate days of absence by regularly enrolled, full-time pupils during the current school fiscal year, and by dividing such total by one hundred eighty (180). Attendance for a part of a morning session or a part of an afternoon session by a pupil shall be counted as attendance for one-half ( $\frac{1}{2}$ ) day. In calculating the ANB for pupils enrolled in a program established under section 75-7507 prior to January 1, 1974, or pursuant to section 75-7507 (1), attendance at, or absence from, a regular session of the program for at least two hours of either a morning or an afternoon session will be counted as one-half ( $\frac{1}{2}$ ) of a day attended or absent as the case may be. When any pupil has been absent, with or without excuse, for more than ten (10) consecutive school days, including pupil instruction related days, his absence after the tenth (10th) day of absence shall not be included in the aggregate days of absence and his enrollment in the school shall not be considered in the calculation of the average number belonging until he resumes attendance at school.

*If a student spends less than half his time in the regular program and the balance of his time in school in the special education program, he shall be considered a full-time special pupil but shall not be considered regularly enrolled for ANB purposes. If a student spends half or more of his time in school in the regular program and the balance of his time in the special education program he shall be considered regularly enrolled for ANB purposes.*

The average number belonging of the regularly enrolled, full-time pupils for the public schools of a district shall be calculated, individually, for each school except that when:

(1) more than one school of a district, other than a junior high school in an elementary district which has been approved and accredited as a junior high school, is located within the incorporated limits of a city or town, the average number belonging of such schools shall be based on the aggregate of all the regularly enrolled, full-time pupils attending such schools located within the incorporated limits of a city or town;

(2) a junior high school which has been approved and accredited as a junior high school is located within the incorporated limits of a city or town in which a high school is located, all of the regularly enrolled, full-time pupils of the junior high school shall be considered as high school district pupils for the purposes of calculating the average number belonging of the high schools located within the incorporated limits of such city or town; or

(3) a school has not been accredited by the board of education, the

regularly enrolled, full-time pupils attending the nonaccredited school shall not be eligible for average number belonging calculation purposes, nor will an average number belonging for the nonaccredited school be used in determining the foundation program for such district."

Section 2. Section 75-6903, R.C.M. 1947, is amended to read as follows:

**"75-6903. Circumstances under which the regular average number belonging may be increased.** The average number belonging of a school for a given school fiscal year, calculated in accordance with the ANB formula prescribed in section 75-6902, may be increased when:

(1) the opening of a new elementary school or the reopening of an elementary school has been approved in accordance with section 75-6602. The average number belonging for such school shall be established by the county superintendent and approved, disapproved or adjusted by the superintendent of public instruction;

(2) the opening or reopening of a high school or a branch of the county high school has been approved in accordance with sections 75-6603, 75-6604 or 75-6605. The average number belonging for such high school shall be established by the county superintendent's estimate, after an investigation of the probable number of pupils that will attend such high school;

(3) a district anticipates an increase in the average number belonging due to the closing of any private or public school in the district or a neighboring district. The estimated increase in average number belonging shall be established by the trustees and the county superintendent and approved, disapproved, or adjusted by the superintendent of public instruction no later than the fourth Monday in June;

(4) a district anticipates an unusual enrollment increase in the ensuing school fiscal year. The increase in average number belonging shall be based on estimates of increased enrollment approved by the superintendent of public instruction and shall be computed in the manner prescribed by section 75-6904;

(5) for the initial year of operation of a program established under section 75-7507 (1), the ANB to be used for budget purposes is the same as one-half ( $\frac{1}{2}$ ) the number of five (5) year old children residing in the district as of October 1 of the preceding school year, either as shown on the official school census, or as determined by some other procedure approved by the superintendent of public instruction; or

(6) *a special full-time pupil, as defined in section 75-6902, in a given school year will no longer be considered a special full-time pupil in the ensuing school year. The superintendent of public instruction may grant one ANB for such pupil for the ensuing school year."*

(20) *For the purpose of establishing the maximum budget without a vote amount for current year special education program for a school district, the superintendent of public instruction will determine the total estimated cost of the special education program for the school district on the basis of a special education program budget submitted by the district. The budget will be prepared on forms provided by the superintendent of public instruction and will set out for each program*

(a) *the estimated allowable costs associated with operating the program where allowable costs are as defined in section 75-7813.1;*

(b) *the number of pupils expected to be enrolled in the program; and*

(c) *any other data required by the superintendent of public instruction for budget justification purposes and to administer the provisions of this act. *allowable costs approved under the budgeting provisions of section 75-6905(20) for the operation of the program during the given year may be added to the maximum-budget-without-a-vote amount for special education for the subsequent school year. Such costs must be recorded as "previous year special education expenses" in the school district budget for the subsequent school year.*

*(22) The sum of the previous year special education expenses as defined in subsection (21) above, and the maximum-budget-without-a-vote for current year special education as defined in subsection (20) shall be the special education budget for accounting purposes.*

*The maximum-budget-without-a-vote for special education will be added to the maximum-budget-without-a-vote of the regular program ANB defined in sections 75-6902 and 75-6903 to obtain the total maximum-budget-without-a-vote for the district."*

Section 2. Section 75-6906, R.C.M. 1947, is amended to read as follows:

**"75-6906. Definition of foundation program and its proportion of the maximum-general-fund-without-a-voted-levy schedule amount, and nonisolated school foundation program financing.** (1) As used in this title, the term "foundation program" shall mean the minimum operating expenditures as established herein, that are sufficient to provide for the educational program of a school. It shall be financed by (a) county equalization moneys, (b) state equalization aid, and (c) when required, moneys from an additional state levy for a state deficiency. The foundation program relates only to those expenditures authorized by a district's general fund budget and shall not include expenditures from any other fund.

(2) The dollar amount of the foundation program shall be eighty percent (80%) of the maximum-general-fund-budget-without-a-voted-levy limitation as set forth in the schedules in section 75-6905. The foundation program of an elementary school having an ANB of nine (9) or fewer pupils which is not approved as an isolated school under the provisions of section 75-6608 shall be eighty percent (80%) of the schedule amount but the county and state shall participate in financing one-half ( $\frac{1}{2}$ ) of the foundation program and the district shall finance the remaining one-half ( $\frac{1}{2}$ ) by a tax levied on the property of the district. When a school of nine (9) or fewer pupils is approved as isolated under the provisions of section 75-6608, the county and state shall participate in the financing of the total amount of the foundation program.

(3) *Funds provided to support the special education accounting budget may be expended only for special education purposes as approved by the superintendent of public instruction in accordance with the special education budgeting provisions of this title. Expenditures for special education shall be accounted for separately from the balance of the school district general fund. Transfers between items within the special education budget for accounting purposes may be made at the discretion of the board of trustees in accordance with the financial administration chapter of this title. The unexpended balance of the special education accounting budget*

*shall carry over to the next year to reduce the amount of funding required to finance the district's ensuing year's maximum-budget-without-a-vote for special education."*

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 75-6923, R.C.M. 1947, is amended to read as follows:

**"75-6923. Additional levy for general fund and election for authorization to impose.** The trustees of any district may propose to adopt a general fund budget in excess of the general fund budget amount for such district as established by the schedule in section 75-6905 for any of the following purposes:

- (1) building, altering, repairing or enlarging any schoolhouse of the district;
- (2) furnishing additional school facilities for the district;
- (3) acquisition of land for the district;
- (4) proper maintenance and operation of the school programs of the district.

However, the trustees may not adopt a total general fund budget which exceeds one hundred seven percent (107%) of the general fund budget for the preceding year, unless such budget is adopted under conditions as provided in sections 75-6723 through 75-6730, or under the following conditions:

- (a) new programs which are approved under 75-6903 or existing programs which are expanded as a result of ANB increases approved under 75-6903;
- (b) federal programs which are continued with local funds if federal funds are withdrawn or withheld;
- (c) *new programs of special education are approved.*

In subsection (a), above, the budget may exceed 107% of the preceding year's budget by a dollar amount equal to the increase in the maximum budget without a vote resulting from the introduction of the new or expanded program and in subsection (b), above, by a dollar amount not

to exceed the amount received from federal sources for the preceding year. Nothing in this act shall prevent a school district from adopting a budget at least as large as the maximum budget without a vote as provided in section 75-6905.

(a) common carriers of passengers or freight by aircraft *which* operate within this state *under* a certificate of public convenience and necessity issued by the federal government; *or*

(b) *aircraft operators, who carry passengers for hire, who are commonly known as "taxi operators" or "charter operators," who operate on an occasional or contract basis, and who do not operate as common carriers between terminal points, including intermediate points, if any.*"

Section 26. There is a new section to be numbered 1-322.1, R.C.M. 1947, which reads as follows:

1-322.1. **Definitions.** In sections 1-322 through 1-324, unless the context requires otherwise: (1) The general definitions in section 1-102 apply.

(2) "Air carrier" means a person or corporation owning, controlling, operating, or managing aircraft as a scheduled common carrier of passengers or freight for compensation within this state.

*(2) The board shall act in an advisory capacity to the department in matters pertaining to aeronautics."*

Section 28. There is a new section to be numbered 1-323.1, R.C.M. 1947, which reads as follows:

**1-323.1. Certificates of public convenience and necessity — requirement — issuance.** (1) No air carrier may engage in an operation in this state without first obtaining from the board a certificate of public convenience and necessity authorizing the operation.

(2) An applicant shall submit his written verified application to the board. The application shall be in a form, contain the information, and be accompanied by proof of service upon all air carriers with which the proposed service is likely to compete and upon other interested parties as the board requires. Each application shall be accompanied by a fee of one hundred fifty dollars (\$150).

(3) In awarding certificates of public convenience and necessity, the board shall consider the business experience of the particular air carrier in the field of air operations, the financial stability of the carrier, the insurance coverage of the carrier, the type of aircraft which the carrier would employ, proposed routes and minimum schedules to be established, whether the carrier could economically give adequate service to the communities involved, the need for the service, and any other factors which may affect the public interest.

(4) The board may, after notice to the interested parties and the public, and after hearing, issue the certificate requested. The board may, after like notice and hearing, refuse to issue the certificate. The board may, after like notice and hearing, issue the certificate for the partial exercise only of the privilege sought. The board may attach to the exercise of the rights granted by the certificate terms and conditions as, in its judgment, the public convenience and necessity require.

Section 29. There is a new section to be numbered 1-323.2, R.C.M. 1947, which reads as follows:

**1-323.2. Certificates of public convenience and necessity — transfer and combination.** (1) The holder of a certificate of public convenience and necessity must apply to the board for permission to sell, mortgage, lease, assign, transfer, or otherwise encumber a certificate. A fee of one hundred fifty dollars (\$150) shall be paid to the department for filing each application to sell, mortgage, lease, assign, transfer, or otherwise encumber a certificate.

(2) The board may, after notice and hearing, approve the application, or refuse to approve it, and may approve it under those terms and conditions which, in its judgment, the public convenience and necessity require.

(3) Without the express approval of the board, no certificate of public convenience and necessity issued to one air carrier may be combined,

united, or consolidated with a certificate issued to or possessed by another carrier, so as to permit through service between any point served by one carrier and any point served by the other carrier.

Section 30. There is a new section to be numbered 1-323.3, R.C.M. 1947, which reads as follows:

**1-323.3. Certificates of public convenience and necessity — suspension — amendment—revocation.** (1) The board may suspend and the department shall enforce the suspension of certificates of public convenience and necessity, issued by the board, upon a finding of an agency of the federal government that an air carrier is operating in violation of a federal safety law or regulation.

(2) For any other good cause, the board may, upon notice to the holder of a certificate and opportunity to be heard, suspend, revoke, alter, or amend a certificate.

Section 31. There is a new section to be numbered 1-323.4, R.C.M. 1947, which reads as follows:

**1-323.4. Establishment of through and joint rates —discontinuance of service.** (1) An air carrier may, upon prior written approval from the board after notice to all interested parties and the public, and after hearing, establish through rates and joint rates, charges, and classifications between all points served by it under certificates or operative rights issued to or possessed by it.

(2) No air carrier may discontinue operations to a point without authority of the board, unless the operations are unprofitable. Unprofitable operations may be discontinued upon thirty (30) days' notice to the board, and to other persons the board may require, unless within the thirty (30) day period the board, after hearing, finds that the operation is not unprofitable and orders its continuance.

Section 32. There is a new section to be numbered 1-323.5, R.C.M. 1947, which reads as follows:

**1-323.5. Insurance.** The board may, upon its motion, or upon application of an interested party, and after hearing, require an air carrier to procure and maintain insurance in amounts and upon terms as the board may determine. The board may suspend the certificate of an air carrier for failure to comply with the insurance regulations established under this section.

Section 33. There is a new section to be numbered 1-323.6, R.C.M. 1947, which reads as follows:

**1-323.6. Violations — enforcement — appeals and judicial determinations.** (1) When a complaint has been filed with the board alleging that an aircraft is being operated without a certificate of public convenience and necessity, or when the board believes that sections 1-322 through 1-324 are being violated, the board shall investigate the operations and may, after a hearing, make its order requiring the operator of the aircraft to stop an operation in violation of this section. The department shall enforce compliance with the order by means of powers vested in it by law.

(2) The district court has jurisdiction to enforce, by proper decree, injunction, or order, the rates, classifications, rules, and orders made by the board. The proceeding shall be by equitable action in the name of the state, and shall be instituted by the attorney general or county attorney, when advised by the department that an air carrier is violating or refusing to comply with a rule, order, rate, or classification made by the board and applicable to that air carrier. The proceedings shall have precedence over all other business in the district courts, except criminal business.

(3) In an action the burden of proof rests upon the defendant, who must show by clear and satisfactory evidence that the rule, order, rate, or classification involved is unreasonable and unjust. If the court decides that the rule, order, rate, or classification is not unreasonable or unjust, and that in refusing compliance the air carrier is failing to fulfill a duty, debt, or obligation, the court shall decree a mandatory and permanent injunction compelling compliance with the rule, order, rate, or classification by the defendant, and its officers, agents, servants, and employees, and may grant other relief which may be considered just and proper. A violation of the decree makes the defendant and officer, agent, servant or employee of the defendant, who is in any manner instrumental in the violation, guilty of contempt, punishable by a fine not exceeding one thousand dollars (\$1000) for each offense, or by imprisonment of that person until he sufficiently purges himself. The decree remains in effect until the rule, order, rate, or classification is modified or vacated by the board.

(4) An air carrier may bring an action in the district court of the county where the principal office or place of business is situated, or in a county where a classification, rate, toll, charge, rule, or order of the board applies, against the board as defendant, to determine whether the classification, rate, toll, charge, rule, or order made or established by the board is just and reasonable. In an action, hearing, or proceeding in any court, the classification, rate, toll, charge, rule, and order made and established by the board shall prima facie be considered just, reasonable, and proper.

(5) Appeals taken to the supreme court from the judgment of a district court under this section have precedence over all other business, except criminal business and original proceedings in that court, and shall be heard and determined as are appeals in civil actions.

(6) All costs and expenses incurred in the hearing, trial, or appeal of an action brought under this section shall be determined and assessed in a manner the court considers just and equitable.

Section 34. Section 1-324, R.C.M. 1947, is amended to read as follows:

"1-324. **Publication of notice.** Notice as required by *sections 1-323 through 1-323.6* shall be given by publication once a week for three (3) successive weeks in a newspaper of general circulation in the county in which the hearing is to be held and by personal service by mailing to all interested parties. However, in the case of the hearings required by *sections 1-323 and 1-323.4(1)*, if no written protest or written request that the hearing be held is received by the *board* within five (5) days after

the date of the last publication of *the* notice, the *board* may, in its discretion, vacate *the* hearing and establish the rates, fares, charges, classifications, and rules of the air carrier without hearing. The notice required by *this section* shall state that the *board* may vacate the hearing unless a written protest or request that the hearing be held is received by the *board* as required by *this section*."

Section 35. Section 1-401, R.C.M. 1947, is amended to read as follows:

"1-401. **Acquisition and operation of state airports.** (1) The *department* may, on behalf of and in the name of this state, acquire by purchase, gift, devise, lease, condemnation proceedings, or otherwise, property real or personal, for the purpose of establishing and constructing airports, restricted landing areas, and other air navigation facilities, and acquire in like manner, own, control, establish, construct, enlarge, improve, maintain, equip, operate, regulate, and police airports, restricted landing areas, and other air navigation facilities either within or *outside* this state; make, prior to acquisition, investigations, surveys, and plans; erect, install, construct, and maintain at *those* airports facilities for the servicing of aircraft and for the comfort and accommodation of air travelers, and dispose of any property, airport, restricted landing area, or any other air navigation facility, by sale, lease, or otherwise, in accordance with the laws of this state governing the disposition of other like property of the state. It may not, however, acquire or take over *an* airport, restricted landing area, or other air navigation facility owned or controlled by a municipality of this state without the consent of *the* municipality. It may erect, equip, operate, and maintain on *an* airport, buildings and equipment necessary and proper to establish, maintain, and conduct *the* airport and air navigation facilities connected *with it*.

(2) Where necessary, in order to provide unobstructed air space for the landing and taking off of aircraft utilizing airports and restricted landing areas acquired or operated under the provisions of *this title*, it *may* acquire, in the manner provided for the acquisition of property for airport purposes, easements through or other interests in air space over land or water, interests in airport hazards outside the boundaries of the airports or restricted landing areas, and such other airport protection privileges as are necessary to ensure safe approaches to the landing areas of airports and restricted landing areas, and the safe and efficient operation of *them*. It *may* also acquire in the same manner the right or easement, for a term of years or perpetually, to place or maintain suitable marks for the daytime marking and suitable lights for the nighttime marking of airport hazards, including the right of ingress and egress to or from *the* airport hazards for the purpose of maintaining and repairing *the* lights and marks. (3) It may engage in all *those* activities jointly with the United States, other states, and with municipalities or other agencies of this state.

(4) It may exercise the right of eminent domain, in the name of the state, in the manner provided by the laws of this state for the acquisition of real property for public purposes, for the purpose of acquiring any prop-

erty which it is authorized to acquire. The acquisition of property for any of *those* purposes is a public use.

(5) It may lease for a term not exceeding ten (10) years, airports, or other air navigation facilities or real property acquired or set apart for airport purposes, to private parties, a municipal or state government, or the national government, or a department of either of *them*, for operation; and may lease or assign for a term not exceeding ten (10) years to private parties, a municipal or state government or the national government, or a department of either for operation or use consistent with the purposes of this *title*, space, area, improvements, or equipment on *those* airports; may sell any part of *those* airports, other air navigation facilities or real property to a municipal or state government, or to the United States or a department or instrumentality thereof, for aeronautical purposes or purposes incidental thereto; and may confer the privilege of concessions of supplying upon the airports goods, commodities, things, services and facilities. *However*, in each case in so doing the public *may not be* deprived of its rightful, equal, and uniform use thereof.

(6) It *may* determine the charges or rental for the use of state airports, and the charges for service or accommodations, under its control and the terms and conditions under which *the* properties may be used. *However*, the public *may not be* deprived of its rightful, equal, and uniform use of *the* property. Charges shall be reasonable and uniform for the same class of service and established with due regard to the property and improvements used and the expenses of operation to the state. The state *has* and the *department* may enforce agisters' liens, as provided by law, for *repair*, improvement, storage, or care of any personal property."

Section 36. Section 1-501, R.C.M. 1947, is amended to read as follows:

"1-501. **Receipt and disbursement of moneys.** (1) All costs and expenses of administering this *title*, including the salaries of employees of the *department of intergovernmental relations engaged in functions pertaining to aeronautics*, the expenses of members of the *board of aeronautics*, and all other disbursements necessary to carry out the purposes of this *title*, shall be paid out of the following revenues: All gifts and all legislative appropriations to the *department for aeronautics*; all moneys received from any branch or department of the federal government, or from other sources, for the purposes mentioned in this *title* or for the furtherance of aeronautics generally in this state. All such moneys shall be deposited in the state treasury to the credit of the *department*.

(2) There shall be deposited in the earmarked revenue fund to the credit of the *department* the proceeds of one cent (1¢) per gallon out of the amount per gallon of gasoline license tax imposed by the laws of *this state* upon purchases of gasoline used for the operation of aircraft. *Moneys so deposited shall be spent by the department for the sole purpose of carrying out its functions pertaining to aeronautics.*

(3) No part of *the* one cent (1¢) per gallon of gasoline license tax imposed by the laws of *this state* on gasoline purchased and used for the operation of *airplanes* or aircraft *may be refunded.*"

(2) The council shall also submit to the clerk detailed estimates of all expenditures for construction or improvement purposes proposed to be made from the proceeds of bond issues not yet authorized and from the proceeds of tax levies which are required to be submitted to and approved at an election to be held.

(3) The estimates required in this section shall be submitted on forms provided by the clerk, and prescribed by the *department of intergovernmental relations*, and may only be varied or departed from with permission and approval of *the department of intergovernmental relations*. The city treasurer shall prepare the estimates for interest and debt reduction. The clerk shall prepare all other estimates which properly *fall* within the duties of his office.

(4) *Each of the officials shall file the estimates within the time and in the manner provided in the form and notice, and the clerk shall deduct and withhold, as a penalty, from the salary or compensation of each official failing or refusing to file the estimates, the sum of ten dollars (\$10) for each day of delay. (2) *The* estimates, appropriations, and expenditures shall be classified as:

- (d) interest and debt redemption;
- (e) miscellaneous; and

(f) expenditures proposed to be made from bond issues not yet authorized, or from the proceeds of a tax levy or levies which are required to be submitted to and approved at an election to be held *later*.

(3) Within the class of "salaries and wages" each salary shall be set forth separately together with the title or position of the recipient. *An* unitemized appropriation may be made to cover the expenses of special deputies or assistants in *an* office where the services of *the* special deputies or assistants may be required during a part of the fiscal year only. Wages for day labor may be given in totals by designating the general purpose or object for which the expenditure is to be made but the proposed rate per *day* for each class or kind of labor shall be set forth. Expenditures under the general class of "maintenance and operation" shall be classified according to a standard classification to be established by the *department of intergovernmental relations*. Expenditures for "capital outlay" shall set forth and describe each object of expenditure separately. Under the general class of "interest and debt redemption" proposed expenditures for interest and for redemption of principal shall be set forth separately for each series or issue of bonds, and warrant interest and redemption requirements shall be set forth in a similar manner. Section 51. Section 11-1406, R.C.M. 1947, is amended to read as follows:

**"11-1406. Hearings on budget — adoption — fixing of tax levy.**

(1) On the Wednesday preceding the second Monday in August the council shall meet at the time and place designated in the notice provided in section 11-1405, at which time any taxpayer may appear and be heard for or against any part of *the* budget. *The* hearing shall be continued from day to day and shall be concluded and the budget finally approved and adopted on the second Monday in August and prior to the fixing of the tax levies by *the* council. The council *may* call in the official in charge of *an* office, department, service, or institution, at the time the estimates for their respective offices are under consideration, for examination concerning *the* estimates. *The* official shall be called in by *the* council upon the request of *a* taxpayer for questioning either by the council or *a* taxpayer upon *the* estimates.

(2) Upon the conclusion of *the* hearing the council shall first determine the amount estimated to accrue to each fund during the fiscal year from all sources, except the taxation of property. *In* so doing the council *may* not include any amount anticipated from the payment of taxes which became delinquent during *a* preceding fiscal year. The council shall then determine separately the amount appropriated for and authorized to be *spent* for each item in the budget and shall specify the fund against which warrants are to be drawn for the expenditures so authorized. *There may* not be added to the amount appropriated and authorized to be *spent* for

an item or purpose, or to the total amount appropriated and authorized to be *spent* from any fund, other than a fund for the payment of principal or interest on outstanding bonds, any amount because of anticipated loss of revenue by reason of nonpayment of taxes levied for *the* fiscal year. *The* expenditures authorized from a fund, including reserve, may not exceed the aggregate of:

(a) the cash balance in *the* fund at the close of the *preceding* fiscal year in excess of outstanding unpaid warrants against *the* fund at the close of *that* fiscal year.

(b) the amount of estimated revenues to accrue to *the* fund; and

(c) the amount which may be raised for *the* fund by a lawful tax levy during the fiscal year.

(3) The council shall then determine the amount to be raised for each fund, for which a tax levy is to be made, by adding the cash balance in excess of outstanding unpaid warrants at the close of the *preceding* fiscal year and the amount of the estimated revenues, if any, to accrue to *the fund* during the current fiscal year. *It shall then deduct* the total amount so obtained from the total amount of the appropriations and authorized expenditures from the fund as determined by the council in the budget adopted and approved. *The* amount remaining *is* the amount necessary to be raised for any fund by tax levy during the current fiscal year. *The* council may add to the amount necessary to be raised for any fund by tax levy during the current fiscal year an additional amount, as a reserve to meet expenditures to be made from *the* fund during the months of July to November, of the next fiscal year. *The* amount added to any fund as a reserve may not exceed one-third ( $\frac{1}{3}$ ) of the total amount appropriated and authorized to be *spent* from *the* fund during the current fiscal year, after deducting from the amount of *the* appropriations and authorized expenditures the total amount appropriated and authorized to be *spent* for election expenses and payment of emergency and other outstanding warrants. *The* total amount to be raised by tax levy for any fund during *the* current fiscal year, including the amount of *the* reserve, must not exceed the total amount which may be raised for *the* fund by a tax levy which does not exceed the maximum levy permitted by law to be made for *the* fund.

(4) The budget as finally determined, in addition to setting out separately each item for which an appropriation is made or expenditure authorized, and the fund out of which it is to be paid, shall set out the total amount appropriated and authorized to be *spent* from each fund, the cash balance, in excess of outstanding unpaid warrants, at the close of the preceding fiscal year, the amount estimated to accrue to the fund from sources other than taxation, the reserve for the next fiscal year, and the amount necessary to be raised for each fund by tax levy during the current fiscal year. The council shall then by resolution approve and adopt the budget as finally determined, and the clerk shall enter it at length in the official minutes of the council.

(5) On the second Monday in August, and after the approval and adoption of the final budget, the council shall fix the tax levy for each fund

at a rate, not exceeding limits prescribed by law, *which* will raise the amount set out in the budget as the amount necessary to be raised by tax levy for *that* fund during the current fiscal year. *The* taxable valuation of the city for the current fiscal year shall be the basis for determining the amount of the tax levy for each fund, and each tax levy shall be at a rate no higher than is required on *that* basis, without including any amount for anticipated tax delinquency, to raise the amount set out in the budget. *Each* levy shall be made in the manner provided by section 84-3802. *If* the council *considers* that a levy made for a bond sinking or interest fund will not provide a sufficient amount to pay all bond and interest becoming due during the current fiscal year, or within six (6) months *after the current fiscal year*, because of anticipated tax delinquency, the council may fix the levy at a rate it *considers* necessary to raise the amount for making *the* payments of principal and interest, over and above *the* anticipated tax delinquency.

(6) The city clerk shall, not later than September 15, forward a complete copy of the final budget, together with the tax levies, to the *department of intergovernmental relations*. If a city clerk *fails* to forward the copy of the budget to the *department of intergovernmental relations* within the time required, the *department of intergovernmental relations* shall, before October 1, notify the mayor and council of the city that a copy of the budget has not been forwarded by the city clerk. *The* council must *then* withhold from the city clerk his salary or compensation for the month of September until the city clerk *presents* the council with a notice from the *department of intergovernmental relations* that *the* copy of *the* budget has been received."

Section 52. Section 11-1411, R.C.M. 1947, is amended to read as follows:

"11-1411. **Department of intergovernmental relations to make rules for carrying out act — accounting systems.** The *department of intergovernmental relations* shall make rules and classifications, and prescribe forms, necessary to carry out the provisions of this act. *It shall* define what expenditures *are* chargeable to each budget account, and *shall* establish accounting and cost systems necessary to provide accurate budget information."

The general management of the association shall be vested in the board of trustees. When so directed by a majority vote of the members of the association, the board of trustees *may* invest the surplus funds of the association or any part *of them*, in any time or saving deposits, in bonds or other securities of the United States government, in general obligation bonds or warrants of any state, county, or city as are recommended by the state auditor and approved by the *department of intergovernmental relations*. At the time of purchase *the* investments must be stamped in boldface type,

substantially as follows: "Property of the ..... Fire Department Relief Association, and negotiable only upon the order of the board of trustees of such association."

No money *may* be paid to the treasurer of *the* fire department relief association until *the* report is filed. No one serving as a substitute or on probation, nor *a* person who has not been confirmed a member of an organized fire department, is eligible for membership in the relief association. No treasurer of *an* association *may* enter upon his duties until he has given to the association a sufficient bond of not less than fifty per cent (50%) of the amount of the cash funds and securities of the association, for the faithful performance of his duties according to law. *The* amount of *the* bond *shall* be approved and paid for by *the* association. *The* official bond *may not exceed* twenty-five thousand dollars (\$25,000).

(2) *Upon* a majority vote of the members of the association, the city or town treasurer shall be ex officio treasurer of the fire department relief association and the official bond of *the* city or town treasurer shall cover the faithful discharge of his duties as ex officio treasurer of the fire department relief association. *The* cash in the firemen's relief fund shall have the same protection as to depository securities furnished by banks as the other funds of the city or town. All of the financial books and accounts of *the* association *are* subject at all times to examination by the *department of intergovernmental relations*.

(3) Upon complaint being made to *it* that the money or any part of *it* paid to the treasurer of *the* association has been or is being *spent* for *an* unauthorized purpose, and if *the* money upon examination is found to have been *spent* contrary to the authority given, *the department of intergovernmental relations* shall so report to the governor, upon whose directions to the state auditor no further warrants *may* be issued to *the* fire department relief association treasurer until the money so *spent* has been returned."

probable revenues from sources other than taxation, and of all expenditures required by *the* office, department, service, or institution for the next fiscal year. The county commissioners shall submit to the county clerk and recorder the estimate of expenditures for all purposes for *the* board, and a detailed statement showing all new road and bridge construction to be financed from county road and bridge funds, *from* any special road or bridge funds, from any special highway fund, and from bond issues issued or authorized for the next fiscal year, together with the cost of *that construction* as computed by the county surveyor, or if for construction in charge of a special engineer then by *that* engineer. *The* county surveyor and any special engineer *shall* prepare *the* estimates of cost of *road and bridge construction* for the county commissioners. They shall also submit a similar statement showing road and bridge maintenance expenditures as nearly as can be estimated.

(2) The county commissioners shall also submit to the county clerk and recorder detailed estimates of all expenditures for construction or improvement purposes proposed to be made from the proceeds of bond issues not yet authorized and from the proceeds of tax levies which are required to be approved at an election to be held.

(3) The estimates required in this section shall be submitted on forms provided by the county clerk and recorder, and prescribed by the *department of intergovernmental relations*, and may only be varied or departed from with permission and approval of *that department*. The county treasurer shall prepare the estimates for interest and debt reduction. The county clerk and recorder shall prepare all other estimates which properly fall within the duties of his office.

(4) *Each of the officials shall file the estimates within the time and in the manner provided in the form and notice, and the county clerk shall withhold, as a penalty, from the salary of each official failing or refusing to file the estimates ten dollars (\$10) for each day of delay. **"16-1902. Tabulation by clerk of expenditure program — classifications — items included in.** (1) From *those* estimates the county clerk and recorder shall prepare a tabulation showing the complete expenditure program of the county for the current fiscal year, and the sources of revenue by which it is to be financed. *The* tabulation shall set forth the estimated receipts from all sources other than taxation for each office, department, service, or institution for the current fiscal year, the actual receipts for the last completed fiscal year, the surplus or unencumbered treasury balances at the close of *that* last fiscal year, and the amount necessary to be raised by taxation; the estimated expenditure for each office, department, service, or institution for the current fiscal year, the actual expenditures for the last completed fiscal year, and all contracts or other obligations which will affect the current year revenues.

(2) *The estimates, appropriations, and expenditures shall be classified as:*

- (a) salaries and wages;
- (b) maintenance and operation;
- (c) capital outlay;
- (d) interest and debt redemption;
- (e) miscellaneous; and

(f) expenditures proposed to be made from bond issues not yet authorized, or from the proceeds of a tax levy or levies which are required to be submitted to and approved at an election to be held *later*.

(3) Within the general class of salaries and wages each salary shall be set forth separately together with the title or position of the recipient. An unitemized appropriation may be made to cover the expenses of special deputies or assistants in any office where the services of such special deputies or assistants may be required during a part of the fiscal year only. Wages for day labor may be given in totals by designating the general purpose or object for which the expenditure is to be made, but the proposed rate per *day* for each class or kind of labor shall be set forth. Expenditures under the general class of maintenance and operation shall be classified according to a standard classification to be established by the *department of intergovernmental relations*. Expenditures for capital outlay shall set forth and describe each object of expenditure separately. (4) The total amount of emergency warrants issued during the preceding fiscal year shall be set forth with the amount issued for each emergency and the amount issued against each fund."

Section 65. Section 16-1903, R.C.M. 1947, is amended to read as follows:

"16-1903. **Consideration of budget by commissioners — notice of budget meeting.** The tabulation shall be submitted to the county commissioners by the county clerk and recorder on or before the first Monday of July. Upon receipt thereof the board of county commissioners shall immediately consider the *budget* in detail, and shall on or before the second Monday of July make any revisions, reductions, additions, or changes that they *consider* advisable. The tabulation, with *any* revisions, reductions, additions, or changes, *is* the preliminary budget for the fiscal year which it is intended to cover. Upon completion of *the* budget, the county clerk *shall immediately* transmit one copy of *it* to the *department of intergovernmental relations* and one copy to the *department of revenue*. The board of county commissioners shall then *have* a notice published

stating that *the* board has completed *its* preliminary county budget for the current fiscal year, that *the* budget is open to inspection in the office of the county clerk and recorder, and that *the* board will meet on the Wednesday *before* the second Monday in August to *fix* the final budget and *make* appropriations. *The notice shall state the time and place of the meeting and that any taxpayer may appear and be heard for or against any part of the budget. The notice shall be published at least one time in a newspaper of general circulation in the county.*"

Section 66. Section 16-1904, R.C.M. 1947, is amended to read as follows:

**"16-1904. Hearings on budget — adoption — fixing tax levies.**

(1) On the Wednesday *before* the second Monday in August the county commissioners shall meet at the time and place designated in the notice provided for in section 16-1903, at which time any taxpayer may appear and be heard for or against any part of *the* budget. *The* hearing shall be continued from day to day and shall be concluded and the budget approved and adopted on the second Monday in August and before the fixing of the tax levies by *the* board.

(2) Upon the conclusion of *the* hearing the board shall first determine the amount estimated to accrue to each fund during the fiscal year from all sources, except the taxation of property. *In* so doing the board may not include any amount which it is anticipated may be received during the fiscal year from the payment of taxes which became delinquent during a preceding fiscal year. The board shall then determine separately the amount appropriated for and authorized to be *spent* for each item in the budget and shall specify the fund or funds against which warrants are to be drawn and issued for each item in the budget and shall specify the fund or funds against which warrants are to be drawn for the expenditures authorized. *There may* not be added to the amount to be appropriated and authorized to be *spent* for *an* item, or to the total amount appropriated and authorized to be *spent* from any fund, any amount or percentage because of anticipated loss of revenue by reason of the nonpayment of taxes levied for *that* fiscal year. *The* amount appropriated and authorized to be *spent* for any item contained in *the* budget, except for salaries, which must not exceed by more than ten percent (10%) the amount appropriated and authorized for *the* item under the appropriation contained in the budget approved and adopted for the *preceding* fiscal year, and except for capital outlay, election expenses, expenditures from county poor funds, and payment of emergency warrants and interest, must not exceed by more than five percent (5%) the amount appropriated and authorized for *the* item under the appropriation contained in the budget approved and adopted for the *preceding* fiscal year. *The amount appropriated for any fund, except for capital outlay, election expenses, and payments of emergency warrants and interest on them, may not exceed by more than five percent (5%) the amount appropriated for all purposes less the sum of the current fiscal year's appropriation for salaries and the previous fiscal year's expenditures for election expenses, for payment of emergency warrants, and from the county poor fund. The foregoing limitations shall not apply to appropriations and expenditures authorized to be made from the county poor fund for payment of bonds and emergency warrants and*

interest on them. The total expenditures authorized to be made from any fund, including the reserve added to them, may not exceed the aggregate of:

- (a) the cash balance in the fund at the close of the preceding fiscal year;
- (b) the amount of estimated revenues to accrue to the funds; and
- (c) the amount which may be raised for the fund by a lawful tax levy during the fiscal year.

(3) The board shall then determine the amount to be raised for each fund by tax levy by adding the cash balance in the fund at the close of the preceding fiscal year and the amount of the estimated revenues to accrue to the fund during the current fiscal year. It shall then deduct the total amount so obtained from the total amount of the appropriations and authorized expenditures from the fund as determined by the board. The amount remaining is the amount necessary to be raised for the fund by tax levy during the current fiscal year. The board may add to the amount necessary to be raised for any fund by tax levy during the current fiscal year, an additional amount as a reserve to meet expenditures to be made from the fund during the months of July to November of the next fiscal year. The amount which may be so added to any fund, as the reserve may not exceed one-third ( $\frac{1}{3}$ ) of the total amount appropriated and authorized to be spent from the fund during the current fiscal year, after deducting from the amount of the appropriations and authorized expenditures the total amount appropriated and authorized to be spent for election expenses and payment of emergency warrants. The total amount to be raised by tax levy for any fund during the current fiscal year, including the amount of the reserve and any amount for payment of election expenses and emergency warrants, may not exceed the total amount which may be raised for the fund by a tax levy which does not exceed the maximum levy permitted by law to be made for the fund.

(4) If the cash balance remaining in any of the several county funds, except the school fund, at the end of a fiscal year, exceeds the amount to be budgeted to that fund, the excess may be transferred to other funds as the county commissioners consider to be in the best interest of the county after a public hearing. Notice of the hearing must be given not less than thirty (30) days prior to the hearing by publication in a newspaper of general circulation in the county and by posting in five (5) public places. The notice must state the date, time, and place of the hearing and state generally the purpose and proposed use of the funds.

(5) The budget as finally determined, in addition to setting out separately each item for which an appropriation or expenditure is authorized and the fund out of which it is to be paid, shall set out the total amount appropriated and authorized to be spent from each fund, the cash balance in the fund at the close of the preceding fiscal year, the amount estimated to accrue to the fund from sources other than taxation, the reserve for the next fiscal year, and the amount necessary to be raised for each fund by tax levy during the current fiscal year. The board shall then by resolution approve and adopt the budget as finally determined and enter the budget at length in the official minutes of the board.

(6) On the second Monday in August, and after the approval and adoption of the final budget, the board of county commissioners shall fix the tax levy for each fund at a rate *which* will raise the amount set out in the budget as the amount necessary to be raised by tax levy for the fund during the current fiscal year. The taxable valuation of the county for the current fiscal year shall be the basis for determining the amount of the tax levy for each fund. *Each* tax levy shall be at a rate no higher than is required on *that* basis, without including any amount for anticipated tax delinquency, to produce the amount set out in the budget without including any amount for anticipated tax delinquency, as being the amount to be raised by tax levy. The tax levy shall be made in the manner provided by section 84-3802.

(7) The county clerk and recorder shall, not later than September 15, forward a full and detailed copy of the final budget, together with the tax levies, to the *department of intergovernmental relations*. If a county clerk and recorder *fails* to forward a copy of the budget to the *department* within *that* time, *that department* shall, before October 1, notify the board of county commissioners of the county that a copy of the budget has not been forwarded by the county clerk and recorder. The board of county commissioners must *then* withhold the county clerk and recorder's salary for September until the county clerk and recorder *files* with the board a receipt from the *department* showing the receipt of a copy."

Section 67. Section 16-1909, R.C.M. 1947, is amended to read as follows:

"16-1909. **Department of intergovernmental relations to make rules — accounting systems.** The *department of intergovernmental relations* shall make rules and classifications, and prescribe forms, necessary to carry out the provisions of *sections 16-1901 through 16-1904 and 16-1906 through 16-1911*, to define what expenditures are chargeable to each budget account, and to establish accounting and cost systems necessary to provide accurate budget information."

optional provisions, *the sinking funds are* not subject to investment but shall be used and applied in payment and redemption of *the* bonds. The bonds, securities, and any time or savings deposits in which any sinking funds are invested shall be kept in the custody of the county, city, or town treasurer and held by him for the benefit of the county, city, or town. *The treasurer shall* properly protect *the* bonds, securities, and any time or savings deposits by insurance, the use of safety deposit boxes, or other means, the expense of which *is* a proper charge against the county, city, or town. All moneys derived from interest on sinking fund investments as authorized *by this section*, shall be credited by the treasurer of *the* county, city, or town to the sinking fund for which the investment was made."

Section 69. Section 16-2049, R.C.M. 1947, is amended to read as follows:

"16-2049. **Petty cash fund.** The board of county commissioners, with the approval of the *department of intergovernmental relations*, may set aside a sum of not less than one hundred dollars (\$100) nor more than one thousand dollars (\$1,000) out of the general fund, which shall be known as a petty cash fund, for the purpose of paying incidental expenses such as freight, express, postage, and other similar items which must be paid in cash at time of delivery. *In* counties having a county auditor, the county auditor *is* responsible for expenditures from the petty cash fund. *In* counties not having a county auditor, the county clerk *is* responsible for expenditures from the petty cash fund."

The notice shall specify the provision of this act or rule alleged to be violated, and the facts alleged to constitute a violation, and may include an order to take necessary corrective action within a reasonable period of time stated in the order. The order becomes final unless, no later than thirty (30) days after the date the notice is received, the person named requests in writing a hearing before the board. On receipt of the request, the board shall hold a hearing.*

(2) *If, after a hearing held under subsection (1) of this section, the board finds that violations have occurred, it shall either affirm or modify an order previously issued, or issue an appropriate order for the prevention, abatement, or control of the emissions involved or for the taking of other corrective action it considers appropriate. If, after hearing on an order contained in a notice the board finds that no violation is occurring, it shall rescind the order. An order issued as part of a notice or after hearing may prescribe the date by which the violation shall cease and may prescribe time limits for particular action in preventing, abating, or controlling the emissions.*

(3) *Instead of issuing the order provided for in subsection (1) of this section, the department may either:*

(a) *Require that the alleged violators appear before the board for a hearing at a time and place specified in the notice, and answer the charges complained of; or*

(b) *Initiate action under section 69-3921.*

Upon issuance of this order, the department shall fix a place and time, not later than twenty-four (24) hours thereafter, for a hearing to be held before the board. Not more than twenty-four (24) hours after the commencement of the hearing, and without adjournment, the board shall affirm, modify, or set aside the order of the department.*

(2) *In the absence of a generalized condition such as that referred to in subsection (1) of this section, if the department finds that emissions*

from the operation of one (1) or more air contaminant sources is causing imminent danger to human health or safety, *it* may order the person or persons responsible for the operation or operations in question to reduce or discontinue emissions immediately, without regard for section 69-3914. In *this* event, the requirements for hearing, and affirmance, modification, or setting aside of orders set forth in subsection (1) of this section apply.

(3) *This* section *does not* limit any power which the governor or any other officer may have to declare an emergency and act on the basis of *this* declaration, whether *the* power is conferred by statute, constitutional provisions, or inheres in the office."

Section 22. Section 69-3918, R.C.M. 1947, is amended to read as follows:

"69-3918. **Confidentiality of records.** (1) *Records* or other information concerning air contaminant sources which are furnished to or obtained by the board *or department*, and which, as certified by the owner or operator, relate to production or sales figures or to processes or production unique to the owner or operator or which would tend to affect adversely his competitive position, *are* only for the confidential use of the board *or department* in the administration of this act, unless the owner expressly *agrees* to their publication or availability to the general public.

(2) *This* section *does not* prevent the use of records or information by the board *or department* in compiling or publishing analyses or summaries relating to the general condition of the outdoor atmosphere, *if the* analyses or summaries do not identify *an* owner or operator or reveal information made otherwise confidential by this section."

Section 23. Section 69-3919, R.C.M. 1947, is amended to read as follows:

"69-3919. **Local air pollution control programs.** (1) A municipality or county may establish a local air pollution control program *on* being petitioned by fifteen per cent (15%) of the qualified electors *in* its jurisdiction, and may thereafter administer *in* its jurisdiction *the* air pollution control program which:

(a) Provides by ordinance or local law for requirements compatible with, more stringent, or more extensive than those imposed by sections 69-3913, 69-3915 and 69-3916 and rules issued *under these sections*;

(b) Provides for the enforcement of *these* requirements by appropriate administrative and judicial process;

(c) Provides for administrative organization, staff, financial, and other resources necessary to effectively and efficiently carry out its program; *and*

(d) *If the* program *is* consistent with this act and is approved by the board after a public hearing conducted *under* section 69-3909.

(2) If the board finds that the location, character, or extent of particular concentrations of population, air contaminant sources, or geographic, topographic, or meteorological considerations, or any *combination of these*

are such as to make impracticable the maintenance of appropriate levels of air quality without an areawide air pollution control program, the board may determine the boundaries within which *the* program is necessary and require it as the only acceptable alternative to direct state administration.

(3) If the board has reason to believe that an air pollution control program in force *under* this section is inadequate to prevent and control air pollution in the jurisdiction to which *the* program relates, or that the program is being administered in a manner inconsistent with this act, the board shall, on notice, conduct a hearing on the matter.

(4) If, after the hearing, the board determines that the program is inadequate to prevent and control air pollution in the jurisdiction to which it relates, or that it is not accomplishing the purposes of this act, it shall require that necessary corrective measures be taken within a reasonable time, not to exceed sixty (60) days.

(5) If the jurisdiction fails to take *these* measures within the time required, the *department* shall administer within such jurisdiction all of the provisions of this act. The *department's* control program *supersedes* all municipal or county air pollution laws, *rules*, ordinances, and requirements in the affected jurisdiction. The cost of *the* program shall be a charge on the municipality or county.

(6) If the board finds that the control of a particular class of air contaminant source because of its complexity or magnitude is beyond the reasonable capability of the local jurisdiction or may be more efficiently and economically performed at the state level, it may *direct the department* to assume and retain control over that class of air contaminant source. No charge *may* be assessed against the jurisdiction therefor. Findings made *under* this subsection may be either on the basis of the nature of the sources involved or on the basis of their relationship to the size of the communities in which they are located.

(7) A jurisdiction in which the *department* administers its air pollution control program *under* subsection (5) of this section may with the approval of the board establish or resume an air pollution control program which meets the requirements of subsection (1) of this section.

(8) A municipality or county may administer all or part of its air pollution control program in *cooperation* with one (1) or more municipalities or counties of this state or of other states."

The members of the board shall receive a fee of twenty dollars (\$20) per day while in session, plus the cost of actual and necessary expenses, including travel while discharging their official duties."

Certificates of proper classification may be issued without examination to the person or persons certified by the governing board or owner to have been in responsible charge of the water and waste water plants and water distribution systems on the effective date of the act. A certificate so issued will be valid only in that plant. The board may consider for recommendation for certification the holder of a certificate issued by a governmental agency or equivalent certification board of another state, *on* presentation to the board of satisfactory

evidence that the applicant is in responsible charge of works located in *this state* requiring a certified operator and that he has successfully passed an examination at least equivalent to that required under section 69-5903(3) and section 69-5905."

The certificates shall include the classification of the works which the operator is qualified to supervise. The certificate shall be prominently displayed in the office of the operator.

(1) Certificates continue in effect unless revoked by the *department*, but remain the property of the *department* and the certificate shall so state. A certificate shall be renewed annually by payment of *the* proper fee.

(2) The *department* may revoke the certificate of an operator following a hearing by the *department*, when it is found that the operator has practiced fraud or deception; that reasonable care, judgment, or the application of his knowledge or ability was not used in the performance of his duties; or that the operator is incompetent or unable to properly perform his duties. A person *who has* his certificate revoked by the *department* may appeal to the board for a rehearing within ten (10) days of notification by the *department*, after which time the revocation proceedings are no longer applicable and revocation of the certificate becomes final.

(3) Operators who terminate employment may retain their certificate for two (2) years, providing that all other requirements are met. After two (2) years, a certificate *is* automatically invalidated. Operators whose certificates are invalidated under this *chapter* may be issued new certificates of like classification provided appropriate proof of competency is presented to the board. Successful completion of an examination may be required at the discretion of the board."

After the payment of the initial fee *under section 69-5908*, a certificate holder shall pay before *July 1* of each certificate year a renewal fee *according to the following schedule*:

Class I — twenty dollars (\$20)

Class II — fifteen dollars (\$15)

Class III — ten dollars (\$10)

Class IV — five dollars (\$5)

Class V — three dollars (\$3)

A certificate issued after *July 1* expires the following *June 30*. If a certificate holder does not apply for a renewal of his certificate before *July 1* and remit to the *department* the necessary renewal fee, he shall have his certificate suspended by the board. If *the* certificate remains suspended for a period of more than thirty (30) days it shall be revoked by the board; however, the board, *before this* revocation, shall notify the certificate holder by certified mail *at the address on the issued certificate* of its intention to revoke, at least ten (10) days *before* the time set for action to be taken by the board on *the* certificate. A certificate once revoked may not be reinstated unless it *appears* that an injustice has occurred through error or omission or other fact or circumstances indicating to the board that the certificate holder was not guilty of negligence or laches. If a person whose certificate has been revoked through his own fault desires to continue as a water or waste water plant operator, he must make application to the *department under* section 69-5908. Successful completion of an examination may be required at the discretion of the board. In making a determination regarding a drug, the board shall consider the following:

- (a) the actual or relative potential for abuse;
- (b) the scientific evidence of its pharmacological effect, if known;
- (c) the state of current scientific knowledge regarding the drug;
- (d) the history and current pattern of abuse;

- (g) the potential of the drug to produce psychic or physiological dependence liability; and
- (h) whether the drug is an immediate precursor of a drug already controlled under this act.

(2) After considering the factors enumerated in subsection (1) the board shall make findings with respect thereto and if it finds the drug has a potential for abuse it shall designate such drug a dangerous drug in the manner set forth in the Montana Administrative Procedure Act.

(3) If the board designates a drug as an immediate precursor, drugs which are precursors of the controlled precursor shall not be subject to control solely because they are precursors of the controlled precursor.

(4) If any drug is designated, rescheduled, or deleted as a "controlled substance" under federal law and notice thereof is given to the board, the board shall similarly control the drug under this act after the expiration of thirty (30) days from publication in the federal register of a final order designating a drug as a "controlled substance" or rescheduling or deleting a drug, unless within that thirty (30) day period, the board objects to inclusion, rescheduling, or deletion. In that case, the board shall *cause* the reasons for objection *to be published* and afford all interested parties an opportunity to be heard. At the conclusion of the hearing, the *department* shall publish *the board's* decision, which shall be final unless altered thereafter by the board or by statute. Upon publication of objection to inclusion, rescheduling, or deletion under this act by the board, control under this act is stayed until the *board's* decision *is published*.

(5) Authority to control under this section does not extend to distilled spirits, liquor, wine, malt beverages, beer, porter, ale, stout or tobacco.

(6) The board shall exclude any non-narcotic drug from a schedule if such drug may, under the Federal Food, Drug, and Cosmetic Act and section 27-716 (a) (2) of the Montana Food, Drug, and Cosmetic Act, be lawfully sold over the counter without a prescription."

Section 3. Section 54-303, R.C.M. 1947, is amended to read as follows:

"54-315. **Rule to be promulgated by board — fees.** The board shall promulgate rules for its administration which are not inconsistent with this act and specifically shall levy and *the department shall* collect reasonable registration fees relating to the registration and control of the manufacture, distribution, and dispensing of dangerous drugs within the state; provided, however, the maximum fee for any registration shall not exceed one hundred dollars (\$100) per year."

Section 6. Section 54-316, R.C.M. 1947, is amended to read as follows:

"54-316. **Annual registration required for manufacturer, distributor or dispenser — exceptions — inspection.** (1) Every person who manufactures, distributes, or dispenses any dangerous drug within this state must, on and after January 1, 1974, obtain annually a registration issued by the *department* in accordance with *board* rules.

(2) Persons registered by the board under this act to manufacture, distribute, dispense, or conduct research with dangerous drugs may possess, manufacture, distribute, dispense, or conduct research with those

drugs to the extent authorized by their registration and in conformity with the other provisions of this act.

(3) The following persons need not register and may lawfully possess dangerous drugs under this act:

(a) an agent or employee of any registered manufacturer, distributor, or dispenser of any dangerous drug if he is acting in the usual course of his business or employment;

(b) a common or contract carrier or warehouseman, or an employee thereof, whose possession of any dangerous drug is in the usual course of business or employment;

(c) an ultimate user or a person in possession of any dangerous drug pursuant to a lawful order of a practitioner or in lawful possession of a Schedule V drug;

(d) officers and employees of the state or a political subdivision of the state, while acting in the course of their official duties.

(6) The board may *have* the establishment of a registrant or applicant for registration *inspected*."

Section 7. Section 54-317, R.C.M. 1947, is amended to read as follows:

**"54-317. Manufacturers and distributors registered unless against public interest — factors considered — practitioners' authority — research with Schedule I drugs — federal registration.**

(1) The board shall register an applicant to manufacture or distribute dangerous drugs included in sections 54-305, 54-307, 54-309, 54-311 and 54-313 unless it determines that the issuance of that registration would be inconsistent with the public interest. In determining the public interest, the board shall consider the following factors:

(a) maintenance of effective controls against diversion of dangerous drugs into other than legitimate medical, scientific, or industrial channels;

(b) compliance with applicable state and local law;

(c) any convictions of the applicant under any federal and state laws relating to any dangerous drug;

(d) past experience in the manufacture or distribution of dangerous drugs, and the existence in the applicant's establishment of effective controls against diversion;

(e) furnishing by the applicant of false or fraudulent material in any application filed under this act;

(f) suspension or revocation of the applicant's federal registration to manufacture, distribute, or dispense dangerous drugs as authorized by federal law; and

(g) any other factors relevant to and consistent with the public health and safety.

(2) Registration under subsection (1) does not entitle a registrant to manufacture and distribute dangerous drugs in Schedule I or II other than those specified in the registration.

(3) Practitioners shall be registered to dispense any dangerous drugs or to conduct research with dangerous drugs in Schedules II through V if they are authorized to dispense or conduct research under the laws of this state. The board need not require separate registration for practitioners engaging in research with non-narcotic dangerous drugs in Schedules II through V where the registrant is already registered under this act in another capacity. Practitioners registered under federal law to conduct research with Schedule I drugs may conduct research with Schedule I drugs within this state upon furnishing the board evidence of that federal registration.

(4) Compliance by manufacturers and distributors with the provisions of the federal law respecting registration (excluding fees) entitles them to be registered under this act."

Section 8. Section 54-318, R.C.M. 1947, is amended to read as follows:

"54-318. **Suspension or revocation of registration — grounds.** (1) A registration under section 54-316 to manufacture, distribute, or dispense a dangerous drug may be suspended or revoked by the board upon a finding that the registrant:

(a) has furnished false or fraudulent material information in any application filed under this act;

(b) has been convicted of a felony under any state or federal law relating to any dangerous drug or controlled substance; or

(c) has had his federal registration suspended or revoked to manufacture, distribute, or dispense controlled substances.

(2) The board may limit revocation or suspension of a registration to the particular dangerous drug with respect to which grounds for revocation or suspension exist.

(3) If the board suspends or revokes a registration, all dangerous drugs owned or possessed by the registrant at the time of suspension or the effective date of the revocation order may be placed under seal. No disposition may be made of drugs under seal until the time for taking an appeal has elapsed or until all appeals have been concluded unless a court, upon application therefor, orders the sale of perishable drugs and the deposit of the proceeds of the sale with the court. Upon a revocation order becoming final, all dangerous drugs may be forfeited to the state.

(4) The board shall promptly *cause* the bureau *to be notified* of all orders suspending or revoking registration and all forfeitures of dangerous drugs."

Section 9. Section 54-319, R.C.M. 1947, is amended to read as follows:

**"54-319. Procedure for denial, suspension, revocation or refusal to renew registration.** (1) Before denying, suspending or revoking a registration, or refusing a renewal of registration, the board shall *cause to be served* upon the applicant or registrant an order to show cause why registration should not be denied, revoked, or suspended, or why the renewal should not be refused. The order to show cause shall contain a statement of the basis therefor and shall require the applicant or registrant to appear before the board at a time and place not less than thirty (30) days after the date of service of the order, but in the case of a denial or renewal of registration the show cause order shall be served not later than thirty (30) days before the expiration of the registration. These proceedings shall be conducted without regard to any criminal prosecution or other proceeding. Proceedings to refuse renewal of registration shall not abate the existing registration which shall remain in effect pending the outcome of the administrative hearing.

(2) The board may suspend, without an order to show cause, any registration simultaneously with the institution of proceedings under section 54-317 or where renewal of registration is refused, if it finds that there is an imminent danger to the public health or safety which warrants such action. The suspension shall continue in effect until the conclusion of the proceedings, including judicial review thereof, unless sooner withdrawn by the board or dissolved by a court of competent jurisdiction."

(2) In emergency situations, as defined by rule of the board, Schedule II drugs may be dispensed upon oral prescription of a practitioner, reduced promptly to writing and filed by the pharmacy. Prescriptions shall be retained in conformity with the requirements of section 54-319. No prescription for a Schedule II drug may be refilled.

(3) A dangerous drug included in Schedule III or IV, which is a prescription drug as determined under the federal or Montana food, drug and cosmetic acts shall not be dispensed without a written or oral prescription of a practitioner. The prescription shall not be filled or refilled more than six (6) months after the date thereof or be refilled more than five (5) times, unless renewed by the practitioner.

(4) A dangerous drug included in Schedule V shall not be distributed or dispensed other than for a medical purpose."

(2) The board shall encourage research on misuse and abuse of dangerous drugs. In connection with the research, and in furtherance of the enforcement of this act, it may:

(a) establish methods to assess accurately the effects of dangerous drugs and identify and characterize those with potential for abuse;

(b) make studies and undertake programs of research to:

(i) develop new or improved approaches, techniques, systems, equipment and devices to strengthen the enforcement of this act;

(ii) determine patterns of misuse and abuse of dangerous drugs and the social effects thereof; and

(iii) improve methods for preventing, predicting, understanding and dealing with the misuse and abuse of dangerous drugs; and

(c) *request the department to enter into contracts with public agencies, institutions of higher education, and private organizations or individuals for the purpose of conducting research, demonstrations, or special projects which bear directly on misuse and abuse of dangerous drugs.*

(3) The board may authorize persons engaged in research on the use and effects of dangerous drugs to withhold the names and other identifying characteristics of individuals who are the subjects of the research. Persons who obtain this authorization are not compelled in any civil, criminal, administrative, legislative, or other proceeding to identify the individuals who are the subjects of research for which the authorization was obtained.

(4) The board may authorize the possession and distribution of dangerous drugs by persons engaged in research. Persons who obtain this authorization are exempt from state prosecution for possession and distribution of dangerous drugs to the extent of the authorization."

"66-510. **Refusal and revocation of license — proceedings — reinstatement.** (1) The board may *revoke or* refuse to grant a license to practice chiropractic in this state, or may cause a *licensee's* name to be removed from the records in the office of the *clerk and* recorder in this state *on* the following grounds: The employment of fraud or deception in applying for a license or in passing an examination *under* this act; practice of chiropractic under a false or assumed name or the impersonation of another practitioner of like or different name; conviction of a crime involving moral turpitude; *or* habitual intemperance in the use of *alcohol*, narcotics, or stimulants to such an extent as to incapacitate him for the performance of *his* professional duties. A person who is a *licensee*, or an applicant for a license to practice chiropractic, against whom grounds for revoking or refusing a license is presented to *the* board with a view of having the board revoke or refuse to grant a license, shall have *notice and* a hearing before *the* board in respecting the guilt or innocence of *the person*.

(2) *The* board may within two (2) years of the refusal, revocation, or cancellation of registration under this section, by a majority vote, *authorize the department to* issue a new license or grant a license to the person affected, restoring him to or conferring *on* him the rights and privileges of the practice of chiropractic. A person to whom *these* rights and privileges have been restored shall pay to the *department* the sum of fifty dollars (\$50) *on* issuance of a new license."

Section 52. Section 66-511, R.C.M. 1947, is amended to read as follows:

"66-511. **Recordation of license — failure or refusal to record.** (1) A person who *receives* a license from the *department* shall have it recorded in the office of the *clerk and* recorder of the county of which he resides, and shall have it recorded in the counties to which he subsequently *moves* for the purpose of practicing chiropractic.

(2) The failure or refusal on the part of the holder of a license to have it recorded before he *practices* chiropractic in this state, after having been notified by the *department* to do so, *is* sufficient grounds to revoke or cancel a license and render it void. The *clerk and recorder* shall keep for public inspection, in a book provided for that purpose, a complete list and description of the licenses recorded by him. When *a license is* presented to him for record, he shall stamp *on its* face his signed memorandum of the date when *the* license was presented for record."

The student teachers may not substitute for full-time teachers.

(8) No school for teaching cosmetology *may* be granted a certificate of registration unless it complies, or can comply, with the following requirements:

"66-805. **Meeting — officers to be selected.** The board shall annually, before March 1, elect from *its* number a president, vice-president, and secretary-treasurer."

Section 67. Section 66-806, R.C.M. 1947, is amended to read as follows:

"66-806. **Power of board to adopt rules and to approve price agreements.** (1) The board *may* approve price agreements among licensed practitioners and students in beauty schools, *by which* minimum prices for hairdressing and beauty culture are established by explicit written agreement signed and executed by at least seventy-five *percent (75%)* of the practitioners in *a county in this state*, and submitted to the board by *the* signing group over *their* signatures of all thereof. *Beauty* schools shall charge for students' work not less than fifty *percent (50%)* of the established minimum prices, as determined and approved by seventy-five *percent (75%)* of the practitioners in *the* area. *On receipt of the* price agreements, the board shall investigate the reasons *for it* and the justification *for the* agreement. *If* the board, in its discretion, concludes that the price agreement is just and under the conditions obtaining for the particular territory involved, will best protect the public health and safety by affording a sufficient minimum price for hairdressing and beauty culture to enable the practitioners to furnish modern and healthful services, and appliances to minimize danger to the public health, the board may approve *the* agreements for the term proposed or for *a* shorter term as the board *considers* proper.

(2) The board *may* also consider separately the petition of an incorporated town or city, when accompanied by the signatures of at least two-thirds ( $\frac{2}{3}$ ) of the licensed practitioners in *the* town or city and the board may approve, if necessary, according to the purpose of this *chapter*, changes in existing price agreements or establish new agreements, when approved by seventy-five *percent (75%)* of the licensed practitioners within *the* town or city. *Other* communities and territory adjacent to *a* town or city and other areas in the county shall abide by the rules and agreements prescribed for that particular county. *For the purpose of this subsection, a city or town includes, in addition to the territory lying within its legal boundaries, the territory adjacent to it and lying within three (3) miles of the legal boundaries, in any direction.*

(3) In determining whether *a* price agreement is necessary and just,

and will protect the public health and safety, the board shall give consideration to all conditions affecting hairdressing and the beauty culture art, as practiced, in its relation to public health and safety, and also to the necessary costs incurred in the particular territorial area in maintaining shops or parlors in sanitary and attractive condition. The board shall, on its own initiative, *request the department to, and the department shall* investigate conditions existing in the practice of cosmetology throughout the state, and shall establish new or modify existing minimum prices *when it appears that this action is* in the best interests of public health and safety and in keeping with the purposes and objectives of this act. In no event *may a* minimum price agreement or standard be established, approved, modified, or abolished, except after public hearing. *Notice of the hearing and the purpose, time, and place thereof shall* be mailed by the *department* to every licensed practitioner in the area affected, as *it appears in* the records of the *department*, and *it* shall be published at least once in a newspaper of general circulation which the board *considers* most likely to give notice to the public, *the* mailing and publication to be done not less than ten (10) days prior to the hearing.

(4) The price agreement, as proposed or modified by the board, shall be put into effect by order of the board, which shall plainly state the minimum price for all work usually performed in a beauty shop or parlor in the county, city, or town in which the price agreement has been signed, and for which it is effective, and thereafter no person subject to this act *may* advertise or sell service for less than the minimum price *in* the area for which *the* price was established. If the board either *on* petition of two-thirds (2/3) of the signatories to *the* price agreement, or *on* the board's initial motion, finds that the minimum prices fixed by its order are insufficient or improperly adjusted to provide healthful services to the public and keep the shops and parlors in a safe, sanitary, and attractive condition, *it may* modify *the* minimum prices by prescribing increases, adjustments, or decreases, if necessary, best calculated to realize *the* objectives.

(5) The board shall prescribe rules for the conduct of its business; the qualification, examination, and registration of applicants to practice or teach cosmetology; applicants for manager-operator licenses; the regulation and instruction of apprentices and students; the conduct of schools of cosmetology for apprentices and students; and generally for the conduct of the persons, firms, or corporations affected by this act.

"66-807. **Registration — licenses.** If the board finds that an applicant for examination, or for certificate of registration, has complied with the requirements of this act and has paid the required fee, the board shall admit *the* applicant to examination and shall *authorize the department* to issue a license or certificate of registration to those who have successfully passed *the* examination or are entitled to *the* certificate of registration *under this act."*

(2) *Physically handicapped persons trained for cosmetology by the department of social and rehabilitation services shall, for a period of one (1) year immediately following their graduation, be exempt from the examination and the fees described in section 66-815. On certification from the department of social and rehabilitation services that a department of social and rehabilitation services beneficiary has successfully completed the required apprenticeship or training in a shop or beauty school, the department shall issue the person the necessary certificate or license to practice the profession in this state."*

All *fees collected by the department under this act* shall be deposited in the earmarked revenue fund for the use of the board, *subject to section 82A-1603(6).*"

However, the board may not refuse to authorize the department to issue or renew a license, or revoke or suspend a license already issued, until after notice and opportunity for a hearing."*

"66-813. **Inspector of beauty parlors.** The *department* shall appoint one (1) or more inspectors who are licensed to practice under this act, each of whom shall devote his time to inspecting beauty parlors and performing other duties as the *department* may direct. *The* inspectors may enter a beauty parlor or school of cosmetology during business hours for the purpose of inspection, and the refusal of a licensee to permit *the* inspection during business hours *is* cause for revocation of *the* license."

Section 74. Section 66-815, R.C.M. 1947, is amended to read as follows:

"66-815. **Fees.** *Fees* for licenses and certificates of registration shall be paid to the *department* not to exceed the following respective amounts prescribed by the board. (1) A student enrolling in a registered cosmetology school shall pay a registration fee of three dollars and fifty cents (\$3.50) to the *department*.

"66-906. **Certificate to be registered in counties where practicing — replacing lost certificates — admission of dentists from other states — reciprocity — annual license fee — inactive fee — due date of annual fee — revocation of license for failure to pay.** (1) The certificate *under* this act *entitles* the holder to practice dentistry in any county in *this* state, *if the* certificate *is* first filed for registration and registered in the office of the county recorder of the county in which *the* holder desires to practice. *This act does not* permit a holder of a certificate to practice in a county in this state unless *the* certificate *has* been first registered in the office of the recorder of *the* county. A holder of a certificate may practice in more than one (1) or in any number of counties in this state on having *the* certificate registered in each of *the* counties in which *the* holder desires to practice. *The department* shall, *on proof* satisfactory to the board of the loss of a certificate issued under this act, issue a duplicate certificate, and a fee of ten dollars (\$10) shall be charged for issuing *the* certificate.

(2) A dentist who has been lawfully licensed to practice in another state or territory which has and maintains a standard for the practice of dentistry or dental surgery which in the opinion of the board is equal to that at the time maintained in this state; who is a graduate of an accredited four (4) year high school or has actual scholastic credits equivalent to a four (4) year high school course; who is a graduate of a recognized dental school or college; who has been lawfully and continuously engaged in the practice of dentistry for five (5) years or more immediately before filing his application to practice in this state; and who *deposits* in person with the *department* an attested certificate from the examining board of the state or territory in which he is registered or licensed, certifying to the fact of his registration and license and of his being a person of good moral character and of professional attainments, may, *on* the payment of a fee of fifty dollars (\$50) and after satisfactory practical examination demonstrating his proficiency, be granted a license to practice dentistry in this state, without being required to take an examination in theory. *However*, no license *may* be issued without an examination in theory to an applicant, unless the state or territory from which *the* certificate has been granted to *the* applicant *extends* a like privilege to engage in the practice of dentistry to dentists licensed by this state, *who move* to *the* other state. *The* board *may* enter into reciprocal relations with similar boards of other states whose laws are practically identical with this act.

(3) A licensed dentist practicing within *this* state shall *annually* pay before March 1, to the *department*, as a license fee for the year, the sum of ten dollars (\$10). *The* board *may* increase or decrease the annual license fee to maintain in the earmarked fund, at all times, an amount to be known as the emergency fund to be used for the purpose of administering, policing, and enforcing this act. *The* emergency fund *shall* be maintained at an approximate level of two thousand five hundred dollars (\$2,500). (5) In case of default in payment of *the* annual license fee by *a* dentist, his license shall be revoked by the board *on* thirty (30) days' notice given to the delinquent of the time and place of considering *the* revocation. A registered letter addressed to the last known address of the party failing to comply with this requirement, as *the* address appears *on* the records of the *department* constitutes sufficient notice of revocation of license, but no license *may* be revoked for nonpayment if the dentist notified *pays* *the* license fee plus *a* late payment penalty of three dollars (\$3) before or at the time fixed for consideration of revocation. The *department* *may* maintain in the name of *this* state a suit to collect license fees and penalties applicable and to recover from the delinquent dentist the cost of *the* action, including reasonable attorneys' fees.

(6) No license fee or tax *may* be imposed on dentists by a municipality or any other subdivision of the state."

The board may examine and scrutinize the hospital records and reports of *a* licensee as part of *the* examination and copies of *these* shall be released to the board on written request. If the board has reasonable cause to believe that *this* probability exists, the *department* shall mail to *the* person, at his last address of record with the *department*, a specification of the charges against him, together with a written citation of the time and place of *the* hearing *on it*, advising him that he may be present in person, and by counsel if he so desires, to offer evidence and be heard in his defense. *The* time fixed for *the* hearing shall not be less than thirty (30) days from the date of mailing the notice.

(4) The *department* in cases of revocation, suspension, or probation shall enter in its records the facts of *the* action, and of subsequent action of the board with respect to *it*.

(5) *On* the expiration of the term of suspension, the licensee shall be reinstated by the board, *if he furnishes* the board with evidence that he is then of good moral character and conduct and restored to good health and that he has not practiced medicine in this state during the term of suspension. If *the* evidence fails to establish to the satisfaction of the board that the holder is then of good moral character and conduct or if not restored to good health or if *the* evidence shows he has practiced medicine in this state during the term of suspension, the board shall revoke the license at a hearing, *with* notice and the procedure provided *in subsection (1) of this section*. (2) A person presenting, or attempting to file as his own, the diploma, license, certificate, or credentials of another, or who *gives* false or forged evidence to the board, *a member of the board, or the department*, in connection with an application for a license to practice medicine, or who *practices* medicine under a false or assumed name, or who falsely *imersonates* another licensee, *is* guilty of a felony, and *on* conviction shall be *imprisoned* in the state penitentiary for a term of not less than one (1) year or more than ten (10) years."

If a person licensed to practice medicine absents himself from the state for a period of one (1) or more years, or does not engage in active practice *in this state*, he may continue his license in good standing by the payment of five dollars (\$5) each year, or at the discretion of the board, he may be reinstated *on* the payment of a fee of five dollars (\$5) for each year of absence or inactive practice.

(2) *The* annual payments for registration shall be made prior to April 1, and a receipt acknowledging payment of the annual registration fee shall be issued by the *department*. The *department* shall mail registration notices, at least sixty (60) days before *the* registration is due. In case of default in the payment of the annual registration fee by a person licensed to practice medicine who is actively practicing medicine *in this state*, his underlying certificate to practice medicine may be revoked by the board *on* thirty (30) days' notice given to the delinquent of the time and place of considering *the* revocation. A registered or certified letter addressed to the last known address of the person failing to comply with the requirements of annual registration, as *the* address appears *on* the records of the *department*, constitutes sufficient notice of intention to revoke his underlying certificate. No certificate *may* be revoked for nonpayment if the person authorized to practice medicine, and notified, *pays the* annual registration fee before or at the time fixed for consideration of revocation together with a delinquency penalty of ten dollars (\$10). *The department* may collect *the* dues by an action at law.

In the case of a deficiency the reserves *in this account* in the earmarked revenue fund may be used *on* approval by the *department of administration* and the governor."

Section 112. Section 66-1045, R.C.M. 1947, is amended to read as follows:

**"66-1045. Injunctive relief — manner of charging violation of act.** The board, notwithstanding any other provision in this act, may maintain an action to enjoin a person from engaging in the practice of medicine, until a license to practice medicine *is* procured. A person who has been enjoined *and* who *violates the* injunction *is punishable* for contempt of

court. *The injunction does not relieve the person practicing medicine without a license from a criminal prosecution. The remedy by injunction is in addition to remedies provided for the criminal prosecution of the offender. In charging a person in a complaint for injunction or in an affidavit, information, or indictment with a violation of this law by practicing medicine without a license, it is sufficient to charge that he did, on a certain day and in a certain county, engage in the practice of medicine, not having a license to do so, without averring further or more particular facts concerning the violation.*"

The department may employ legal counsel to prosecute these actions. In these actions, and on notice and hearing, an order or judgment may be entered awarding a temporary restraining order or final injunction as considered proper by the judge of the district court in the county where the violation occurred. This chapter does not apply to physicians and surgeons authorized to practice under the laws of this state nor to a person employed in the office of and acting under the direct personal supervision of a physician or surgeon, nor to a person excepted from this chapter by section 66-1316.*

Examinations* shall be practical in character and *designed* to ascertain the applicant's fitness to practice the profession of optometry, and shall be conducted in the English language. The *department* shall publish and distribute the examination requirements for a certificate to practice optometry in *this* state. The board may accept the grades an applicant has received in the written examinations given by the national board of examiners in optometry.

(2) No person *is* eligible to take *the* examination *unless he* is eighteen (18) years of age, a citizen of the United States, and of good moral character.

A person licensed, *who moves* from one county to another in this state, shall, before engaging in the practice of optometry in *the* other county, obtain from the county clerk and recorder of the county in which *the* certificate of registration is recorded a certified copy of *the* record, or else obtain a new certificate of registration from the *department* and shall before commencing practice in *the* county, file the *certificate* for record with the county clerk and recorder of the county to which he *moves*, and pay the county clerk and recorder, for recording *it*, a fee of one dollar (\$1). A failure, neglect, or refusal on the part of a person holding *the* certificate or copy of record to file *it* for record, for six (6) months after issuance, *forfeits it*. *The department* is entitled to a fee of one dollar (\$1) for the reissue of a certificate and the county clerk and recorder of a county *is* entitled to a fee of one dollar (\$1) for making and certifying the copy of the record of a certificate."

with this act, and shall pay, to the extent of ten thousand dollars (\$10,000), judgments recovered against him for loss or damage to a person arising in the course of the applicant's practice as a real estate broker or salesman. Bonds given by licensees under this act, after approval, shall be filed and held in the office of the *department*. If for a reason the bond of any broker or salesman is canceled or voided, the license of the broker or salesman is automatically suspended until the broker or salesman is again fully bonded and the bond has been approved by the board. The board may authorize the department to license a nonresident broker without examination, if he files with the department an authorized or certified copy of the license issued to the nonresident for conducting this business in another state, and by paying to the department the same license fee as is required for obtaining a broker's license in this state. The board may, in its discretion, refuse to authorize the department to issue a broker's license to an applicant who is not a resident of this state.*

(3) A nonresident broker shall file an irrevocable written consent that legal actions arising out of a commenced or completed transaction may be commenced against *the nonresident broker in a county of this state which may be appropriate and designated by section 93-2904; and the consent shall provide that service of summons in this action may be served on the department, for and on behalf of the nonresident broker, and this service is sufficient to give the court jurisdiction over the nonresident broker and his salesman or agent conducting a transaction in a county. (3) Certificates of authority *are* valid for one (1) year from the date of *issuance* and shall be renewed by *the department* on application within thirty (30) days prior to expiration *and on* payment of five dollars (\$5) to the *department*. *The application shall be accompanied by an affidavit and such other evidence considered necessary, showing that the applicant has complied with this act.*

(4) The certificate of authority issued by *the department* shall, among other things, recite that the bond or other securities have been filed and approved, and *the certificate authorizes* the person, firm, or corporation, named in it, to engage in and carry on the business of an abstracter of real estate titles in the county or counties of *this* state, in which *the* person, firm, or corporation has for use a set of abstract books or system of indices provided for in section 66-2101, and for that purpose to have access to the public records in *an* office of *a* city, county, or of the state during office hours, and to make memoranda or notation therefrom as may be necessary for the purpose of making abstracts, and the compiling, posting, copying, and keeping up of their abstract books, indices, or records, access to be during ordinary office hours."

No person, firm, or corporation is required to have in effect with the department, valid bonds in excess of the penal sum of five thousand dollars (\$5,000).*

(2) *Instead of the bond the applicant may deposit with the state treasurer public bonds or other securities as the board prescribes, approves, and considers sufficient to insure the payment of the penal sum of five thousand dollars (\$5,000). The securities deposited may be exchanged, with the approval of the board, for other securities. The party depositing the securities shall receive the interest and dividends on the securities deposited. The securities shall be subject to sale and transfer and to the disposal of the proceeds by the board only on the order of a court of competent jurisdiction, and for the benefit of persons aggrieved as in this section provided. The board *may* also cancel and revoke a certificate of authority issued to a person, firm, or corporation under this act for failure to furnish the bond or other securities required by section 66-2113, or new or additional bonds the board *considers* necessary, or for failure to maintain indices and abstract records, or for failure to have in charge of the business a registered abstractor, or for violation of this act.

(2) *On a verified complaint being filed with the department charging the holder of a certificate of registration with a violation of any of the provisions of subsection (1) of this section the board shall require the holder of the certificate to appear before it on a day fixed by the board, to show cause why the certificate should not be canceled."*

Section 204. Section 66-2201, R.C.M. 1947, is renumbered 82A-1602.24, and is amended to read as follows:

**"82A-1602.24. Board of veterinarians — appointment — qualifications — term — removal.** (1) There is a board of veterinarians.

(2) *The board consists of five (5) members appointed by the governor. The Montana state veterinary medical association shall, at each annual meeting, nominate twice the number of board members to be appointed that year. The names of these nominees shall be annually transmitted, under seal, to the governor before July 1. The governor shall, before August 1, appoint from this list the board members to fill the vacancies that will occur July 31. If no nominee has the required qualifications to be on the board, the governor may appoint any licensed and registered veterinarian.*

(3) *Each member shall be a reputable licensed veterinarian who has graduated from a college authorized by law to confer degrees, and have educational standards equal to those approved by the American veterinary medical association. Each member shall have actually and legally practiced veterinary medicine in either private practice or public service in this state for at least five (5) years immediately before his appointment.*

(4) *Each member shall serve for a term of five (5) years. The governor may, after notice and hearing, remove a member for misconduct, incapacity, or neglect of duty."*

Section 205. There is a new section to be numbered 66-2201.1, R.C.M. 1947, which reads as follows:

66-2201.1. **Definitions.** Unless the context requires otherwise, in this act:

(1) "Board" means the board of veterinarians, provided for in section 82A-1602.24; and

(2) "Department" means the department of professional and occupational licensing, provided for in Title 82A, chapter 16.

Section 206. Section 66-2202, R.C.M. 1947, is amended to read as follows:

**"66-2202. Organization of board — quorum — powers.** (1) *A board member shall receive a certificate of appointment from the governor.*

(2) *The board shall annually elect from its members a president, vice-president, and secretary-treasurer, and shall hold at least two (2) regular meetings each year. At a meeting three (3) members of the board constitute a quorum. If a member of the board, without cause, absents himself from two (2) of its regular meetings consecutively, his office is vacant.*

(3) *The board may adopt rules and orders necessary for the performance of its duties; prescribe forms for application for examination and license; prepare examinations and the department shall, subject to section 82A-1603, supervise the examination of applicants for license to practice veterinary medicine; obtain the services of professional examination agencies instead of its own preparation of examinations; and grant and revoke licenses.*

(4) *The department may employ attorneys, subject to the approval of the attorney general, to assist county attorneys in prosecutions brought*

under this chapter in the respective district courts of the state or to assist the attorney general in representing the board before the supreme court."

Section 207. Section 66-2203, R.C.M. 1947, is amended to read as follows:

"66-2203. **Expenses and funds — records and reports.** (1) Each member of the board *is* entitled to receive necessary traveling and subsistence expenses.

(2) The *department* shall keep complete *records of the board's* proceedings and of its receipts and disbursements and a full and accurate list of persons licensed and registered by *the board*. *These records are* public records, and *are* at all times open to public inspection.

(3) *Money received under this act* shall be deposited in the earmarked revenue fund for the use of the board, *subject to section 82A-1603(6).*"

Section 208. Section 66-2204, R.C.M. 1947, is amended to read as follows:

"66-2204. **Applications for license to practice — examinations — fees.** (1) A citizen of the United States desiring to begin the practice of veterinary medicine or veterinary surgery in *this state*, or who *desires* to hold himself out to the public as a practitioner of veterinary medicine or veterinary surgery, except as provided in section 66-2211, shall make application to *the department* for a license to do so. *The* application shall be *on* a form furnished by *the department*, and shall be accompanied by satisfactory evidence of the good moral character of the applicant, and shall present evidence of his having graduated in and received a degree from a legally authorized veterinary medical school having educational standards equal to those approved by the American veterinary medical association. On application, a photostatic copy of the diploma of *the* applicant shall be submitted to *the department* for inspection and verification. *The* photostatic copy *remains* the property of the *department*. A person applying for a license to practice shall pay to the *department* a fee of twenty-five dollars (\$25), which *may not* be refunded. *Subject to section 82A-1603, the board* shall, by means of examination, either oral, written or practical, or a combination of oral, written or practical as the board *determines*, ascertain the professional qualifications for license of applicants under this act. An investigation under reciprocity arrangements may replace examination for licensees from other states *under* section 66-2208. *The department* shall issue a license to all who are found to be, in the judgment of *the board*, competent to practice. A license *may not* be issued to a person who is not found by *the* examination or investigation to be competent.

(2) *The* examination shall be held in January and June of each year at a time and place specified by *the board*. *The* examination shall cover theory and practice, *pharmacology* and therapeutics, *animal* sanitation, surgery, communicable diseases, and other subjects, chosen by the board, *which* are ordinarily included in the curriculum of a school of veterinary medicine recognized and approved by the American veterinary medical association.

(3) *The department shall consecutively number applications received and note on each the disposition made of it and preserve them for reference, and shall number consecutively licenses issued.*

(4) *Applicants must achieve a grade of seventy percent (70%) in all subjects in order to obtain a license. An applicant who has failed an examination may apply to be re-examined at a subsequent examination, and shall pay another application fee in the amount of twenty-five dollars (\$25), and shall take another complete examination in all subjects.*

(5) *An applicant for examination may, in the discretion of the board, be given a temporary permit to practice veterinary medicine prior to taking the examination, if the applicant is employed by and working under the supervision of and in the same office with a veterinarian licensed under this act. The temporary permit is valid only until the date of the next examination. Under no circumstances may a second temporary permit be issued to the same person. A temporary permit may not be issued to a person who has failed an examination given under this section."*

Section 209. Section 66-2207, R.C.M. 1947, is amended to read as follows:

**"66-2207. Issuance, registration and reinstatement of licenses. (1)** The board *shall*, at the conclusion of a regular examination or after investigation under the reciprocity arrangements of section 66-2208, if in its judgment the applicant is qualified, *authorize the department to issue a license to practice veterinary medicine.*

(2) Every license granted shall be issued under seal, and shall be signed by the president and secretary-treasurer of the board, and shall state that the licensee has given satisfactory evidence of fitness as to age, character, veterinary medical education, and other matters required by law, and that after full examination or investigation under reciprocity arrangements he has been found qualified to practice.

(3) A person licensed to practice veterinary medicine in this state shall procure from the *department* before July 1, annually, his certificate of registration. The certificate shall be issued by the *department* on the payment of a fee to be fixed annually by the board, not exceeding the sum of ten dollars (\$10). The certificate is prima facie evidence of the right of the holder to practice veterinary medicine in this state during the time for which it is issued. Failure of a person licensed to procure a certificate of registration before July 1 annually constitutes a forfeiture of the license held by the person. A person who has thus forfeited his license may have it restored to him by making written application for restoration within one (1) year of the forfeiture setting forth the reasons for failure to procure the certificate of registration at the time specified and accompanied by payment of the registration fee *provided for in this section* and an additional restoration fee not in excess of ten dollars (\$10) as the board requires. The person making application for restoration of license within one (1) year of its forfeiture is not required to submit to examination.

(4) Notwithstanding any other provisions in this chapter, a person

licensed who enters, or is called to active duty by, a branch of the armed services of the United States is entitled to receive automatic registration of his license during the period of his duty with the armed services. *However*, within one (1) year after release or discharge from duty in the armed services he shall procure a certificate of renewal from the department and pay the regular fee. Failure to procure the certificate of renewal within one (1) year after release or discharge is the equivalent of a failure to procure a certificate of registration before July 1 of any year, and the same forfeiture and restoration requirements apply.

(5) A person licensed shall at all times have his residence and office address on file with the department."

Section 210. Section 66-2208, R.C.M. 1947, is amended to read as follows:

**"66-2208. Display of license and certificate — arrangement with other boards.** (1) A person *may not* practice veterinary medicine in this state without possessing and displaying prominently in his principal office a license and a current and valid certificate of registration issued under this act.

(2) The board may make arrangement with similar boards in the several states *insofar* as practicable, whereby due credit for state and territorial licenses *may* be allowed in this state to the licensees of these boards who desire to secure a license to practice veterinary medicine in this state, and by which licensees of the board in this state *may* secure credit for license issued by this board, when the licensees desire to secure a license to practice another state or territory. No arrangement *may* be made under this section which *may* lower the standard of practice of veterinary medicine in this state. The board may, if necessary, require an examination of applicants for a license from other states after a careful consideration of the credentials from these states. The board shall establish methods and procedures for investigation of applicants for a license by reciprocity. No license *may* be issued as a result of reciprocity between the states to an applicant unless he has been lawfully and continuously in practice as a licensed veterinarian for at least one (1) year in the state from which he applies immediately preceding the date of his application for a license to practice in this state."

Section 211. Section 66-2209, R.C.M. 1947, is amended to read as follows:

**"66-2209. Veterinary medicine defined.** (1) A person is considered practicing veterinary medicine when he does any of the following:

(a) Represents himself as or is engaged in the practice of veterinary medicine in any of its branches either directly or indirectly.

(b) Uses words, titles, or letters in this connection or on a display or advertisement or under circumstances so as to induce the belief the person using them is engaged in the practice of veterinary medicine. This use is prima facie evidence of the intention to represent oneself as engaged in the practice of veterinary medicine in any of its branches.

(c) Diagnoses, prescribes, or administers a drug, medicine, appliance,

application, or treatment of whatever nature, or performs a surgical operation or manipulation, for the prevention, cure, or relief of a pain, deformity, wound, fracture, bodily injury, physical condition, or disease of animals.

(d) Instructs, demonstrates, or solicits, by *a* notice, sign, or other indication, with contract either express or implied, or otherwise, with or without the necessary instruments for the administration of biologics or medicines or animal disease cures for the prevention and treatment of disease of animals and remedies for the treatment of internal parasites in animals.

(e) Performs *a* manual or laboratory procedure for the diagnosis of pregnancy, sterility, or infertility *on* livestock for remuneration or hire.

(2) *A person may not practice veterinary medicine or veterinary surgery in this state unless licensed, and registered as required by this chapter; nor may a person practice veterinary medicine or surgery whose authority to practice is suspended or revoked by the board."*

Section 212. Section 66-2210, R.C.M. 1947, is amended to read as follows:

**"66-2210. Refusal, suspension, and revocation of license and certificate.** (1) The board may either refuse to *grant* a license or refuse to *grant* a certificate of registration or suspend or revoke a license and certificate of registration *on* any of the following grounds:

(a) Fraud or deception in procuring the license.

(b) The publication or use of *an* untruthful or improper statement, or representation with the view of deceiving the public, or *a* client or customer in connection with the practice of veterinary medicine.

(c) The conviction of a felony as shown by a certified copy of the record of the court of conviction.

(d) Habitual intemperance in the use of intoxicating liquors, or habitual addiction to the use of morphine, cocaine, or other habit-forming drugs, or conviction of a violation of *a* federal or state law relating to narcotic drugs.

(e) Immoral, unprofessional, or dishonorable conduct manifestly disqualifying the licensee from practicing veterinary medicine.

(f) Gross malpractice, including failure to furnish to the board, *on* written application by it, *a* report or information relating thereto.

(g) The employment of unlicensed persons to perform work which under this chapter can lawfully be done only by persons licensed to practice veterinary medicine.

(h) Fraud or dishonest conduct in applying or reporting diagnostic biological tests or in issuing health certificates.

(i) Failure to keep one's premises in a clean and sanitary condition.

(j) Violation of this act or of the rules or orders *of* the board.

(k) Revocation by proper authorities for any of the above reasons of a license issued by *another* state.

(2) The board may neither refuse to issue a license or certificate of registration nor suspend or revoke a license and certificate of registration for any cause, unless the person accused has been given notice and a public hearing by the board."

Section 213. Section 66-2211, R.C.M. 1947, is amended to read as follows:

**"66-2211. Interpretation of statute — persons not embraced within provisions.** This chapter does not apply to:

(1) Veterinarians in the performance of their official duties, either civil or military, in the service of the United States, unless they engage in the practice of veterinary medicine in a private capacity.

(2) Laboratory technicians and veterinary research workers, as distinguished from veterinarians, in the employ of *this* state, or *the* United States, and engaged in labors in laboratories under the direct supervision of the *board of livestock*, Montana state *university* or the United States.

(3) Lawfully qualified veterinarians from other states or a foreign country meeting legally licensed and registered Montana veterinarians in this state in consultation.

(4) A veterinarian residing on a border of a neighboring state and authorized under the laws thereof to practice veterinary medicine therein, who is actually called to attend cases in this state, but who does not open an office or appoint a place to meet patients or receive calls *in* this state, *if* veterinarians licensed and registered in this state are extended a like privilege to engage in the practice of veterinary medicine to the same extent in the neighboring state.

(5) The employment of veterinary medical students who have successfully completed three (3) years of the professional curriculum in veterinary medicine at a college having educational standards equal to those approved by the American veterinary medical association and authorized by law to confer degrees as assistants to veterinarians licensed and registered *under* this chapter. *However, this employment may not be contracted for or entered into except after written application for approval directed to the board and the written grant of approval by the board. This employment may not be for a period in excess of six (6) months from the date of completion of the third year of study.*

(6) The operations known and designated as spaying, castrating, or dehorning of *cattle, sheep, horses, swine and related species* are not the practice of veterinary medicine within the meaning of this chapter.

(7) *This chapter does not prohibit a person from treating his own farm animals or being assisted in this treatment by his employees regularly employed in the conduct of his business, or by other persons whose services are rendered gratuitously in case of emergency.*

(8) *This chapter does not prohibit the selling of veterinary remedies*

and instruments by a registered pharmacist at his regular place of business."

Section 214. Section 66-2326, R.C.M. 1947, is amended to read as follows:

"66-2326. **Definitions.** *Unless the context requires otherwise, in this act:*
